Subject: Request the following to be read into the record.

First and foremost,

I would like to you all for choosing to serve the public on the town council. No matter what your affiliation, this is still the best country on planet earth. Many have given their lives to support and defend the Constitution against all enemies, foreign and domestic.

That said , I understand that we have some on the council , that are simply unable to rise for the pledge of allegiance. Be it laziness , or indifference, it is a cry for attention. Being that they are so impacted , I believe they are unable to carry out their duties of their office. I am asking them to resign so we can focus on town business.

The rest of the board doesn't deserve the disrespect, and neither does the town . Instead of pouting , contact Joe Courtney and tell him what you think should change with the US Code of regulations. Congress passes laws, immigration enforces them .

Somehow you forgot you work for us , not the other way around. Thank you for your time.

Respectfully

John Boyle
