RESOLUITON

Motion/Request:

MOTION to waive the reading in its entirety the “Resolution Amending the Resolution Entitled “*Resolution Appropriating \$8,550,000 for Various School Improvement Projects; And Authorizing the Issue of Bonds And Notes in the Same Amount to Finance Said Appropriation*” To Increase the Appropriation And Borrowing Authorization To \$9,800,000”.

Background:

At the Permanent Municipal Building Committee’s March 31, 2025 meeting they forwarded a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement & Various Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long School Heating Ventilation and Air Conditioning System Project.

The request for the Town to consider increasing the Bond Authorization was based on the following:

- The results of Bid # LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bid; however, the bid was \$1,250,000 more than the projected estimated cost. The total costs of the project included expenses such as Borrowing Costs; Builders Risk Insurance Policy which would provide coverage during the construction; and Connecticut Interlocal Risk Management Agency (CIRMA).
- The HVAC Project at Juliet W. Long School will need to be completed by December, 2026 to be eligible for the town to receive the Grant Reimbursement in the amount of 62% of the total costs of the HVAC Project. The State granted Ledyard an extension to complete these Projects. However, it should be noted that the State approved a 62% Grant Reimbursement for a HVAC project cost of \$2.25 million, any costs over that amount would not be eligible for grant reimbursement.
- Nutmeg Companies, Inc., indicated that they would need two full summers to complete the installation of the HVAC System at the Juliet W. Long School (2025 & 2026). Therefore, they were trying to get some work done between June and August of this year (2025) ; and June and August of the following year (2026). In addition, the Contractor indicated that they would also adjust their schedule to work during the School’s Christmas break, and other school breaks, etc., and that they may possibly have to do some work on the roof while the kids were in school, so they had things prepped and ready.

- The PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new guidelines.

The PMBC has requested a supplemental authorization in the amount of \$1,250,000 be presented to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

**RESOLUTION AMENDING THE RESOLUTION
ENTITLED “RESOLUTION APPROPRIATING \$8,550,000 FOR VARIOUS SCHOOL
IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES
IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION” TO INCREASE THE
APPROPRIATION AND BORROWING AUTHORIZATION TO \$9,800,000**

WHEREAS, on February 22, 2022, the voters of the Town approved a resolution entitled “RESOLUTION APPROPRIATING \$6,725,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION” (the “Original Resolution”) for various school improvement projects, including in part HVAC upgrades at Juliet W. Long School (the “Project”); and

WHEREAS, on October 17, 2023, the voters of the Town approved a resolution entitled “RESOLUTION AMENDING THE RESOLUTION ENTITLED “RESOLUTION APPROPRIATING \$6,725,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION” TO INCREASE THE APPROPRIATION AND BORROWING AUTHORIZATION TO \$8,550,000” (the “Amending Resolution”, and together with the Original Resolution, the “Resolution”) increasing the appropriation and borrowing authorization of the Original Resolution by \$1,825,00 for an aggregate of \$8,550,000; and

WHEREAS, after opening bids received for the Project, the building committee has determined that an additional \$1,250,000 will be needed to complete the Project; and

WHEREAS, in order to proceed with and finish the Project, the Resolution will need to be further amended to increase the appropriation and borrowing authorization.

RESOLVED,

(a) The Resolution adopted February 22, 2022 and amended October 17, 2023 by the voters of the Town, entitled “RESOLUTION APPROPRIATING \$8,500,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION” (the “Resolution”), which is hereby ratified, confirmed and adopted, is amended by increasing the appropriation and bond authorization by \$1,250,000 to a total of \$9,800,000.

(b) The title of the Original Resolution is hereby replaced in its entirety by the following:

“RESOLUTION APPROPRIATING \$9,800,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION”

(c) In each of Sections 1, 2 and 3 of the Resolution, the amount of EIGHT MILLION FIVE HUNDRED FIFTY THOUSAND DOLLARS (\$8,550,000) is hereby deleted and the amount of NINE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$9,800,000) is hereby inserted in its place.

(d) Sections 4 through 9 of the Resolution are hereby ratified, confirmed, adopted and incorporated into this resolution.

(e) This resolution shall become effective after approval at referendum vote.

(f) If the above Sections (a) through (e) are enacted, the Amended Resolution will read in its entirety as follows:

“RESOLUTION APPROPRIATING \$9,800,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION

RESOLVED,

1. That the Town of Ledyard appropriate NINE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$9,800,000) for various school improvement projects, including: replacement of the roofs at the Central Office, Gales Ferry School, and Juliet W. Long School; installation of solar equipment at Gales Ferry School and Juliet W. Long School; upgrades to the building management systems at Gales Ferry School; and electrical and HVAC upgrades at Juliet W. Long School. The appropriation may be spent for design, engineering and construction costs, equipment, materials, legal fees, net interest on borrowings and other financing costs, and other expenses related to the project or its financing. The Permanent Municipal Building Committee shall be the School Building Committee for the project and is authorized to determine the scope and particulars of the project. The Permanent Municipal Building Committee may reduce or modify the scope of the project, and the entire appropriation may be spent on the project as so reduced or modified.

2. That the Town issue bonds or notes or obligations in an amount not to NINE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$9,800,000) to finance the appropriation for the project. The amount of bonds or notes or obligations authorized to be issued shall be reduced by the amount of grants received by the Town for the project. The bonds or notes or obligations shall be issued pursuant to Sections 7-369 and 10-289 of the General Statutes of Connecticut, Revision of 1958, as amended, and any other enabling acts. The bonds or notes or obligations shall be general obligations of the Town secured by the irrevocable pledge of the full faith and credit of the Town.

