I wanted to provide a brief update on our Impact Aid revenue for the current fiscal year. With the latest payments received, our total Impact Aid revenue stands at \$1,098,255, compared to our budgeted amount of \$1,050,000. **This represents a current revenue surplus of \$48,255.** While I cannot confirm whether additional funds will be received before the end of the fiscal year, I did note that the most recent payments were labeled as “Interim,” which suggests that at least one more payment may be forthcoming. However, the timing and amount remain uncertain at this point.

I’ll continue to keep you informed as more information becomes available.

Best regards,
Jay
