Ledyard, CT 06339-1511

File #: 23-2296 **Agenda Date:** 5/28/2024 **Agenda #:** 2.

AGENDA REQUEST
GENERAL DISCUSSION ITEM

Subject:
Review of Trail/Sewer line bids continued.

Background:
From the April 23, 2024, meeting:
Received an update from the engineering consultants for phase II. There is a significant reduction in the amount of engineering because the line will be going over an existing line. The WPCA recommends that Mayor Fred Allyn III sign the amendment, which the Mayor has the original copy of.

RE: Ledyard Multiuse Pathway

Bateman, Patrick
To DePalermo, Nicholas
Cc Jermine, Matthew; Joyce, Michael

Tue 11:16 AM

Good morning Nick,

Reviewed the rock ex. in regards to the force main. Little different than our assumptions from the borings but the quantity is on par for where they are at and the remaining portion. So, looks acceptable to me.

Thanks,

Patrick Bateman *(he/him)*
Project Engineer

Subject: FW: Ledyard Multiuse Pathway

Hey Pat,

This rock ex is in relation to the force main... do you want to review for accuracy and to check that it matches your assumptions during design?

Thanks,
Nick

Lt. Governor

Drinking Water Section

May 10, 2024

Mr. Ed Lynch, PE
WPCA Chair
Ledyard WPCA
295 Meridian Street
Groton, CT 06340

PWS Name: Ledyard WPCA – Ledyard Center and Gales Ferry System
PWSID: CT0727091 & CT0727051
Town: Ledyard
Project: LCRR Compliance - LSL Inventory & Replacement Plan

Subject: Drinking Water State Revolving Fund (DWSRF) – SFY 2025 Eligibility Application Initial Screening

Dear Mr. Lynch:

The Department of Public Health (DPH), Drinking Water Section (DWS) has received the above-referenced application during the State Fiscal Year (SFY) 2025 Call for Projects. DPH has conducted an initial screening of your submitted application to ensure all information has been provided as indicated on the Eligibility Application Instructions for SFY 2025. A complete eligibility application is required to ensure the project is reviewed appropriately for eligibility, readiness for funding and priority ranking.

At this time, your application is incomplete. The following items were not provided and/or need additional information:

1. On page 3 of the Eligibility Application under Project Benefits and Area of Impact section, the scaled maps submitted with the eligibility application do not clearly show the delineation of the boundaries of the areas served by the individual water systems (Ledyard WPCA-Ledyard center and Ledyard WPCA-Gales Ferry Systems). In addition, the census tract map submitted shows that each water system/project provides direct impact to one census track

Connecticut Department of Public Health

Phone: (860) 509-7101 • Fax: (860) 509-7111

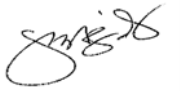
www.ct.gov/dph
Affirmative Action/Equal Opportunity Employer



only. Please check the link below and list the census tract identification numbers of the **entire** service area that the proposed project of each water system will provide benefits to the public.
https://portal.ct.gov/dph/Drinking-Water/DWS/Drinking-Water-State-Revolving-Fund-Program

2. On page 4 of the Eligibility Application under Project Readiness Information section, the anticipated date of the completion for planning-Lead Service Line Inventory was not identified. Based on the information identified in the project description, this project also includes the preparation of a Lead Service Line Replacement (LSLR) plan. If Ledyard wishes to seek DWSRF funding for LSLR, the amount needed for completion of the plan should be included in the project costs on page 2 under the final design phase. Then, provide the anticipated completion date of the LSLR Plan.

During this initial screening, all applicants have an opportunity to provide missing information within a 48-hour period. Please provide the above-listed items via email to DPH.DWSRF@ct.gov by **Tuesday, May 14, 2024**. If we do not receive the items requested by May 14th, your application will be considered incomplete and may be considered ineligible for SFY 2025 DWSRF funding. DPH will review all submitted additional information and may contact you for further clarification as we conduct our ranking evaluation of your project.

If you have any questions, I can be reached at (860) 936 - 1326 or by email at raul.tejada@ct.gov. Thank you for your interest in the DWSRF program.

Sincerely,

Raul Tejada

State of Connecticut – Department of Public Health
Drinking Water State Revolving Fund – Project Eligibility Application

SIGNATORY SHEET

PLEASE SIGN AND DATE THE FOLLOWING STATEMENT:

As the duly authorized representative of the applicant, I understand that in evaluating this application, the State of Connecticut has relied upon the information provided to evaluate the enclosed project proposal. If such information subsequently proves to be incomplete, inaccurate, false and/or deceptive, this application may be modified, suspended or revoked.