3. That the Town issue and renew temporary notes or interim funding obligations from time to time in anticipation of the receipt of the proceeds from the sale of the bonds or notes or obligations for the project or the receipt of grants for the project. The amount of the notes or obligations outstanding at any time shall not exceed NINE MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$9,800,000). The notes or obligations shall be issued pursuant to Sections 7-378 and 10-289a of the General Statutes of Connecticut, Revision of 1958, as amended. The notes or obligations shall be general obligations of the Town and shall be secured by the irrevocable pledge of the full faith and credit of the Town. The Town shall comply with the provisions of Section 7-378a of the General Statutes with respect to any notes or obligations that do not mature within the time permitted by said Section 7-378.

4. That the Mayor, the Director of Finance and the Treasurer, or any two of them, of the Town shall sign any bonds or notes or obligations by their manual or facsimile signatures. The Treasurer shall keep a record of the bonds or notes. The law firm of Pullman & Comley, LLC is designated as bond counsel to approve the legality of the bonds or notes or obligations. The Mayor, the Director of Finance and the Treasurer, or any two of them, are authorized to determine the amounts, dates, interest rates, maturities, redemption provisions, form and other details of the bonds or notes or obligations; to designate one or more banks or trust companies to be certifying bank, registrar, transfer agent and paying agent for the bonds or notes or obligations; to provide for the keeping of a record of the bonds or notes or obligations; to designate a financial advisor to the Town in connection with the sale of the bonds or notes; to sell the bonds or notes or obligations at public or private sale; to deliver the bonds or notes or obligations; and to perform all other acts which are necessary or appropriate to issue the bonds or notes or obligations.

5. That the Town hereby declares its official intent under Federal Income Tax Regulation Section 1.150-2 and, if applicable, pursuant to Section 54A(d) of the Internal Revenue Code of 1986, as amended, that project costs may be paid from temporary advances of available

funds and that (except to the extent reimbursed from grant moneys) the Town reasonably expects to reimburse any such advances from the proceeds of borrowings, including qualified tax credit bonds, in an aggregate principal amount not in excess of the amount of borrowing authorized above for the project. The Mayor, the Director of Finance and the Treasurer, or any two of them, are authorized to amend such declaration of official intent as they deem necessary or advisable and to bind the Town pursuant to such representations and covenants as they deem necessary or advisable in order to maintain the continued exemption from federal income taxation of interest on the bonds or notes or obligations authorized by this resolution, if issued on a tax-exempt basis, including covenants to pay rebates of investment earnings to the United States in future years.

6. That the Mayor, the Director of Finance and the Treasurer, or any two of them, are authorized to make representations and enter into written agreements for the benefit of holders of the bonds or notes or obligations to provide secondary market disclosure information, which agreements may include such terms as they deem advisable or appropriate in order to comply with applicable laws or rules pertaining to the sale or purchase of such bonds or notes or obligations.

7. That Building Committee for the project is vested with the following powers and duties: (i) to approve design and construction expenditures for the project; (ii) to recommend to the Mayor the execution of any contract with architects, engineers, contractors and others in the name and on behalf of the Town to complete the project; and (iii) to exercise such other powers as are necessary or appropriate to complete the project. Committee members shall not receive any compensation for their services. Necessary expenses of the Committee shall be included in the cost of the project. The records of the Committee shall be filed with the Town Clerk and open to public inspection during normal business hours. Upon completion of the project, the Committee shall make a complete report and accounting to the Mayor, the Director of Finance, the Treasurer, the Town Council, the Board of Education and the Town.

8. That the Board of Education is authorized to apply for and accept state grants for the project. The Board of Education is authorized to file applications with the State Board of Education, to execute grant agreements for the project, and to file such documents as may be required by the State Board of Education to obtain grants for the costs of financing the project. Any grant proceeds may be used to pay project costs or principal and interest on bonds, notes or temporary notes.

9. That the Mayor, the Director of Finance, the Treasurer, the Board of Education, the Building Committee for the project, and other proper officers of the Town are authorized to take all other action which is necessary or desirable to complete the project and to issue bonds, notes or other obligations to finance the aforesaid appropriation.”

Chairman S. Naomi Rodriguez
Town of Ledyard
741 Colonel Ledyard Highway
Ledyard, CT 06339

Dear Chairman Rodriguez:

At the Permanent Municipal Building Committee's March 31, 2025 meeting we approved a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement and Various School Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long Heating Ventilation and Air Conditioning System Project.

The request to the Town to consider increasing the Bond Authorization was based on the following:

- The results of rebid #LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- The rebid allowed Contractors the ability to complete the project over the summer of 2025 and 2026, during school holidays and breaks, and with limited work while school is in session.
- The initial estimate for the project was \$2,225,000. Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bidder to the project rebid. Based upon the rebid results, the total revised cost estimate provided by Friar Architecture for the project is \$3,362,656. Additional estimated costs beyond that were added for bonding and insurance resulting in a revised estimated budget of \$3,475,000.
- The HVAC Project at Juliet W. Long School will need to be completed by December 31, 2026 (extended from the original date of December 31, 2025) for the town to be eligible to receive reimbursement in the amount of 61.78% of eligible project costs up to \$2,225,000. The maximum grant reimbursement would be 61.78% of eligible project costs or \$1,374,605. Project cost over \$2,225,000 will not be eligible for State reimbursement.
- Nutmeg Companies, Inc., indicated that work can be complete by December 2025 if work can begin this summer. It should be noted that if work is unable to commence in Summer 2025, escalation costs will be incurred.

As you are aware the PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new grant eligibility guidelines.

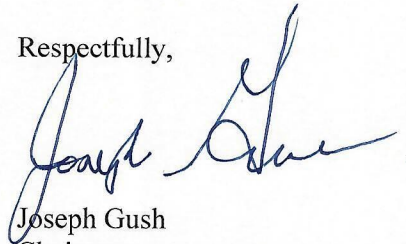

The PMBC Respectfully requests the Town Council take the necessary steps to obtain Bond Authorization Documents and to present this request for a supplemental authorization in the amount of \$1,250,000 to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

Although there is not a guarantee that the Contractor will be able to get materials ordered, delivered and on-site by June, 2025 to begin their work to install the HVAC System at Juliet W. Long School, time is of the essence in an effort to try and comply with the State's December 2026 deadline, otherwise Ledyard would forgo our eligibility for the Grant Reimbursement funding.

