Subject: Cashman denial

On behalf of my family we respectfully ask that you decline cashmans application.
As town residents for 40 years we chose Ledyard for its clean air and community. We are very angry that you would consider putting our children and us at risk from silica particles.
Wd are building a new playground that can potentially kill or harm our children due to the location near cashmans.
Also the impact to our community with noise, traffic, and change of community.
Property values will fall and new families will not want to move in anyway.
You need your think about the long term consequences!
And how can you even think of destroying a historical sight! We should be promoting it!

You are the voice for us. We are telling you NO!!!!!!!!!!!!!!
Concerned resident,
Linda DeRose
