FISCAL YEAR 2024/2025 WORK SESSION
THURSDAY, MARCH 14, 2024 - 12:00 P.M.
HYBRID MEETING FORMAT
VIDEO CONFERENCE & IN-PERSON
COUNCIL CHAMBERS, ANNEX BUILDING

DRAFT

- I. CALL TO ORDER – The Work Session was called to order by Councilor Saccone at 12:00 p.m. at the Town Hall Annex Building, Council Chambers.

Councilor Saccone welcomed all to the Video Conference Meeting; and he noted that the remote meeting information for the Town Council Finance Committee Budget Work Session and members of the Public to participate in this afternoon’s meeting was available on the Agenda that was posted on the Town’s Website – Granicus/Legistar Meeting Portal.

- II. ROLL CALL –

Attendee Name	Title	Status	Location
Jessica Buhle	Town Councilor	Present	In-Person
Tim Ryan	Town Councilor	Present	In-Person
Tony Saccone	Town Councilor	Present	In-Person
S. Naomi Rodriguez	Town Council Chairman	Present	In-Person
Fred Allyn III	Mayor	Present	In-Person
Matthew Bonin	Finance Director	Present	In-Person
Ian Stammel	Assistant Finance Director	Present	In-Person
Patricia Riley	Town Clerk	Present	In-Person
Claudia Sweeney	Registrar of Voters	Present	In-Person
Dianna Mann	Registrar of Voters	Present	In-Person
Earl (Ty) Lamb	Historic District Commission Chairman	Present	In-Person
Scott Johnson, Jr.	Director of Parks & Recreation & Senior Citizens	Present	In-Person
Jennifer Smith	Library Director	Present	In-Person
Justin Dube	MIS Director	Present	In-Person
Roxanne Maher	Administrative Assistant	Present	In-Person

- III. PRESENTATIONS

DEPARTMENTS’ PROPOSED FISCAL YEAR 2024/2025 BUDGET

12:00p.m. Town Clerk Patricia Riley

Department 10110311 Town Clerk

Mayor proposed \$157,087; an increase of \$4,058 or 2.7% over the Fiscal Year 2023/2024 budget.

Year 2024/2025 Budget did not reflect any expenses residing within this Department Budget.

Department 10160101 Parks & Recreation

Mayor proposed \$617,484; an increase of \$20,942 over the Revised Fiscal Year 2023/2024 budget (Senior Citizens & Parks & Recreation Revised Fiscal Year 2023/2024 Budget \$596,808).

Total Parks & Rec CIP	Fiscal Year 2024/2025	\$133,892
----------------------------------	------------------------------	------------------

(See March 7, 2024 Budget Work Session Minutes to be paid from Fund 0203)

1:00 p.m. – Library Director Jennifer Smith

10150101 Library

Mayor proposed \$625,591; an increase of \$28,783 or 4.8% over the Fiscal Year 2023/2024 budget.

➤ **Library Capital Improvement Plan (CIP) Request**

Technology Upgrades	\$4,000
---------------------	---------

The LION Consortium computer replacement program has been discontinued This request is to start a reserve account for future computer purchases on a rotating basis to replace computers that were 10 years old.

Total	Library CIP	Fiscal Year 2024/2024	\$4,000
--------------	--------------------	------------------------------	----------------

1:30 p.m. MIS Director Justin Dube

Department 10112151 Management Information Systems(MIS) Justin Dube

Mayor proposed \$387,818; an increase of \$39,583 or 11.4% over the approved Fiscal Year 2022/2023 budget.

Mr. Dube noted that the MIS Department Budget included contracts/licenses for the various software platforms the town used such as the Munis Financial Software, Granicus/Legistar Meeting Portal; Zoom subscription, a new addition of a Land Use software; and cyber security software along with other operational expenses.

➤ **MIS Capital Improvement Plan (CIP) Requests-**

Computer & Server Replacement Sinking Fund FY23	\$70,000
---	----------

In Fiscal Year 2012-2013 the Computer & Server Replacement Sinking Fund was established for the entire Town Government Organization. This allowed enterprise funding to be available to meet the yearly PC replacement schedule, etc. Increase past allocation by 5% to \$70,000 annual allocation to account for inflationary costs.