Members of the PMBC will make themselves available to answer questions, and or attend meetings to help the Town Council understand the urgency of our request, and to assist with working to get the Juliet W. Long HVAC Project underway and to the finish line.

The Town Council's prompt attention and consideration regarding this important request would be greatly appreciated.

Respectfully,

Subject: JWL HVAC Project - Request for Additional Appropriation - response
Attachments: School Superintendentn-Juliet W Long HVAC Additonal Appropriation-email-2025-04-09.pdf

Members of the Town Council,

I would like to take this opportunity to respond to Superintendent Hartling's email that was sent to the Town Council on Wednesday April 9th entitled **JWL HVAC Project - Request for Additional Appropriation**. I have attached a copy here as it is included in the agenda for this Wednesday's Finance Committee meeting.

First and foremost, there is NO confusion on this matter as Superintendent Hartling implies with the following: *"There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter."*

I, for one, have not had a singular moment of confusion relative to the need for a referendum to **APPROPRIATE** additional funding.

Superintendent Hartling is speaking to funding *sources* (which are irrelevant to the need for another referendum) as opposed to project *appropriations* and *borrowing authorization* which is what the referendum is really about.

The ENTIRE cost of the project, regardless of the funding source, needs to be formally appropriated. Town funds cannot be expended without an appropriation. The combined cost estimate of all projects (roofs, photovoltaic, HVAC) is now projected to be roughly \$9,800,000 million. The town voters have approved spending \$8,550,000. The town cannot spend any additional funds beyond that without an additional appropriation.

I call your attention to the wording of the resolution. The key words in the resolution are **APPROPRIATION** and **BORROWING AUTHORIZATION**.

"RESOLUTION AMENDING THE RESOLUTION ENTITLED "RESOLUTION APPROPRIATING \$8,550,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION" TO INCREASE THE APPROPRIATION AND BORROWING AUTHORIZATION TO \$9,800,000"

It is also important to point out that the referendum, should it pass, would authorize additional borrowings to finance the cost of the projects. Large projects are typically funded with temporary financing prior to the receipt of grant proceeds. To date, \$705,000 has been permanently bonded and \$5,500,000 has been temporarily financed in the form of bond anticipations notes. Those notes mature in August of 2025. Additional funding will need to be secured at that time to pay off the notes, likely in the form of additional temporary financing until the projects are completed and permanently financed thru long-term bonding.

State funding for this project is only through reimbursement. The town needs to spend the funds up front. At this time, the Board of Education has not yet filed a request for reimbursement relative to the school projects and funds that have already been expended. \$4,279,772 has been expended across all projects to date. The filing request is handled through the superintendent's office, not the town finance department. We do not have access to the system. Depending on the timing of the receipt of project reimbursement, the town may need to temporarily borrow up to \$9,800,000 to finance the project. The amount that the town will need to bond (permanently finance) for the project will be solely determined by the amount of grant reimbursement from the State Department of Education.

Please feel free to reach out to me with any questions you may have regarding the need to increase the appropriation and borrowing authorization for these school projects.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Subject: Re: JWL HVAC Project - Request for Additional Appropriation

Dear Members of the Town Council,

I want to express sincere appreciation for your continued dedication and proactive oversight of our essential school projects. The thorough work and clear communication provided by the Permanent Municipal Building Committee (PMBC) is greatly appreciated. I also appreciate the urgency that you are showing in addressing this need.

In response to the recent letter from the PMBC regarding the financial adjustments for the roofs and HVAC project at Juliet W. Long School, it is important to recognize that the town's prior planning and approval via referendum to bond up to \$8.5 million comfortably accommodates our current projected town share. The projects were not broken out in the referendum, nor was there mention of the State reimbursement as an offset. Below is a clear breakdown of the updated financial information:

- Roofs Actual Expense: \$6,085,050.00
- Expected Damages: \$180,000.00
- JWL HVAC (Bid + 10% contingency): \$3,475,000.00
- Committed State Reimbursement: (\$5,066,309.00)
- **Town Share/potential Bonding need: \$4,673,741.00**

The total town share required, at \$4,673,741.00, remains significantly below the authorized bonding limit of \$8.5 million for all of these projects as approved by voters. Even considering the temporary 5% state holdback of \$253,315.45, the financial obligations remain well within voter-approved limits. According to our Town Charter (Chapter VII, Section 14), it would appear that the referendum provides clear and sufficient authorization to proceed without further voter approval.

There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter. It is important that we recognize that a path forward as soon as possible will enable us to move forward this year and avoid additional escalation in project costs.

Ensuring this project moves forward in a timely manner in the best interests of our students, staff and taxpayers. It is also potentially misleading/confusing to the community as we're now looking at adding this to the referendum and asking for significantly more than the actual costs to the Ledyard Taxpayer.

Thank you again for your diligence and proactive leadership.

Respectfully,

Jason S. Hartling

RESOLUITON

Motion/Request:

MOTION to approve a “Resolution Amending the Resolution Entitled “*Resolution Appropriating \$8,550,000 for Various School Improvement Projects; And Authorizing the Issue of Bonds And Notes in the Same Amount to Finance Said Appropriation*” To Increase the Appropriation And Borrowing Authorization To \$9,800,000”.

Background:

At the Permanent Municipal Building Committee’s March 31, 2025 meeting they forwarded a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement & Various Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long School Heating Ventilation and Air Conditioning System Project.