Further, I understand that this application may also be suspended or revoked if it is found that any conditions(s) set forth by the State of Connecticut have been violated or if such an action is necessary to maintain the purity or adequacy of the water supply or public health.

I hereby agree to comply with all applicable requirements of other State and Federal laws, Executive Orders, regulations and policies governing this program and am fully aware that any modifications to the proposed project plan once it has been approved and priority ranked may significantly affect our eligibility ranking and/or opportunity to secure DWSRF financing.

I understand that this application (including any attachments thereto) and any other documents, records or information that I submit to the State of Connecticut in connection with the DWSRF program shall be public records, except as otherwise provided by any federal law or state statute. I further understand that third parties may have access to such public records as required under the Connecticut Freedom of Information Act, Connecticut General Statutes, Section 1-7 through Section 1-211, as amended.

I understand that entering into any contracts or agreements for this project without receiving prior written approval from the Department may prevent a particular service from being funded by the DWSRF.

I understand that this is not an application for a loan, but only to provide information to enable the Department of Public Health to evaluate the project for funding eligibility under the DWSRF program. Submittal of this application is necessary in order to be eligible for a loan.

WATER SYSTEM TYPE AND SERVICING

System Type: ■ Community PWS ☐ Non-Profit Non-Community PWS ☐ Other (explain)

Is this PWS a Not-for-Profit water company? ☐ Yes ■ No If yes, attach the completed form

Is this a municipality-owned PWS? ■ Yes ☐ No
If yes, is the Municipal Plan of Conservation and Development current? ■ Yes ☐ No

Total population served by water system: 4,254 .

Population to be served by the affected area of the proposed project (see instructions): 4,254

Total number of service connections supplied by the water system: 1,441

Number of service connections supplied by the affected area of the proposed project (see instructions): 1,441

Will this project provide water service to additional service connections not already being supplied by this PWS?

☐ Yes (answer questions below) ■ No (move on to PURA question)

a) Will this project consolidate or interconnect an existing PWS?
☐ Yes (complete Public Water System Consolidation Form) ☐ No

b) Will this project serve homes with private wells that have water quality (approach/exceed MCL or Action Level) or quantity issues?
☐ Yes (complete Private Well Consolidation Form) ☐ No

c) Other situation not covered by a) or b): ☐ Yes (please attach explanation) ☐ No

Is the PWS regulated by the DEEP Public Utilities Regulatory Authority (PURA)? ☐ Yes ■ No
If yes, please note that you may be required to submit the appropriate financial and Construction Work in Progress (CWIP) documentation prior to a funding award.

Drinking Water State Revolving Fund – Project Eligibility Application

PROJECT COSTS - AMOUNT OF DWSRF REQUEST

Estimated Total project cost:	$ 450,000
Estimated Total amount requested from DWSRF:	$ 450,000
Estimated amount from other sources:	$
Identify other funding sources:	
Basis of Estimate:	

Breakdown of DWSRF request: (check all that apply)	**Anticipated Procurement Date (month & year)**	**Anticipated Contract Execution Date (month & year)**	**Estimated Amount from DWSRF**
☑ Feasibility Study/Preliminary Engineering or Other Planning	July 2024	October 2026	$ 450,000
☐ Final Design			$
☐ Construction			$

Does this amount include: (check all that apply)

☐ **Construction Oversight** ☐ **Easement**
☒ **Closing Costs** ☐ **Contingencies**

Have you retained an engineering firm or consultant for any work associated with this project? If yes, list services: ☐ Yes ☒ No

Any contract executed without prior DPH approval is not eligible for DWSRF funding.

PROJECT DESCRIPTION

Provide a brief description (summary) of your project. Also explain the impact this project will have on the water system. If possible, please include an approximate age of the current infrastructure in your description. (Attach a separate sheet if necessary):

Ledyard Center and Gales Ferry Systems, both served by Groton Utilities, are working to develop a comprehensive plan to assure compliance with the State and Federal requirements related to Lead and Copper Rule Revisions (LCRR). To achieve compliance with the requirements under the LCRR, Ledyard Center and Gales Ferry Systems are advancing a program to develop a Lead Service Line Inventory and Lead Service Line Replacement Plan, and educate their customers with public outreach resources.