Total	MIS CIP	Fiscal Year 2024/2025	\$70,000
--------------	----------------	------------------------------	-----------------

1:15 p.m. Capital Improvement Plan Proposed for Fiscal Year 2024/2025

Councilor Saccone thanked all those in attendance this afternoon to talk about the Fiscal Year 2024/2025 Capital Improvement Plan. He explained thru the American Rescue Act Plan (ARPA) Ledyard would be receiving approximately \$4,327,000, noting that the town would need to have a funding commitment by December, 2024 and fully expend the ARPA Funding by December, 2026. He stated a number of projects have already been completed, noting that some ARPA Projects came in over budget because of the inflationary environment; however, some projects have come in below the allocated ARPA Funding; and that some projects were currently in-progress. He stated as part of the Fiscal Year 2024/2025 Budget Process the Finance Committee would be reviewing the status/progress of the ARPA Projects in an effort to allocate ARPA funding available to support other projects.

The Group proceeded to review the Department’s Capital Improvement Plan requests for Fiscal Year 2024/2025 as follows:

➤ **Board of Education CIP Request**

Bond Projects:

LHS Replacement of the boilers	Scheduled for 2027	\$4,500,000
---------------------------------------	---------------------------	--------------------

Both of the oil boilers at the High School are long past their expected life cycle and also do not meet the modern energy saving criteria. Consideration should be given to replace the entire heating system to a hot water system, eliminating the steam. This should also be tied to the installation of a Building Management System to allow better control of the heating in each space. \$4,500,000. Possible DEEP Grant Funding

LHS Parking Lot Paving	Scheduled for 2029	\$1,500,000
-------------------------------	---------------------------	--------------------

The Ledyard High School parking lot is in need of resurfacing. It ponds water and has multiple cracks and potholes. The District has cut out and replaced small sections that created especially dangerous walking conditions over the past two years. Broken curbing needs to be repaired/replaced.

LHS Windows Replacement	Scheduled for 2026	\$1,600,000
--------------------------------	---------------------------	--------------------

The existing windows are significantly aged, inefficient and at times hard to operate. \$1 This project should be completed prior to the heating and HVAC projects being completed.

LHS Additional Elevator	Grant Funding	\$250,000
--------------------------------	----------------------	------------------

The current access to the lower level of the High School was to stairs. Installing a second elevator to the lower level is recommended. Eligible for Grant Funding

LMS Expand Cafeteria	Scheduled for 2027	\$500,000
-----------------------------	---------------------------	------------------

The design of the LMS cafeteria does not allow for an entire grade level to have lunch as one body. Additional space is needed to alleviate overcrowding and maintain each grade level as a group. Eligible for Grant Funding.

LHS Classroom Air Conditioning	Schedule for 2029	\$6,000,000
---------------------------------------	--------------------------	--------------------

Currently only special needs rooms and computer labs have single unit air conditioning. With the warmer days in the fall and spring along with summer school the high temperatures make keeping students engaged difficult. \$6,000,000

LHS Roof Replacement	Grant Funding	\$4,000,000
-----------------------------	----------------------	--------------------

The Ledyard High School roof will reach the end of its useful life in 2032. To prevent structural damage the roof should be scheduled for replacement.- Eligible for Grant Funding

JWL Window Replacement	Grant Funding	\$600,000
------------------------	---------------	-----------

JWL windows no longer meet the energy standards, creating drafty classrooms and significant heat loss. Eligible for Grant Funding.

JWL Parking Lot	Funding 2029	\$400,000
-----------------	--------------	-----------

The JWL parking lot has deteriorated showing many cracks and potholes. The District has completed some significant patching, but plans need to be made for total replacement.

LHS Media Center Roof Replacement Scheduled for 2028/Grant Funding	\$400,000
--	-----------

The existing roof on the High School Media Center has reached the end of its lifecycle, useful life and has been requiring repairs. To prevent water infiltration this section of the High School Roof should be replaced.