The request for the Town to consider increasing the Bond Authorization was based on the following:

- The results of Bid # LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bid; however, the bid was \$1,250,000 more than the projected estimated cost. The total costs of the project included expenses such as Borrowing Costs; Builders Risk Insurance Policy which would provide coverage during the construction; and Connecticut Interlocal Risk Management Agency (CIRMA).
- The HVAC Project at Juliet W. Long School will need to be completed by December, 2026 to be eligible for the town to receive the Grant Reimbursement in the amount of 62% of the total costs of the HVAC Project. The State granted Ledyard an extension to complete these Projects. However, it should be noted that the State approved a 62% Grant Reimbursement for a HVAC project cost of \$2.25 million, any costs over that amount would not be eligible for grant reimbursement.
- Nutmeg Companies, Inc., indicated that they would need two full summers to complete the installation of the HVAC System at the Juliet W. Long School (2025 & 2026). Therefore, they were trying to get some work done between June and August of this year (2025) ; and June and August of the following year (2026). In addition, the Contractor indicated that they would also adjust their schedule to work during the School’s Christmas break, and other school breaks, etc., and that they may possibly have to do some work on the roof while the kids were in school, so they had things prepped and ready.
- The PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time

the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new guidelines.

The PMBC has requested a supplemental authorization in the amount of \$1,250,000 be presented to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

Subject: JWL HVAC Project - Request for Additional Appropriation - response
Attachments: School Superintendentn-Juliet W Long HVAC Additonal Appropriation-email-2025-04-09.pdf

Members of the Town Council,

I would like to take this opportunity to respond to Superintendent Hartling's email that was sent to the Town Council on Wednesday April 9th entitled **JWL HVAC Project - Request for Additional Appropriation**. I have attached a copy here as it is included in the agenda for this Wednesday's Finance Committee meeting.

First and foremost, there is NO confusion on this matter as Superintendent Hartling implies with the following: *"There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter."*

I, for one, have not had a singular moment of confusion relative to the need for a referendum to **APPROPRIATE** additional funding.

Superintendent Hartling is speaking to funding *sources* (which are irrelevant to the need for another referendum) as opposed to project *appropriations* and *borrowing authorization* which is what the referendum is really about.

The ENTIRE cost of the project, regardless of the funding source, needs to be formally appropriated. Town funds cannot be expended without an appropriation. The combined cost estimate of all projects (roofs, photovoltaic, HVAC) is now projected to be roughly \$9,800,000 million. The town voters have approved spending \$8,550,000. The town cannot spend any additional funds beyond that without an additional appropriation.

I call your attention to the wording of the resolution. The key words in the resolution are **APPROPRIATION** and **BORROWING AUTHORIZATION**.

"RESOLUTION AMENDING THE RESOLUTION ENTITLED "RESOLUTION APPROPRIATING \$8,550,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION" TO INCREASE THE APPROPRIATION AND BORROWING AUTHORIZATION TO \$9,800,000"

It is also important to point out that the referendum, should it pass, would authorize additional borrowings to finance the cost of the projects. Large projects are typically funded with temporary financing prior to the receipt of grant proceeds. To date, \$705,000 has been permanently bonded and \$5,500,000 has been temporarily financed in the form of bond anticipations notes. Those notes mature in August of 2025. Additional funding will need to be secured at that time to pay off the notes, likely in the form of additional temporary financing until the projects are completed and permanently financed thru long-term bonding.

State funding for this project is only through reimbursement. The town needs to spend the funds up front. At this time, the Board of Education has not yet filed a request for reimbursement relative to the school projects and funds that have already been expended. \$4,279,772 has been expended across all projects to date. The filing request is handled through the superintendent's office, not the town finance department. We do not have access to the system. Depending on the timing of the receipt of project reimbursement, the town may need to temporarily borrow up to \$9,800,000 to finance the project. The amount that the town will need to bond (permanently finance) for the project will be solely determined by the amount of grant reimbursement from the State Department of Education.

Please feel free to reach out to me with any questions you may have regarding the need to increase the appropriation and borrowing authorization for these school projects.

Thank you,

**TOWN OF LEDYARD
CONNECTICUT
PERMANENT MUNICIPAL BUILDING COMMITTEE**

741 Colonel Ledyard Hwy
Ledyard, Connecticut 06339

Chairman Joseph Gush

April 7, 2025

Chairman S. Naomi Rodriguez
Town of Ledyard
741 Colonel Ledyard Highway
Ledyard, CT 06339

Dear Chairman Rodriguez:

At the Permanent Municipal Building Committee's March 31, 2025 meeting we approved a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement and Various School Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long Heating Ventilation and Air Conditioning System Project.

The request to the Town to consider increasing the Bond Authorization was based on the following:

- The results of rebid #LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- The rebid allowed Contractors the ability to complete the project over the summer of 2025 and 2026, during school holidays and breaks, and with limited work while school is in session.
- The initial estimate for the project was \$2,225,000. Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bidder to the project rebid. Based upon the rebid results, the total revised cost estimate provided by Friar Architecture for the project is \$3,362,656. Additional estimated costs beyond that were added for bonding and insurance resulting in a revised estimated budget of \$3,475,000.
- The HVAC Project at Juliet W. Long School will need to be completed by December 31, 2026 (extended from the original date of December 31, 2025) for the town to be eligible to receive reimbursement in the amount of 61.78% of eligible project costs up to \$2,225,000. The maximum grant reimbursement would be 61.78% of eligible project costs or \$1,374,605. Project cost over \$2,225,000 will not be eligible for State reimbursement.
- Nutmeg Companies, Inc., indicated that work can be complete by December 2025 if work can begin this summer. It should be noted that if work is unable to commence in Summer 2025, escalation costs will be incurred.

As you are aware the PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new grant eligibility guidelines.

