AYES:	April Brunelle, Ty Lamb, Adrienne Parad

Councilor Brunelle stated that these items would be added to tonight’s Agenda as Items: #13, 14, 15, 16.

1. Primary Care for All Americans

Councilor Parad provided some background, noting at the Town Council’s September 10, 2025 meeting Dr. Fine gave a presentation on *Primary Care for All*. She stated that Dr. Fine was one of the founders of the Scituate Health Alliance, which was an initiative that made Scituate, Rhode Island—population just 10,000—the first place in the United States where every resident was guaranteed access to primary care. She stated that *Primary Care for All* would provide actual care such as: annual physicals, sick visits, screenings, and preventive services, all available for just \$10 per visit. She stated Scituate, Rhode Island was built on local leadership, and the belief that healthcare should be a public good.

Councilor Parad went on to state after seeing Dr. Fine’s Presentation that Mr. Drew Chappell attended the Community Relations Committee for DEI October 15, 2025

meeting to express his interest and willingness to help with the initiative locally here in Ledyard. She stated that Mr. Chappell was a Ledyard resident and that he had some medical background noting that he worked in prehospital care as a paramedic (EMT) for fifteen years working with American Ambulance (now Hartford Healthcare); and that he also worked in the emergency departments of Backus Hospital and Plainfield Emergency Care Center.

Councilor Parad stated that Mr. Chappell has taken over the process to launch the *Ledyard Primary Care for All Americans PILOT Program*. She stated that the *Ledyard Primary Care for All Americans Committee* has met once in-person and were in the information gathering process to find out how much access does Ledyard Residents have to Primary Care, were they using it, etc. She stated with this information the Committee would work to try to figure out how to save money for healthcare expenditures. She stated that it looked like Ledyard would be a subgroup of the National Organization; “Primary Care for All Americans” which has a 501(c) non-profit status. She stated the *Ledyard Primary Care for All Americans Committee* has been vibrant on-line with social media, etc.

Councilor Lamb stated that reviewed Dr. Fine’s PowerPoint Presentation and that he thought *Primary Care for All Americans* was a great initiative, noting that the healthcare system in America had to be fixed. He stated that he would like to see their local leaders work with their State Representatives to reform health insurance.

Councilor Parad suggested Councilor Lamb watch the video from the Town Council’s September 10, 2025 meeting, at which Dr. Fine gave an informative presentation.

Next Meeting: 1/21/2026 6:30 p.m.

2. Protocol to develop a relationship with the Mashantucket Pequot Tribal Council to help foster communication and mutual points of interest.

Councilor Brunelle provided some background noting that the Community Relations Committee for Diversity, Equity & Inclusion has had this item on their agenda, noting that former Town Council Chairman Naomi Rodriguez had been communicating with some members of the Mashantucket Pequot Tribal Council. She asked whether Councilor Parad or Councilor Lamb would like to volunteer to be their spokesperson, noting that she did not have a problem with taking on that role, if they were not interested.

Councilor Lamb stated that he believed it was important to have a relationship with the Mashantucket Pequot Tribal Nation. He stated that he thought the town should have a relationship with all of the Indian Tribes in their area including the Eastern Pequot Tribe, and the Mohegan Tribe. He stated that he was 1,000% behind communicating with all of the Tribes in their area and to find win-win opportunities with them.

Councilor Lamb stated that the Board of Education had to have a relationship with the Mashantucket Pequot Tribe for legal purposes. Therefore, he questioned the town’s goal to develop a relationship with the Tribe. Councilor Brunelle explained that the

Community Relations Committee for Diversity, Equity & Inclusion goal was to serve as an Ambassador to foster communication.

Councilor Lamb stated the Historic District Commission has been communicating with the Mashantucket Pequot Tribe; and he questioned whether the Commission could continue to do that. Councilor Brunelle stated that the Historic District Commission could continue to communicate with the Mashantucket Pequot Tribe.

Mr. Jeff Eilenberger, 2 Village Drive, Ledyard, noted that the Town was currently in Federal Court with the Mashantucket Pequot Tribal Nation (MPTN) because they were looking to Annex up-to 5,000-acres in the Town of Ledyard. Therefore, he questioned whether the Mayor was aware that the Community Relations Committee for Diversity, Equity, & Inclusion was communicating with the Tribe.

Councilor Brunelle noted that Mayor Allyn, III knew that the Committee has had this item on their Agenda for a long time; and that former Town Council Chairman Rodriguez was communicating with the Tribe and Chairman St. Vil attended a couple of meetings as well. She stated regardless of whether they were in litigation that she thought that they should still reach out to the Mashantucket Pequot Tribal Nation (MPTN).