State of Connecticut – Department of Public Health
Drinking Water State Revolving Fund – Project Eligibility Application

PROJECT LOCATION & ENVIRONMENTAL CONSIDERATIONS

Please identify the physical location or address of the project. **Attach a scaled map showing the project location, and other pertinent environmental information (i.e. Flood ways, 100 and 500 year flood areas, DEEP's Natural Diversity Database, etc.)** If available, please provide the GPS coordinates of the project location. For a water main, provide the start and end points.

The project encompasses Ledyard Center and Gales Ferry Systems, located in Ledyard, CT and served by Groton Utilities.

Identify any known potential obstacles that could prevent or delay this project from moving forward, including environmental considerations.

Unknown service line materials exist throughout the entire system.

PROJECT BENEFITS AND AREA OF IMPACT

Attach a scaled map to show the water service area served by the PWS that will be directly impacted by the water system improvement proposed in this project application (i.e. service areas, street maps, etc.).

Attach a map showing the census tracts that the project area impacts using the US Census Bureau's American Community Survey 5-Year Estimate for the years 2015-2019. List the census tract identification numbers. The Disadvantaged Community Index GIS mapping tool is available on the DWSRF website.

These maps and information will be used by the DWSRF program to verify the project's qualification for the Disadvantaged Community Assistance Program (DCAP) as identified in the current DWSRF Annual Intended Use Plan.

Describe the public health and environmental benefits that would be achieved with this project. (attach a separate sheet if necessary).

The identification of of lead service lines will benefit the public, ensuring lead-free drinking water and remain in compliance with the LCRR/LCRI.

ASSET AND FISCAL MANAGEMENT PLANS

Public Act No. 18-168 §61 requires Asset and Fiscal Management Plans for small community water systems. These plans must be in place by January 1, 2021. Refer to Circular Letter 2019-01 and the Capacity Development web-page for more information. These plans are recommended for all community water systems.

In order for a small water system to be eligible for federal subsidy with a DWSRF loan, the system must have an Asset Management Plan currently in place or agree to submit one to the DPH prior to entering into a loan agreement.

Does this public water system have an Asset Management Plan? ☒ Yes ☐ No Anticipated date: _____

Does this public water system have a Fiscal Management Plan? ☒ Yes ☐ No Anticipated date: _____

State of Connecticut – Department of Public Health
Drinking Water State Revolving Fund – Project Eligibility Application

PROJECT READINESS INFORMATION

Only those elements (planning, design, construction) of eligible projects that can result in executed contracts and DWSRF loan agreements within a state fiscal year funding cycle may receive funding. Elements of eligible projects that cannot result in executed contracts and DWSRF loan agreements will be eligible to receive funding in future funding cycles. **This section must be completed in order for the DPH to determine those elements of a project that can be funded during this funding cycle.**

PROJECT READINESS

Indicate type(s) of local funding authorization(s) (i.e. town council, referendum, local board, etc.) necessary for this project: Town Meeting/Public Hearing

Provide a list showing any that have been obtained with the date, and those that still need to be obtained and the date those are expected to be obtained.

What phase(s) of the project do these local funding authorization(s) cover? (check all that apply)

☒ Planning ☐ Design ☐ Construction

Has a Preliminary Engineering Report, or equivalent project planning report, been prepared for this project?

☐ Yes Date report was completed:_____. (Submit report with this EA)

☒ No Anticipated date the report will be completed:_____.

Is the final design of the project complete?

☐ Yes Date final design was completed:_____. (Attach final design to this EA)

☒ No Anticipated date the design will be completed:_____.

Have bid specifications been prepared for this project?

☐ Yes (Submit DWSRF Pre-Bid Checklist with bid specifications)

Anticipated date it will be ready for competitive bidding:_____.

☒ No Anticipated date bid specifications will be available:_____.

Have all sites, easements or rights-of-way necessary to assure undisturbed construction and operation and maintenance of the proposed project been acquired?

☐ Yes Submit a list of those sites, easements and rights-of-way.

☐ No Submit a list of those sites, easements, or rights-of-way that are necessary, their status, and when they are anticipated to be acquired.

☒ Not determined yet.

Has the project obtained **all** required local approvals to proceed (e.g. planning & zoning, inland wetlands, etc.)?

