Problem:

Good morning Justin & Kirk:

The Community Relations Committee for DEI has received their first Town Government Training Presentation - Video Meeting 11/20/2024.

I have put the Meeting Video on the "P" Drive":

- Video Folder
- Comm Rel -Government Training Folder

If you could create that link we talked about they would like it titled: "Ledyard Academy - How Your Government Works"

If you could snip Jen Smith's Presentation out of the Video to put into the "Ledyard Academy - How Your Government Works" link that would be great.

Because we had to do a "Do Over" her actual presentation starts at 7:52 into the video and ends at 28.00.

If you could also put the snipped video in the "P" Drive Folder that would be great.

Also, I have included the Tax Assessor's Information/Presentation in the Comm Rel-Government Training Folder. Could you also add this one to the "Ledyard Academy - How Your Government Works" .

Also, could you please send me the Link to the "Ledyard Academy - How Your Government Works".

This is not urgent.

Thank you for your help,

Rox