Councilor Parad questioned Mr. Eilenberger's concern with the Community Relations Committee for Diversity, Equity, & Inclusion's interest in fostering communication with the Mashantucket Pequot Tribal Nation (MPTN). Mr. Eilenberger questioned how long Councilor Parad has been a Ledyard Resident. Councilor Parad stated that she has lived in Ledyard about 12 – 13 years. Mr. Eilenberger explained that there was a lot of history regarding between the Town and the Tribe. He stated urged caution in working to be community oriented because that without realizing it, things may come-up or be discussed during a conversation. He stated because they were in litigation he wanted to make sure the Town's Executive Officer was aware of the Community Relations Committee for Diversity, Equity & Inclusion's intentions.

Councilor Parad stated at the Community Relations Committee for Diversity, Equity & Inclusion's October 15, 2025 meeting that she had reported that she reached out to the Mashantucket Pequot Tribe's Chief Medical Officer Dr. Vora about partnering with Ledyard regarding *Primary Care for All*. She stated that Dr. Vora replied stating that he was interested in helping Ledyard with their *Primary Care for All* initiative. However, she noted that this week she read in the Norwich Bulletin Newspaper an article about Hartford Healthcare and the Mashantucket Pequot Tribal Nation has formed a partnership to build a brand new Healthcare Facility, that appeared to be the first of its kind. She stated there would be some overlap between traditional medicine and the Tribe's traditional medicine as well, noting there would be a room for Drum Circles, etc. She stated because she had not heard anything further from Dr. Vora that it may have been because of this Healthcare Facility.

Councilor Lamb stated while there was history on both sides that he believed that it was important to reach out and to build trust that may lead to some joint ventures, such as grant opportunities. He stated that there should be ways for their communities to come together and find win-win opportunities. Therefore, he stated that the Community

Relations Committee for Diversity, Equity, & Inclusion should continue to work to foster communications with the Mashantucket Pequot Tribal Nation.

3. Plan Event to Recognize Colonel William Ledyard and Commemorate the Battle of Groton Heights

Councilor Brunelle explained that former Community Relations Committee for Diversity, Equity & Inclusion Member Councilor Barnes suggested the Town plan an event to Commemorate the town's namesake Colonel William Ledyard and the Battle of Groton Heights. She stated that the actual sword that Colonel William Ledyard was killed by was on display at the Bill Library in Groton, which was adjacent to the museum. She noted that Councilor Barnes spoke with Groton Library Director Ms. Wendy Connell about loaning Colonel Ledyard's Sword to Ledyard for a Ceremony. However, Ms. Connell stated that she did not believe that she could just relinquish this piece of historic artifact; but if Ledyard was doing some type of Ceremony that she thought that she may be able to bring the Sword in its case to the event. Councilor Brunelle stated because of the timing the Committee was not able to recognize Colonel William Ledyard at the 2025 Memorial Day Parade; however, they noting in the coming year that there would be a series of events for the Celebration of the 250th Anniversary of their Country's Independence, and that there may be a way to tie this into those events.

Councilor Lamb stated that he attended the America 250 Planning Committee's December 9, 2025 meeting, noting that they requested the Lamb Family provide a Tractor and Wagon for the 2026 Memorial Day Parade. He suggested they use the Wagon for a display to Commemorate the town's namesake Colonel William Ledyard. He stated that he would reach out the Groton Bill Library to see if they could borrow Colonel Ledyard's Sword for the Wagon Display. He stated that perhaps they could also recognize Colonel Ledyard with some type of small ceremony on his birthday or during the 250 Celebration. He stated that he would try to reach out to decedents of Colonel William Ledyard that may be living in the area.

It was noted that Colonel Ledyard was born in Groton on December 6, 1738; and died at the age of 42 on September 6, 1781.

4. Black History Month Essay & Poster Contest (February)

Councilor Brunelle stated when Chairman St. Vil was serving on the Community Relations Committee for Diversity, Equity, & Inclusion that he was the point person for the Black History Month Program. She stated that she would reach out to Chairman St. Vil to discuss the contact person for each of the schools relative to distributing the Contest Guidelines, noting that it was an Essay Contest for the Middle School and High School Students; and a Poster Contest for the Elementary School Students.. She stated in the past members of the community served as the Judges, noting that last year the following individuals served as the Judges: Library Commission Member Mr. Ralph Hightower, Police Sergeant Michael McKinney, Sergeant Matthew Andrade, Board of

Education Member Mary Harris, Town Councilor Gary St. Vil, and former Chairman Rodriguez.

Councilor Lamb stated when he was serving on the Board of Education and he saw the Black History Month Contest and thought that it would have been nice if they had a Special Joint Meeting between the Town Council and Board of Education to recognize the students. He stated that this would be another opportunity for the two bodies to work together.