☐ Yes Submit a list of all necessary local approvals and/or permits for this project, the local issuing entity, and date at which the approval or permit was obtained.

☐ No Submit a list of all necessary local permits or approvals for this project, the local issuing entity, their status and when they are anticipated to be acquired.

☒ Not determined yet

Has the project obtained **all** State permits or approvals needed for this project (i.e. DEEP diversion permits, DOT permits, DPH change of use permits, etc.)? ** **See note below** **

☐ Yes Submit a list of all necessary state agency approvals and/or permits for this project, the state issuing entity, and date at which the approval or permit was obtained.

☐ No Submit a list of all necessary state agency approvals and/or permits for this project, the state issuing entity and a status for each

☒ Not determined yet

What is the anticipated start date for construction of this project? _____.

Please ensure that time to obtain all authorization and approvals noted above, along with necessary DWSRF Program approvals, has been taken into consideration in determining this anticipated date.

NOTE: For purposes of answering the question regarding permits, state permits include permits issued by the DPH (i.e. Sale of Excess Water, Water Company Land, etc.); however, state approvals DO NOT include any approvals that are associated with the DPH DWSRF review process (technical project review & approval, pre-bid document review & approval, authorization to award contract).

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not necessarily identify all areas subject to flooding, particularly from local drainage sources of small size. The **community map repository** should be consulted for possible updated or additional flood hazard information.

To obtain more detailed information in areas where **Base Flood Elevations** (BFEs) and/or **floodways** have been determined, users are encouraged to consult the Flood Profiles and Floodway Data and/or Summary of Stillwater Elevations tables contained within the Flood Insurance Study (FIS) Report that accompanies this FIRM. Users should be aware that BFEs shown on the FIRM represent rounded whole-foot elevations. These BFEs are intended for flood insurance rating purposes only and should not be used as the sole source of flood elevation information. Accordingly, flood elevation data presented in the FIS Report should be utilized in conjunction with the FIRM for purposes of construction and/or floodplain management.

Coastal Base Flood Elevations shown on this map apply only landward of 0.0' North American Vertical Datum of 1988 (NAVD 88). Users of this FIRM should be aware that coastal flood elevations are also provided in the Summary of Stillwater Elevations table in the Flood Insurance Study Report for this jurisdiction. Elevations shown in the Summary of Stillwater Elevations table should be used for construction and/or floodplain management purposes when they are higher than the elevations shown on this FIRM.

Boundaries of the **floodways** were computed at cross sections and interpolated between cross sections. The floodways were based on hydraulic considerations with regard to requirements of the National Flood Insurance Program. Floodway widths and other pertinent floodway data are provided in the Flood Insurance Study Report for this jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by **flood control structures**. Refer to Section 2.4 "Flood Protection Measures" of the Flood Insurance Study Report for information on flood control structures for this jurisdiction.

The **projection** used in the preparation of this map was Connecticut State Plane Zone (FIPS zone 0600). The **horizontal datum** was NAD 83, GRS 1980 spheroid. Differences in datum, spheroid, projection or UTM zones used in the production of FIRMs for adjacent jurisdictions may result in slight positional differences in map features across jurisdiction boundaries. These differences do not affect the accuracy of this FIRM.

Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to structure and ground elevations referenced to the same **vertical datum**. For information regarding conversion between the National Geodetic Vertical Datum of 1929 and the North American Vertical Datum of 1988, visit the National Geodetic Survey website at http://www.ngs.noaa.gov or contact the National Geodetic Survey at the following address:

NGS Information Services
NOAA, N/NGS12
National Geodetic Survey
SSMC-3, #9202
1315 East-West Highway
Silver Spring, Maryland 20910-3282
(301) 713-3242

To obtain current elevation, description, and/or location information for **bench marks** shown on this map, please contact the Information Services Branch of the National Geodetic Survey at **(301) 713- 3242**, or visit its website at http://www.ngs.noaa.gov.

Base map information shown on this FIRM was derived from digital orthophotography provided by the Connecticut Deptarment of Environmental Planning. This information was created from photography dated 2000, 2004 and 2005.

The **profile baselines** depicted on this map represent the hydraulic modeling baselines that match the flood profiles in the FIS report. As a result of improved topographic data, the **profile baseline**, in some cases, may deviate significantly from the channel centerline or appear outside the SFHA.