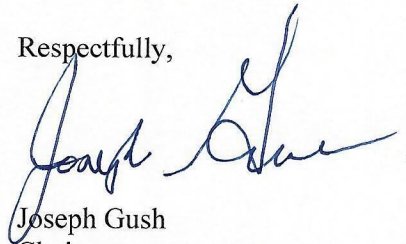

The PMBC Respectfully requests the Town Council take the necessary steps to obtain Bond Authorization Documents and to present this request for a supplemental authorization in the amount of \$1,250,000 to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

Although there is not a guarantee that the Contractor will be able to get materials ordered, delivered and on-site by June, 2025 to begin their work to install the HVAC System at Juliet W. Long School, time is of the essence in an effort to try and comply with the State's December 2026 deadline, otherwise Ledyard would forgo our eligibility for the Grant Reimbursement funding.

Members of the PMBC will make themselves available to answer questions, and or attend meetings to help the Town Council understand the urgency of our request, and to assist with working to get the Juliet W. Long HVAC Project underway and to the finish line.

The Town Council's prompt attention and consideration regarding this important request would be greatly appreciated.

Respectfully,

A handwritten signature in blue ink, appearing to read "Joseph Gush", written over a horizontal line.

Includes buildings that are truly custom, requiring extensive detailing, or that have large amounts of integrated scientific or complex mechanical/electrical equipment in order for them to function. Examples include hospitals, chemistry buildings, special collections buildings, historic preservation to a landmark structure, and/or any other structure that is truly one of a kind within the State's inventory. Note: If you are prequalified for General Building Construction under Group C, you are automatically prequalified for Group A and Group B. Also if you are prequalified for General Building Group C you will automatically be prequalified for General Trades. Note: For the purposes of DAS Construction Contractor Prequalification, contractors in this classification are not required to be registered as a major contractor with the Department of Consumer Protection. However, there may be specific projects within this classification that require a major contractor registration from the Department of Consumer Protection. Projects that are threshold buildings may require a Major Contractor Registration.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

POWER OF ATTORNEY

Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, St. Paul Fire and Marine Insurance Company, and Farmington Casualty Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and the Companies do hereby make, constitute and appoint Wendy Krystopa of Glastonbury, CT, their true and lawful Attorney(s)-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this 4th day of March, 2024.

State of Connecticut

City of Hartford ss.

By: 
 Bryce Grissom, Senior Vice President

On this the 4th day of March, 2024, before me personally appeared Bryce Grissom, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2026

 Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kevin E. Hughes, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Subject: Re: JWL HVAC Project - Request for Additional Appropriation

Dear Members of the Town Council,

I want to express sincere appreciation for your continued dedication and proactive oversight of our essential school projects. The thorough work and clear communication provided by the Permanent Municipal Building Committee (PMBC) is greatly appreciated. I also appreciate the urgency that you are showing in addressing this need.

In response to the recent letter from the PMBC regarding the financial adjustments for the roofs and HVAC project at Juliet W. Long School, it is important to recognize that the town's prior planning and approval via referendum to bond up to \$8.5 million comfortably accommodates our current projected town share. The projects were not broken out in the referendum, nor was there mention of the State reimbursement as an offset. Below is a clear breakdown of the updated financial information:

- Roofs Actual Expense: \$6,085,050.00
- Expected Damages: \$180,000.00
- JWL HVAC (Bid + 10% contingency): \$3,475,000.00
- Committed State Reimbursement: (\$5,066,309.00)
- **Town Share/potential Bonding need: \$4,673,741.00**

The total town share required, at \$4,673,741.00, remains significantly below the authorized bonding limit of \$8.5 million for all of these projects as approved by voters. Even considering the temporary 5% state holdback of \$253,315.45, the financial obligations remain well within voter-approved limits. According to our Town Charter (Chapter VII, Section 14), it would appear that the referendum provides clear and sufficient authorization to proceed without further voter approval.

There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter. It is important that we recognize that a path forward as soon as possible will enable us to move forward this year and avoid additional escalation in project costs.

Ensuring this project moves forward in a timely manner in the best interests of our students, staff and taxpayers. It is also potentially misleading/confusing to the community as we're now looking at adding this to the referendum and asking for significantly more than the actual costs to the Ledyard Taxpayer.

Thank you again for your diligence and proactive leadership.

Respectfully,

Jason S. Hartling

Subject: JWL HVAC Project - Request for Additional Appropriation - response
Attachments: School Superintendentn-Juliet W Long HVAC Additonal Appropriation-email-2025-04-09.pdf

Members of the Town Council,

I would like to take this opportunity to respond to Superintendent Hartling's email that was sent to the Town Council on Wednesday April 9th entitled **JWL HVAC Project - Request for Additional Appropriation**. I have attached a copy here as it is included in the agenda for this Wednesday's Finance Committee meeting.

First and foremost, there is NO confusion on this matter as Superintendent Hartling implies with the following: *"There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter."*

I, for one, have not had a singular moment of confusion relative to the need for a referendum to **APPROPRIATE** additional funding.

Superintendent Hartling is speaking to funding *sources* (which are irrelevant to the need for another referendum) as opposed to project *appropriations* and *borrowing authorization* which is what the referendum is really about.

The ENTIRE cost of the project, regardless of the funding source, needs to be formally appropriated. Town funds cannot be expended without an appropriation. The combined cost estimate of all projects (roofs, photovoltaic, HVAC) is now projected to be roughly \$9,800,000 million. The town voters have approved spending \$8,550,000. The town cannot spend any additional funds beyond that without an additional appropriation.

I call your attention to the wording of the resolution. The key words in the resolution are **APPROPRIATION** and **BORROWING AUTHORIZATION**.