Councilor Parad stated in past years there were some cash prizes that were paid by members of the Town Council. Councilor Brunelle stated that former Chairman Rodriguez and Chairman St. Vil paid for the cash prizes. Therefore, she stated the Committee was going to have to talk about how they wanted to handle the prizes. She suggested getting some sponsors from some of the local businesses to provide donations to support the prizes. Councilor Lamb stated if they were soliciting donations that anyone could donate toward the prizes, noting that if some members of the Town Council wanted to donate they could. Councilor Brunelle stated Councilor Lamb was correct.

 - Linda C. Davis Woman of the Year Award

Councilor Lamb asked who received the award last year.

Administrative Assistant Roxanne Maher Mrs. Kathryn Strout was the recipient of the *First Linda C. Davis Woman of the Year Award*, noting that she was a dedicated volunteer and instrumental at the *Linda C. Davis Food Pantry*.

Councilor Brunelle stated because last year was the first year and they were short on time to get the initiative off the ground that some people just submitted names, and others submitted a short paragraph about the person they were nominating. She stated that they would formalize the process this year and ask that those submitting nominations write a short paragraph about the person; and why they thought they should be the recipient of the *Linda C. Davis Woman of the Year Award*.

Councilor Lamb questioned whether the nominations needed to be a living person; who would be the judges; and whether there was a criteria used to evaluate the nominations.

Councilor Brunelle stated that the Award was for a living person. She stated last year all of the nominations were sent to the members of the Community Relations Committee for DEI to rank each of the nominations. Next Meeting: 1/21/2026 6:30 p.m.

8. Identify various town venues to host "*Informal Conversations in the Park*" to engage residents in discussions regarding their concerns and their ideas for potential solutions.

Councilor Brunelle stated the Committee has used this item as an opportunity to bring the Community together to talk about ideas or concerns they had. She noted the following examples:

- July 20, 2022 - Park on East Drive to discuss vandalism to the park. This resulted in cleaning up the park, locking the gate at night, and regular Police Patrols.
- November 7, 2024 – Pickle Ball Courts

Councilor Lamb stated that they should develop a list of Focus Topics. He commented on the benefits of having face-to-face conversations; opposed to presentations or conversations on social media, noting on social media that some folks can be mean. He stated while he was serving on the Board of Education one of the Focus Topics he hosted was the exclusion of home schooled students from the Ledyard Sports Programs. He suggested the Community Relations Committee for Diversity, Equity, & Inclusion brainstorm and develop a list of three Focus Items. He stated finding a venue in town was easy, noting the town had great parks such as the Nathan Lester House, Sawmill; etc. He stated that he was 1,000% behind making this happen and that he would provide some suggestions about two-weeks before their January 21, 2026 meeting for the Committee to review in preparation for their discussion.

She stated that she would like to get a Pizza Truck this year; and that she would be working on this Event.

Councilor Lamb stated that Electric Boat-General Dynamics has a number of Committees, noting that he believed they had a Pride Committee. He suggested Councilor Brunelle reach out to Electric Boat-General Dynamics because they had a large network and could bring Ledyard's Pride Pizza in the Park to the next level.

Councilor Brunelle stated that she would like Ledyard's Pride Pizza in the Park to be an Event that was open and welcoming to people in Ledyard and outside of Ledyard as well. However, she stated that she was not looking to make it huge. She noted that her husband worked at Electric Boat-General Dynamics and that she would ask him to get her a telephone number.

Councilor Brunelle stated in years past the Community Relations Committee for Diversity, Equity, & Inclusion has used their Booths at the Farmers Market to introduce residents to things such as:

- Recycling Compost Program
- Sign up for the “*Notify Me*”

Councilor Brunelle stated that she typically tries to reserve a Booth twice during the Summer Market. She stated suggested the Committee discuss ideas for their Booths this summer.

Councilor Lamb suggested when Councilors attend their Liaison Assignments that they should encourage their Committees use a Booth at the Farmers Market to provide information to residents about what they do in town. Councilor Parad agreed with Councilor Lamb’s suggestion, noting that several Town Committees such as the Beautification Committee was already hosting their own Booth at the Farmers Market.

Councilor Parad went on to note that during this past year each of the Departments put together information to provide transparency on how their local government worked; and to help residents access the town services Departments provide. She suggested the Community Relations Committee use one of their Booths this summer to provide awareness of this resource. She also noted that they could let residents know about some of their initiatives and ask if they would like to help plan an Event.