Based on updated topographic information, this map reflects more detailed and up-to-date **stream channel configurations and floodplain delineations** than those shown on the previous FIRM for this jurisdiction. As a result, the Flood Profiles and Floodway Data tables for multiple streams in the Flood Insurance Study Report (which contains authoritative hydraulic data) may reflect stream channel distances that differ from what is shown on the map. Also, the road to floodplain relationships for unrevised streams may differ from what is shown on previous maps.

Corporate limits shown on this map are based on the best data available at the time of publication. Because changes due to annexations or de-annexations may have occurred after this map was published, map users should contact appropriate community officials to verify current corporate limit locations.

Please refer to the separately printed **Map Index** for an overview map of the county showing the layout of map panels; community map repository addresses; and a Listing of Communities table containing National Flood Insurance Program dates for each community as well as a listing of the panels on which each community is located.

For information on available products associated with this FIRM visit the **Map Service Center (MSC)** website at http://msc.fema.gov. Available products may include previously issued Letters of Map Change, a Flood Insurance Study Report, and/or digital versions of this map. Many of these products can be ordered or obtained directly from the MSC website.

If you have **questions about this map,** how to order products, or the National Flood Insurance Program in general, please call the **FEMA Map Information eXchange (FMIX)** at **1-877-FEMA-MAP** (1-877-336-2627) or visit the FEMA website at http://www.fema.gov/business/nfip.

LEGEND

SPECIAL FLOOD HAZARD AREAS (SFHAs) SUBJECT TO INUNDATION BY THE 1% ANNUAL CHANCE FLOOD

The 1% annual chance flood (100-year flood), also known as the base flood, is the flood that has a 1% chance of being equaled or exceeded in any given year. The Special Flood Hazard Area is the area subject to flooding by the 1% annual chance flood. Areas of Special Flood Hazard include Zones A, AE, AH, AO, AR, A99, V, and VE. The Base Flood Elevation is the water-surface elevation of the 1% annual chance flood.

ZONE A	No Base Flood Elevations determined.
ZONE AE	Base Flood Elevations determined.
ZONE AH	Flood depths of 1 to 3 feet (usually areas of ponding); Base Flood Elevations determined.
ZONE AO	Flood depths of 1 to 3 feet (usually sheet flow on sloping terrain); average depths determined. For areas of alluvial fan flooding, velocities also determined.
ZONE AR	Special Flood Hazard Areas formerly protected from the 1% annual chance flood by a flood control system that was subsequently decertified. Zone AR indicates that the former flood control system is being restored to provide protection from the 1% annual chance or greater flood.
ZONE A99	Area to be protected from 1% annual chance flood by a Federal flood protection system under construction; no Base Flood Elevations determined.
ZONE V	Coastal flood zone with velocity hazard (wave action); no Base Flood Elevations determined.
ZONE VE	Coastal flood zone with velocity hazard (wave action); Base Flood Elevations determined.

FLOODWAY AREAS IN ZONE AE

The floodway is the channel of a stream plus any adjacent floodplain areas that must be kept free of encroachment so that the 1% annual chance flood can be carried without substantial increases in flood heights.

OTHER FLOOD AREAS

ZONE X	Areas of 0.2% annual chance flood; areas of 1% annual chance flood with average depths of less than 1 foot or with drainage areas less than 1 square mile; and areas protected by levees from 1% annual chance flood.

OTHER AREAS

ZONE X	Areas determined to be outside the 0.2% annual chance floodplain.
ZONE D	Areas in which flood hazards are undetermined, but possible.

COASTAL BARRIER RESOURCES SYSTEM (CBRS) AREAS

OTHERWISE PROTECTED AREAS (OPAs)

CBRS areas and OPAs are normally located within or adjacent to Special Flood Hazard Areas.

	1% Annual Chance Floodplain Boundary
	0.2% Annual Chance Floodplain Boundary
	Floodway boundary
	Zone D boundary
	CBRS and OPA boundary
	Boundary dividing Special Flood Hazard Area Zones and boundary dividing Special Flood Hazard Areas of different Base Flood Elevations, flood depths, or flood velocities.
513	Base Flood Elevation line and value; elevation in feet*
(EL 987)	Base Flood Elevation value where uniform within zone; elevation in feet*

