You don't often get email from lisette.stone@ct.gov. [Learn why this is important](#)

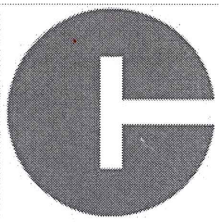

Good Afternoon Ms. Burdick,

It was a pleasure to speak with you earlier today. Welcome Back to Ledyard! Per our conversation, the Department of Public Health (Department) has recently received the revised subdivision plan proposal (Proposal) for Avery Brook Homes LLC located at 96, 98 and 100 Stoddards Wharf Road in Ledyard, Connecticut. The Department has commenced its review of the Proposal and intends to draft Testimony to the Town of Ledyard pursuant to Connecticut General Statutes [Section 25-32f](#).

When available, can you please provide the Department with the date(s) of any upcoming Planning and Zoning, or Inland Wetland and Watercourses Commission, hearings? We hope to have our Testimony submitted in advance of public hearing.

Thank you and please feel free to reach out for any further clarification.

Very Respectfully,

LISETTE STONE