Capital Non-Recurring

LHS Lower Level Restrooms Scheduled for 2029	\$85,000
--	----------

The lower level locker rooms at Ledyard High School are original to the school building (1962 & 1966). These rooms are in desperate need of remodeling. These locker rooms will also service the Emergency Operations Center (EOC) if there was a need to man the Facility for an extended period of time.

LHS Lower-Level Locker Rooms Renovations	\$125,000
--	-----------

This work would be a continuation of the student restroom renovations on the main levels. The project would provide equity to the student athletes that currently do not have access to lockers and restrooms on the lower level.

LHS Classroom Renovation Upgrades:	\$165,000
------------------------------------	-----------

Continue the High School classroom renovation work. The project would include new ceilings, lighting, updated technology, painting and window shades, along with furniture where needed. It is expected that this project has *two years left* to complete. Each year 8 – 10 classrooms were upgraded. (\$165,000 per year).

Ledyard High School Boiler Repairs	\$22,500
------------------------------------	----------

The boilers at the High School require retubing. The yearly inspections found more pitting of the metal and a few of the tubes have failed and were sealed.

LHS Lockers Electrostatic Painting	Not Funded	\$25,000
------------------------------------	------------	----------

The High School Lockers were original to the building (1963-1964) and were in need of rehabilitation. As part of the ongoing school renovation work repainting the existing lockers would be an improvement.

JWL Classroom Renovations	Funding to begin 2026	\$135,000
---------------------------	-----------------------	-----------

Juliet W. Long classroom fixtures were original to the building (1961 & 1964). Ledyard had two brand new schools (Middle School and Gallup Hill School) along with one relatively new school (Gales Ferry School) and on-going renovations of the classrooms at the High School. Need to bring the Juliet W. Long School up to the standards that more closely match the needs of today's learning environment.(Four Year Funding Plan: 2026: \$135,000; 2027: 135,000; 2028: 135,000 – **Total Request: \$405,000**)

JWL Nurses Cabinets	\$8,000
---------------------	---------

Juliet W. Long School Nurses Office currently does not have cabinets. They were using a two-door metal upright cabinet to store materials. The installation of proper cabinets and sink will allow for easier and quicker access to supplies as needed. Easier inventory to prevent over ordering or shortages. This will also allow for better use of the wall space.

LHS Refuge Area		\$15,000
<p>The High School has no communication system from the designated area of refuge to the main fire control station. Anyone needing rescue in an emergency needs to have that information transmitted by word of mouth to the responding fire department. This will install call stations with direct contact at the main fire control panel for two-way communication between disabled individuals and rescue personnel in the event of an emergency.</p>		
LHS Varsity Locker Room Renovation	Funding Scheduled for 2029	\$150,000
<p>The High School Varsity Locker Rooms have not been renovated since installed. These funds would install new wall covering, lockers and benches and provide American Disability Act (ADA) compliant facilities. .</p>		
LHS Athletic Locker Room Renovation	Funding Scheduled for 2029	\$150,000
<p>The High School Athletic Locker Rooms have not been renovated since installed. These funds would install new wall covering, lockers and benches and provide American Disability Act (ADA) compliant facilities. .</p>		
LHS Field Lights Replacement	Not Funded	\$75,000
<p>The current High School Athletic Field Lights will need replacement bulbs and parts. At that point it would be an energy cost saving to upgrade the lights to LED. This will also provide savings in maintenance and the cost of lifts to change the bulbs.</p>		
LHS Gymnasium Bleacher Replacement	Scheduled for 2026	\$125, 000
<p>The existing bleachers are original to the High School (1962-1966) and were not American Disability Act (ADA) compliant. At times the bleachers were not fully extended because they encroach on the court playing area. New bleachers that have the proper safety features to allow partial operation of the bleachers need to be installed.</p>		
LHS Main Gym Divider Replacement	Scheduled for 2027	20,000
<p>High School Gym dividing wall was not being used because it prevented the teacher from monitoring the entire gym during class. Request to replace the dividing wall with a drop down net material to allow visual access to the entire gym.</p>		
LHS Auxiliary Gymnasium	Scheduled for 2028	\$30,000
<p>High School Auxiliary Gym padding has reached the end of its useful life and needed to be replaced.</p>		
LHS Gymnasium Ceiling Repairs	Scheduled for 2027	\$195,000
<p>High School Gym suspended ceiling was damaged and needed to be replaced. This would involve removing the ceiling, the roof deck, and equipment and painting. In addition, this work would also involve some asbestos abatement on the heat piping (\$50,000) Total project cost (\$195,000).</p>		
LHS Auditorium Air Conditioning		\$400,000
<p>High School Auditorium was currently not Air Conditioned. The space was used as the town's only large meeting space and was the only District Facility large enough to accommodate groups of over 300 people.</p>		
GHS Recommissioning		\$72,300
<p>Gallup Hill School - Eversource completed a recommissioning study to determine if there were energy savings that can be gained with adjustments to the HVAC system at GHS. The initial study was paid for 100% by Eversource. The second phase of the project involved a more in-depth study to lay out exactly what needs to be done. The investigation cost for GHS is \$32,700 which would be paid 100% by Eversource if the recommendations are implemented. Eversource would need a 50% deposit or \$16,350 to begin the investigation</p>		