"RESOLUTION AMENDING THE RESOLUTION ENTITLED "RESOLUTION APPROPRIATING \$8,550,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION" TO INCREASE THE APPROPRIATION AND BORROWING AUTHORIZATION TO \$9,800,000"

It is also important to point out that the referendum, should it pass, would authorize additional borrowings to finance the cost of the projects. Large projects are typically funded with temporary financing prior to the receipt of grant proceeds. To date, \$705,000 has been permanently bonded and \$5,500,000 has been temporarily financed in the form of bond anticipations notes. Those notes mature in August of 2025. Additional funding will need to be secured at that time to pay off the notes, likely in the form of additional temporary financing until the projects are completed and permanently financed thru long-term bonding.

State funding for this project is only through reimbursement. The town needs to spend the funds up front. At this time, the Board of Education has not yet filed a request for reimbursement relative to the school projects and funds that have already been expended. \$4,279,772 has been expended across all projects to date. The filing request is handled through the superintendent's office, not the town finance department. We do not have access to the system. Depending on the timing of the receipt of project reimbursement, the town may need to temporarily borrow up to \$9,800,000 to finance the project. The amount that the town will need to bond (permanently finance) for the project will be solely determined by the amount of grant reimbursement from the State Department of Education.

Please feel free to reach out to me with any questions you may have regarding the need to increase the appropriation and borrowing authorization for these school projects.

**TOWN OF LEDYARD
CONNECTICUT
PERMANENT MUNICIPAL BUILDING COMMITTEE**

741 Colonel Ledyard Hwy
Ledyard, Connecticut 06339
860-464-3222

Chairman Joseph Gush

April 7, 2025

Chairman S. Naomi Rodriguez
Town of Ledyard
741 Colonel Ledyard Highway
Ledyard, CT 06339

Dear Chairman Rodriguez:

At the Permanent Municipal Building Committee's March 31, 2025 meeting we approved a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement and Various School Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long Heating Ventilation and Air Conditioning System Project.

The request to the Town to consider increasing the Bond Authorization was based on the following:

- The results of rebid #LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- The rebid allowed Contractors the ability to complete the project over the summer of 2025 and 2026, during school holidays and breaks, and with limited work while school is in session.
- The initial estimate for the project was \$2,225,000. Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bidder to the project rebid. Based upon the rebid results, the total revised cost estimate provided by Friar Architecture for the project is \$3,362,656. Additional estimated costs beyond that were added for bonding and insurance resulting in a revised estimated budget of \$3,475,000.
- The HVAC Project at Juliet W. Long School will need to be completed by December 31, 2026 (extended from the original date of December 31, 2025) for the town to be eligible to receive reimbursement in the amount of 61.78% of eligible project costs up to \$2,225,000. The maximum grant reimbursement would be 61.78% of eligible project costs or \$1,374,605. Project cost over \$2,225,000 will not be eligible for State reimbursement.
- Nutmeg Companies, Inc., indicated that work can be complete by December 2025 if work can begin this summer. It should be noted that if work is unable to commence in Summer 2025, escalation costs will be incurred.

As you are aware the PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new grant eligibility guidelines.

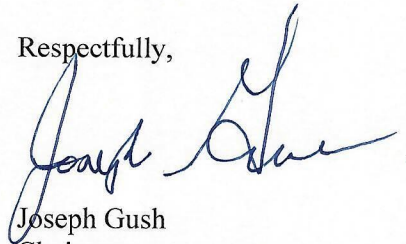

The PMBC Respectfully requests the Town Council take the necessary steps to obtain Bond Authorization Documents and to present this request for a supplemental authorization in the amount of \$1,250,000 to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

Although there is not a guarantee that the Contractor will be able to get materials ordered, delivered and on-site by June, 2025 to begin their work to install the HVAC System at Juliet W. Long School, time is of the essence in an effort to try and comply with the State's December 2026 deadline, otherwise Ledyard would forgo our eligibility for the Grant Reimbursement funding.

Members of the PMBC will make themselves available to answer questions, and or attend meetings to help the Town Council understand the urgency of our request, and to assist with working to get the Juliet W. Long HVAC Project underway and to the finish line.

The Town Council's prompt attention and consideration regarding this important request would be greatly appreciated.

Respectfully,

Dear Members of the Town Council,

I want to express sincere appreciation for your continued dedication and proactive oversight of our essential school projects. The thorough work and clear communication provided by the Permanent Municipal Building Committee (PMBC) is greatly appreciated. I also appreciate the urgency that you are showing in addressing this need.

In response to the recent letter from the PMBC regarding the financial adjustments for the roofs and HVAC project at Juliet W. Long School, it is important to recognize that the town's prior planning and approval via referendum to bond up to \$8.5 million comfortably accommodates our current projected town share. The projects were not broken out in the referendum, nor was there mention of the State reimbursement as an offset. Below is a clear breakdown of the updated financial information:

- Roofs Actual Expense: \$6,085,050.00
- Expected Damages: \$180,000.00
- JWL HVAC (Bid + 10% contingency): \$3,475,000.00
- Committed State Reimbursement: (\$5,066,309.00)
- **Town Share/potential Bonding need: \$4,673,741.00**

The total town share required, at \$4,673,741.00, remains significantly below the authorized bonding limit of \$8.5 million for all of these projects as approved by voters. Even considering the temporary 5% state holdback of \$253,315.45, the financial obligations remain well within voter-approved limits. According to our Town Charter (Chapter VII, Section 14), it would appear that the referendum provides clear and sufficient authorization to proceed without further voter approval.

There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter. It is important that we recognize that a path forward as soon as possible will enable us to move forward this year and avoid additional escalation in project costs.

Ensuring this project moves forward in a timely manner in the best interests of our students, staff and taxpayers. It is also potentially misleading/confusing to the community as we're now looking at adding this to the referendum and asking for significantly more than the actual costs to the Ledyard Taxpayer.

Thank you again for your diligence and proactive leadership.