*Referenced to the North American Vertical Datum of 1988

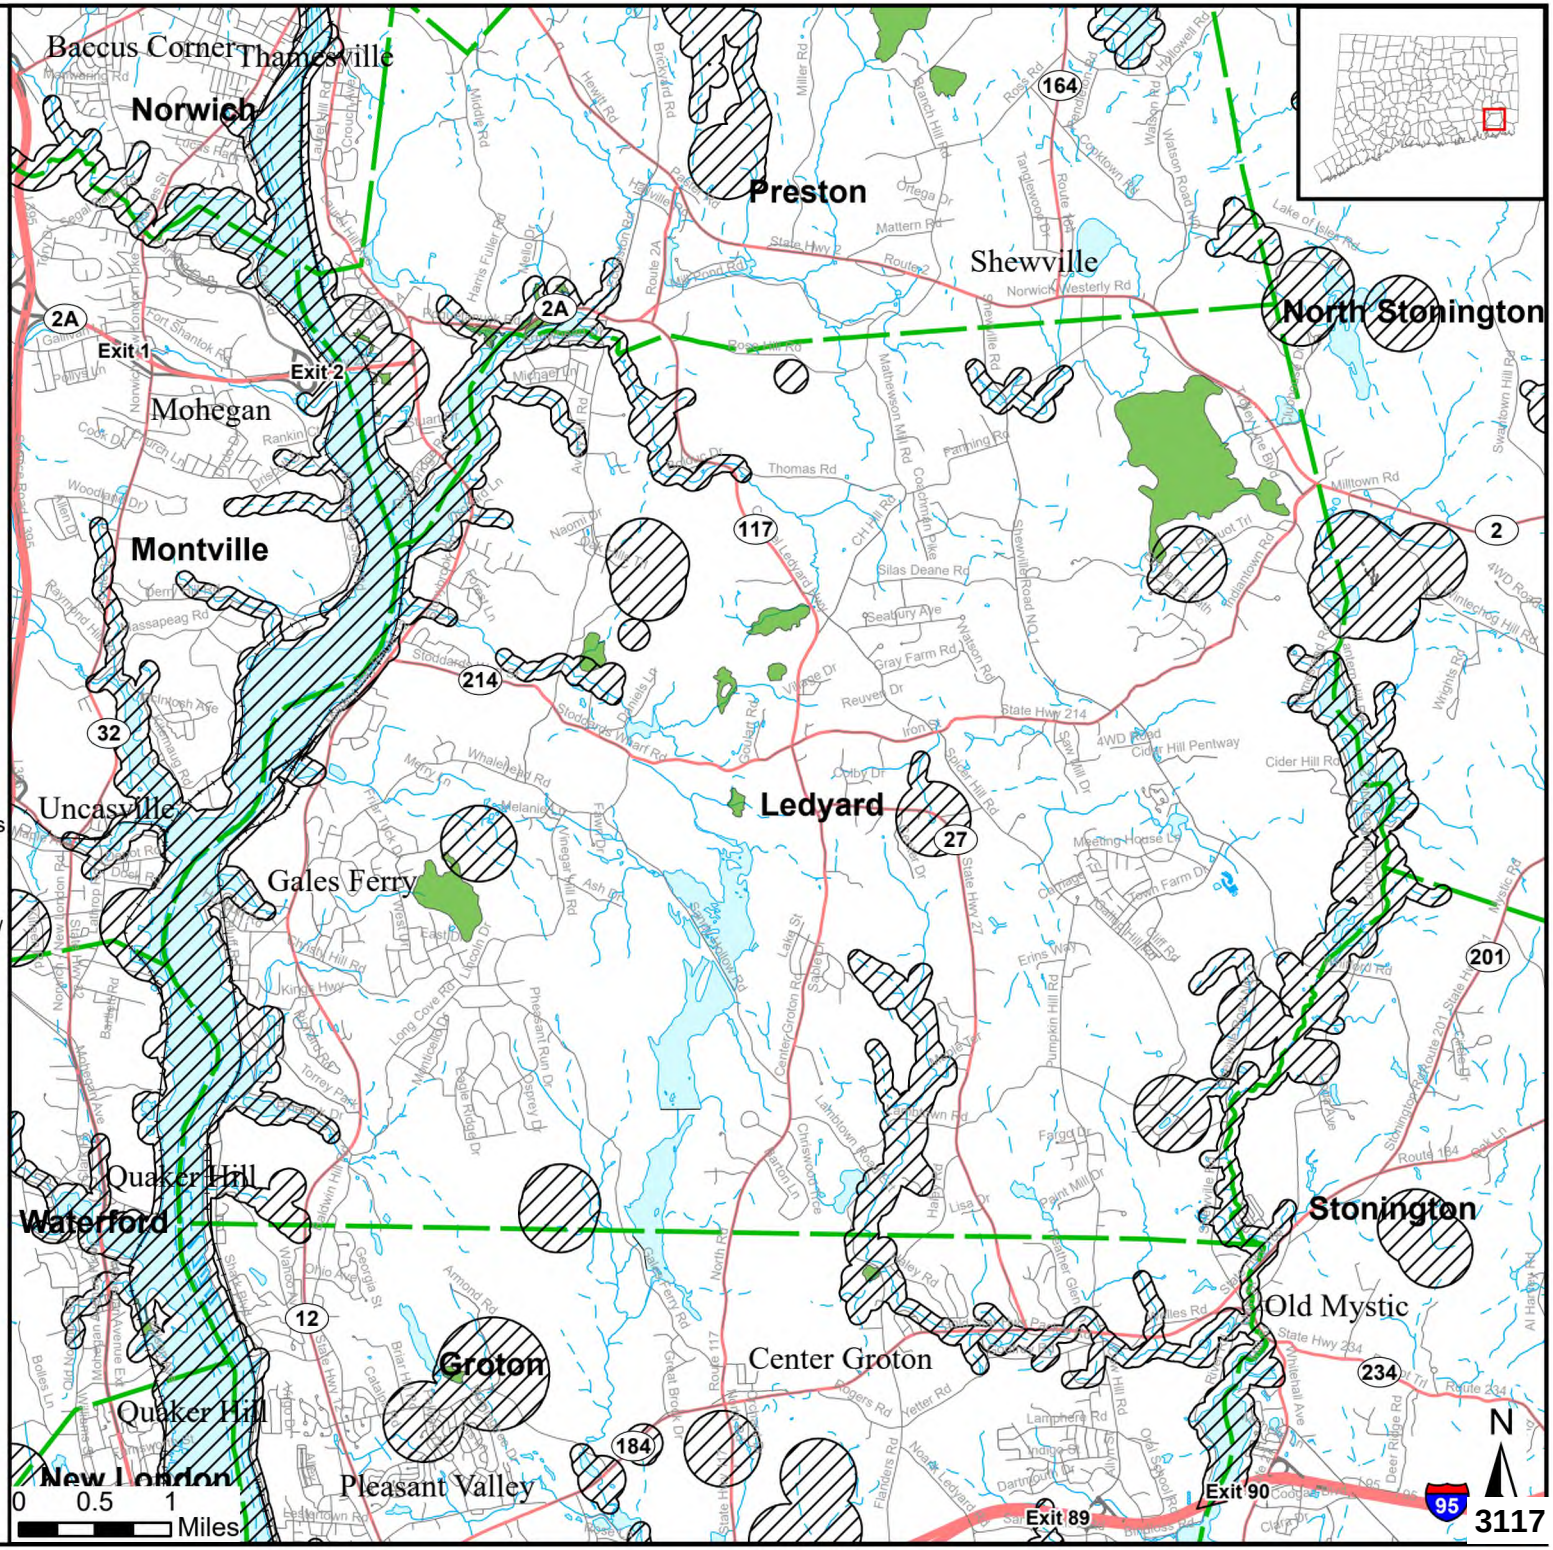
State and Federal Listed Species

Critical Habitat

Town Boundary



NOTE: This map shows known locations of State and Federal Listed Species and Critical Habitats. Information on listed species is collected and compiled by the Natural Diversity Data Base (NDDB) from a variety of data sources . Exact locations of species have been buffered to produce the generalized locations.

This map is intended for use as a preliminary screening tool for conducting a Natural Diversity Data Base Review Request. To use the map, locate the project boundaries and any additional affected areas If the project is within a hatched area there may be a potential conflict with a listed species. For more information, use DEEP ezFile https://filings.deep.ct.gov/DEEPPortal/ to submit a Request for Natural Diversity Data Base State Listed Species Review or Site Assessment. More detailed instructions are provided along with the request form on our website. https://portal.ct.gov/deep-nddbrequest

Use the CTECO Interactive Map Viewers at http://cteco.uconn.edu to more precisely search for and locate a site and to view aerial imagery with NDDB Areas.