phase which will be refunded if the project moves forward. The initial study has an implementation cost of \$120,500 showing yearly savings of \$30,552. Eversource will pay 40% of the implementation cost bringing the entire Town cost for the project to \$72,300 or a 2.4 year payback period.

LMS Recommissioning \$24,840

Middle School - Eversource completed a recommissioning study to determine if there were energy savings that could be gained with adjustments to the HVAC system at LMS. The initial study was paid for 100% by Eversource. The second phase of the project would involve a more in depth study to lay out exactly what needs to be done. The investigation cost for LMS is \$28,400 which will be paid 100% by Eversource if the recommendations are implemented. Eversource will need a 50% deposit or \$14,200 to begin the investigation phase which will be refunded if the project moves forward. The initial study has an implementation cost of \$41,400 showing yearly savings of \$21,015. Eversource will pay 40% of the implementation cost bringing the entire Town cost for the project at \$24,840 or a 1.2 year payback period.

GFS Playground Surface Funding 2027 \$50,000

Gales Ferry School Playground has poured rubber surfaces that were original to building construction (2001). Currently, the surface was in Fair Condition; however, given their age, and the ten-year timespan of this Capital Request, it is prudent to expect replacement toward the end of the timespan.

JWL Playscape \$50,000 Total Cost \$70,000

One of Juliet W. Long School’s playscapes had sections that have been damaged from wear and tear. This has resulted in closure of portions of the playscape. After consultation with multiple suppliers and determining that the existing unit does not meet safety requirements in some areas, the best option is to replace the entire unit. Fundraising: \$20,000 for total cost of \$70,000.

JWL Playground Pavement Funding 2027 \$70,000

Juliet W. Long playground pavement has many cracks, heaves, and divots; many are becoming tripping/safety hazards. In addition to this, the drainage from the paved areas needs to be addressed, as currently pitch leads toward swing set areas; heavy rains lead to the washing away of playground surface mulching. The age of the pavement is uncertain, but the pavement is likely to be original. Approximate area: 2,800 square yards. Further study is needed to determine scope of work - if removal of existing asphalt will be necessary, or if these issues can be addressed without full scope of removal.

➤ **Operating**

LHS Parking Lot Curb Repairs Five Year Plan \$4,000

The High School has approximately 25 radius sections and 30 straight sections of concrete curbing have been damaged beyond repair, and many more seem to be deteriorating similarly. It is possible that there was a bad mix of concrete that has accelerated this damage. This budget figure is an estimate to address these major issues to start with, but further investigation is needed to implement a plan to preserve or replace the rest of the curbing, if possible.(Five-Year Funding Plan: 2025: \$4,000; 2026: \$4,000; 2027: \$4,000; 2028: \$4,000; 2029: \$4,000. **Total Request: \$20,000**).