Respectfully,

Jason S. Hartling

MOTION to approve the “*Town Council Resolutions Approving Bond Resolutions And Calling Town Meeting*” to be held on Monday, May 12, 2025 at 6:30 p.m. in the Council Chambers, 741 Colonel Ledyard Highway, Ledyard to consider said Resolution; and adjourn to a vote at a referendum to be held on Tuesday, May 20, 2025 between the hours of 6:00 a.m. and 8:00 p.m. at the Town Hall, Lower Level - Registrar’s Office, 741 Colonel Ledyard Highway.

Background:

Town Charter - Chapter VII; Section 9

SECTION 9. FINANCIAL POWERS

Any resolution making a non-budgeted appropriation of more than one (1) percent of the current tax levy, but less than five (5) percent for any purpose, ***any resolution authorizing the issuance of bonds or notes or other borrowing of less than five (5) percent of the current tax levy, except notes in anticipation of taxes to be paid within the fiscal year in which issued, and any sale or purchase of real estate or interest therein shall become effective only after it has been approved by the Town Council and adopted at a Town meeting by a majority vote of the qualified voters present and voting at such meeting.***

The Town Meeting shall not act upon any proposal for the sale or purchase of real estate or any interest therein, or the issuance of bonds or other borrowing, except upon the recommendation of the Town Council; nor act upon any appropriation which has not been acted upon by the Town Council, unless the same shall have been before the Town Council for sixty (60) days without action.

No Town Meeting shall increase the amount of any bond issue or appropriation above the amount recommended by the Town Council, or make any appropriation not recommended by the Town Council.

After the same has been approved by the Town Council, any non-budgeted appropriation of more than five (5) percent of the current tax levy, and ***any resolution authorizing the issuance of bonds or notes in excess of five (5) percent of the current tax levy, shall be placed on the call of a Town meeting. After completion of other business and after reasonable discussion on such appropriation or resolution, the moderator of such meeting shall adjourn the meeting to reconvene not less than seven (7) nor more than fourteen (14) days thereafter as provided in the General Statutes, and such appropriation or resolution shall become effective only after it has been submitted to persons qualified to vote in such meeting for a `yes" or "no" vote on the voting machines.*** At the closing of the polls the moderator shall cause the vote to be counted, and any such appropriation or resolution shall, if approved by a majority of those voting thereon, be deemed to be a vote of the Town Meeting.

Subject: JWL HVAC Project - Request for Additional Appropriation - response
Attachments: School Superintendentn-Juliet W Long HVAC Additonal Appropriation-email-2025-04-09.pdf

Members of the Town Council,

I would like to take this opportunity to respond to Superintendent Hartling's email that was sent to the Town Council on Wednesday April 9th entitled **JWL HVAC Project - Request for Additional Appropriation**. I have attached a copy here as it is included in the agenda for this Wednesday's Finance Committee meeting.

First and foremost, there is NO confusion on this matter as Superintendent Hartling implies with the following: *"There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter."*

I, for one, have not had a singular moment of confusion relative to the need for a referendum to **APPROPRIATE** additional funding.

Superintendent Hartling is speaking to funding *sources* (which are irrelevant to the need for another referendum) as opposed to project *appropriations* and *borrowing authorization* which is what the referendum is really about.

The ENTIRE cost of the project, regardless of the funding source, needs to be formally appropriated. Town funds cannot be expended without an appropriation. The combined cost estimate of all projects (roofs, photovoltaic, HVAC) is now projected to be roughly \$9,800,000 million. The town voters have approved spending \$8,550,000. The town cannot spend any additional funds beyond that without an additional appropriation.

I call your attention to the wording of the resolution. The key words in the resolution are **APPROPRIATION** and **BORROWING AUTHORIZATION**.

"RESOLUTION AMENDING THE RESOLUTION ENTITLED "RESOLUTION APPROPRIATING \$8,550,000 FOR VARIOUS SCHOOL IMPROVEMENT PROJECTS; AND AUTHORIZING THE ISSUE OF BONDS AND NOTES IN THE SAME AMOUNT TO FINANCE SAID APPROPRIATION" TO INCREASE THE APPROPRIATION AND BORROWING AUTHORIZATION TO \$9,800,000"

It is also important to point out that the referendum, should it pass, would authorize additional borrowings to finance the cost of the projects. Large projects are typically funded with temporary financing prior to the receipt of grant proceeds. To date, \$705,000 has been permanently bonded and \$5,500,000 has been temporarily financed in the form of bond anticipations notes. Those notes mature in August of 2025. Additional funding will need to be secured at that time to pay off the notes, likely in the form of additional temporary financing until the projects are completed and permanently financed thru long-term bonding.

State funding for this project is only through reimbursement. The town needs to spend the funds up front. At this time, the Board of Education has not yet filed a request for reimbursement relative to the school projects and funds that have already been expended. \$4,279,772 has been expended across all projects to date. The filing request is handled through the superintendent's office, not the town finance department. We do not have access to the system. Depending on the timing of the receipt of project reimbursement, the town may need to temporarily borrow up to \$9,800,000 to finance the project. The amount that the town will need to bond (permanently finance) for the project will be solely determined by the amount of grant reimbursement from the State Department of Education.

Please feel free to reach out to me with any questions you may have regarding the need to increase the appropriation and borrowing authorization for these school projects.

Chairman Joseph Gush

April 7, 2025

Chairman S. Naomi Rodriguez
Town of Ledyard
741 Colonel Ledyard Highway
Ledyard, CT 06339

Dear Chairman Rodriguez:

At the Permanent Municipal Building Committee's March 31, 2025 meeting we approved a request to the Town Council to increase the Board of Education \$8,550,000 Roof Replacement and Various School Projects by an additional \$1,250,000; bringing the total requested Bond Authorization to \$9,800,000 to proceed with the Juliet W. Long Heating Ventilation and Air Conditioning System Project.