LHS Air Conditioners Five Year Plan \$8,000

High School - This project would provide additional air-conditioned areas to Ledyard High School. There are several rooms served by "window type" air conditioning units for various needs—rooms that are not served by HVAC but see summer use, rooms with student or staff medical needs, or rooms with technology that require conditioned space. Systematically

replacing these with "mini-split" technology would increase air quality and energy efficiency. (Five Year Funding Plan: 2025: \$8,000; 2026: \$8,000; 2027: \$8,000; 2028: \$8,000; 2029: \$8,000. **Total Request \$40,000**).

LHS Athletic Fields Maintenance & Upgrade	Five Year Plan	\$7,500
--	-----------------------	----------------

High School Fields - Seeding clay and other items to properly maintain the athletic fields at the High School. (Five-Year Funding Plan: 2025: \$7,500; 2026: \$7,500; 2028: \$7,500; 2029: \$7,500. **Total Request \$37,500**)

Ledyard High School Masonry Repairs		\$20,000
--	--	-----------------

The High School has experienced some issues with the facade brick work pulling away from the building. It is important that this be addressed in a timely manner. Water infiltration along with the freeze and thaw cycles will increase the damage.

Districtwide HVAC Equipment Maintenance	Three Year Plan	\$110,000
--	------------------------	------------------

This is to supply funds for the normal maintenance of the school HVAC systems, elevators and fire alarm systems. This would include filters, and better service calls and preventative maintenance contracts, monitoring and testing. (Three-Year Funding Plan: 2025: \$110,000; 2026: \$110,000; 2027: \$110,000. **Total Request \$330,000**)

➤ **Agri-Science Requests:**

LHS Agri-Science Folding Wall	Not Funded	\$85,000
--------------------------------------	-------------------	-----------------

The Agri-Science media center and computer lab no longer function as designed due to program changes. Removing the wall between the two areas and installing a folding wall will allow for a better use of the space for larger gatherings of / for multiple smaller space use.

LHS Agri-Science Lighting Replace	Not funded	\$6,000
--	-------------------	----------------

Funding would complete the change over to LED for the entire Ag-Science portion of the building.

LHS-Agri-Science Wood & Metal Shop	Not Funded	\$200,000
---	-------------------	------------------

Renovations to the wood and metal shop to make adjustments for the current curriculum.

LHS-Agri-Science Restrooms	Not Funded	\$20,000
-----------------------------------	-------------------	-----------------

The Agri-Science restrooms will be 25 years old in 2025 and no longer meet the current water use codes.

LHS Agri-Science Boiler Room Wall	Not Funded	\$10,000
--	-------------------	-----------------

The wall between the boiler room and the media center is not waterproof. Leaking pumps and a failed water heater along with boiler and other water leaks seep under the wall and flood the media center floor damaging the carpet and wall. The installation of a water barrier to keep any leaking water within the boiler room would help prevent this collateral damage.

Mayor Allyn, III, explained that the State provided grant funding for each student enrolled in the Agri-Science Program. He stated when Ledyard received Agri-Science grant funding that was above the projected budgeted revenue that the funds were used for Agri-Science Capital Projects. He stated Town Council approval was required for the Board of Education to spend the additional Agri-Science funding received.

The Group reviewed the Fiscal Year 2024/2025 Capital Improvement Plan Requests and proposed Funding Plan as follows:

**Capital Improvement Plan

3:10 p.m. Budget Work

During the work sessions the Finance Committee asked questions about line items in each category in the department’s budget. The Committee also explained to each Department that should there be any changes in State Revenues proposed by the Governor’s Budget, that they may want to meet again with the Finance Committee to offer alternatives, suggestions and recommendations as the Finance Committee works to put forwarded a recommended Fiscal Year 2024/2025 Budget.

The Finance Committee also noted during their review of the information provided by the Departments; that they were pleased to see that Staff worked to off-set General Government contractual increases with reductions in other expenses and to find efficiencies. The Committee commented that considering the current inflationary environment the Mayor and his staff have done a good job to proposed a reasonable Fiscal Year 2024/2025 Budget. .

IV. ADJOURNMENT

The Fiscal Year 2024/2025 Budget Work Session adjourned at 3:10 p.m.

Respectfully submitted,

Anthony Saccone, Sr.
Committee Chairman
Finance Committee