The request to the Town to consider increasing the Bond Authorization was based on the following:

- The results of rebid #LPS-24-9 (Ledyard Public Schools HVAC Replacement); for which three bids were received.
- The rebid allowed Contractors the ability to complete the project over the summer of 2025 and 2026, during school holidays and breaks, and with limited work while school is in session.
- The initial estimate for the project was \$2,225,000. Nutmeg Companies Inc., in the amount of \$2,673,520 was the low bidder to the project rebid. Based upon the rebid results, the total revised cost estimate provided by Friar Architecture for the project is \$3,362,656. Additional estimated costs beyond that were added for bonding and insurance resulting in a revised estimated budget of \$3,475,000.
- The HVAC Project at Juliet W. Long School will need to be completed by December 31, 2026 (extended from the original date of December 31, 2025) for the town to be eligible to receive reimbursement in the amount of 61.78% of eligible project costs up to \$2,225,000. The maximum grant reimbursement would be 61.78% of eligible project costs or \$1,374,605. Project cost over \$2,225,000 will not be eligible for State reimbursement.
- Nutmeg Companies, Inc., indicated that work can be complete by December 2025 if work can begin this summer. It should be noted that if work is unable to commence in Summer 2025, escalation costs will be incurred.

As you are aware the PMBC and Ledyard Public Schools have solicited bids for this project several times, and each time the project has come in higher than the estimated amount based on a number of issues which included the need to redesign the HVAC System to meet the State's new grant eligibility guidelines.

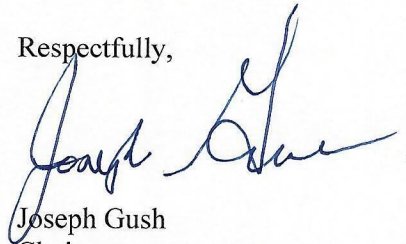

The PMBC Respectfully requests the Town Council take the necessary steps to obtain Bond Authorization Documents and to present this request for a supplemental authorization in the amount of \$1,250,000 to the townspeople at the May 20, 2025 Annual Budget Referendum, in an effort to get this project underway at the end of this school year.

Although there is not a guarantee that the Contractor will be able to get materials ordered, delivered and on-site by June, 2025 to begin their work to install the HVAC System at Juliet W. Long School, time is of the essence in an effort to try and comply with the State's December 2026 deadline, otherwise Ledyard would forgo our eligibility for the Grant Reimbursement funding.

Members of the PMBC will make themselves available to answer questions, and or attend meetings to help the Town Council understand the urgency of our request, and to assist with working to get the Juliet W. Long HVAC Project underway and to the finish line.

The Town Council's prompt attention and consideration regarding this important request would be greatly appreciated.

Respectfully,

	GENERAL TRADES	The undertaking of general contracts for the construction and/or supervision of several sub-trades but not the construction of buildings as described in General Building Construction. The contract must include a variety of construction practices and supervision of a minimum of three sub-trades. The work of this category is intended for the interior finishes of a building.
	HVAC	Installation, renovation, repair and maintenance of the systems and apparatus required, collectively or individually, to provide comfort heating, ventilation and/or cooling within or associated with a building, including such incidental or related work as is customarily performed by those in the HVAC trade. This category does not include sheet metal work by itself. To prequalify for HVAC you must have a Heating, Piping & Cooling Contractor License through the State of Connecticut Department of Consumer Protection.

PLUMBING

Installation, repair and maintenance of pipes, fixtures and other apparatus in buildings for bringing in and distributing the water supply and removing liquid and water-borne waste, including such incidentals or related work as is customarily performed by those in the plumbing trade. To prequalify for Plumbing you must have a Plumbing Contractor License through the State of Connecticut Department of Consumer Protection.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

On this the 4th day of March, 2024, before me personally appeared Bryce Grissom, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2026

 Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, Kevin E. Hughes, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Subject: Re: JWL HVAC Project - Request for Additional Appropriation

Dear Members of the Town Council,

I want to express sincere appreciation for your continued dedication and proactive oversight of our essential school projects. The thorough work and clear communication provided by the Permanent Municipal Building Committee (PMBC) is greatly appreciated. I also appreciate the urgency that you are showing in addressing this need.

In response to the recent letter from the PMBC regarding the financial adjustments for the roofs and HVAC project at Juliet W. Long School, it is important to recognize that the town's prior planning and approval via referendum to bond up to \$8.5 million comfortably accommodates our current projected town share. The projects were not broken out in the referendum, nor was there mention of the State reimbursement as an offset. Below is a clear breakdown of the updated financial information:

- Roofs Actual Expense: \$6,085,050.00
- Expected Damages: \$180,000.00
- JWL HVAC (Bid + 10% contingency): \$3,475,000.00
- Committed State Reimbursement: (\$5,066,309.00)
- **Town Share/potential Bonding need: \$4,673,741.00**

The total town share required, at \$4,673,741.00, remains significantly below the authorized bonding limit of \$8.5 million for all of these projects as approved by voters. Even considering the temporary 5% state holdback of \$253,315.45, the financial obligations remain well within voter-approved limits. According to our Town Charter (Chapter VII, Section 14), it would appear that the referendum provides clear and sufficient authorization to proceed without further voter approval.

There seems to be confusion on why the town would need to go back to referendum when the town will be spending far less than the approved \$8.5 million. Various town officials have given multiple explanations as we all try to understand this discrepancy and the need for a referendum. We have been told it was advised by Bond Council, a State requirement, cash flow issue and most recently that it was due to the Town Charter. It is important that we recognize that a path forward as soon as possible will enable us to move forward this year and avoid additional escalation in project costs.

Ensuring this project moves forward in a timely manner in the best interests of our students, staff and taxpayers. It is also potentially misleading/confusing to the community as we're now looking at adding this to the referendum and asking for significantly more than the actual costs to the Ledyard Taxpayer.

Thank you again for your diligence and proactive leadership.

Respectfully,

Jason S. Hartling