Councilor Brunelle stated the presentations were attached to Legislative File on their Agenda and they were being uploaded to the Ledyard Academy link on the town’s website. She noted the *Ledyard Academy* link could be found by visiting the town’s website at www.ledyardct.org; and clicking on the “*Our Community*” Tab and then clicking on the “*Ledyard Academy*”

She noted as an example that the Linda C. Davis Food Pantry collects food throughout the year; however, they may need more volunteers to work at the Food Pantry. She also suggested they could have organizations give a short presentation regarding the types of donations they need, their hours of operation, and how residents could volunteer and help.

Councilor Parad suggested Organizations provide a presentation at one of their meetings noting that it would be on video and that they could play the video in the future; or residents could watch the video/presentation at a later time.

RESULT: CONTINUED **Next Meeting: 1/21/2026 6:30 p.m.**

13. Diversity, Equity, & Inclusion Crossover with Board of Education

Councilor Lamb stated the Board of Education had a Diversity, Equity, & Inclusion Committee; and therefore, he thought that this Community Relations Committee for Diversity, Equity, & Inclusion may have some opportunities to build a relationship and to do some joint events together with the Board of Education’s Committee. He suggested the first step would be for the two Committee Chairman to have a conversation regarding their initiatives to see if there were any opportunities that could be done jointly.

How providing primary care to Ledyard and save taxpayer dollars, build the economy and make Ledyard healthier

PRIMARY CARE FOR ALL AMERICANS

Lessons from our movement

Michael Finn, M.D.

1

Our Challenge: US Health Care is a hot mess

- Life expectancy** 46th in the world
- Infant mortality** 50th in the world
- Health Disparities**
 - Life Expectancy: Black Americans 4.5 years shorter than white Americans, 1.5 years shorter than Asian Americans
 - Infant Mortality: Black Americans three times greater than white Americans

2

And it's crazy expensive

- \$5 trillion in 2023
 - ~10% of GDP
 - TWICE the average cost of other developed nations
 - House: \$76 per year
 - Individual: \$15,000 per person per year
 - Commercial insurance: \$9000 ppr/\$25,592 per family per year
- Communities**
 - \$150 million for every community of 10,000 people
 - The town budget for Schuette, MI population about 10,000 was \$45.8 million in 2025
 - Healthcare: \$100 million**
 - The 2026-2027 budget was \$70 million

3

The primary care triple superpower

Primary care improves health, reduces disparities and lowers costs when everyone has it

- By giving people an affordable option when they are sick (instead of the emergency room).
- By delivering effective prevention.
- By helping people with chronic disease get the treatments and prevention they need.

4

Too few Americans have primary care

No more than 43 percent of the US population has a meaningful longitudinal primary care relationship

Only 65.7 percent of Medicare beneficiaries had a PCP visit within the last year (2019)

 3. Rhee SE, Chao YC, Park AJ, et al. Trends in outpatient care for Medicare beneficiaries and implications for primary care. *Ann Intern Med*. 2021;174(12):1698-1699.

5

Primary care is affordable – it costs no more than other essential services cities and towns provide for their own residents

- About 3.9 percent of the total health care spend
 - \$65 per person per year**
 - (The cost for advanced patient-focused team-supported primary care is likely \$1000-1200 per person per year)
- Similar to the costs of other services cities and towns provide for all their residents:
 - Police and fire protection – about **\$525** per person per year
 - Water and sewer – **\$400** per person per year
 - Roads – **\$622** per person per year
 - Elementary and secondary education – **\$2809** per person (not per student) per year

6

What can Ledyard do?

- Study and report on Ledyard's primary care resources yearly
- Help our students become the primary care clinicians of the future
- Create local scholarships with obligations for local practice
- Redo the purchase of health insurance for public employees
- Fund primary care for the uninsured

7

How can Ledyard get started?

- Start a local workgroup
- We'll help!

I have been in contact with Annette of the Hope House and she invited me for a tour of the facility. I am scheduled for 9/30/25 at 10:00AM.

I would like to extend the invitation to any council members and/or the Mayor to join me in this community outreach discussion.

Thank you,

Adrienne Parad

Per Annette, this is her rationale:

What We Need from the Members of Government of the Town of Ledyard

We welcome the opportunity to meet with you and encourage you to invite anyone who may have an interest in our work. Our goals for building this relationship are twofold:

1. **Awareness & Collaboration** – We want you to have a clear understanding of who we are, the services we provide, and how these services can be utilized to better support the residents of Ledyard.
2. **Partnership & Funding Opportunities** – We hope to explore ways to partner with the Town, particularly in seeking financial assistance through available resources such as opioid settlement funding or cannabis revenue allocations.

By working together, we can strengthen the community response to recovery, prevention, and support services in Ledyard.

Good morning Dr. Vora,

The Town Council committee on Community Relations and DEI met last night and we discussed reaching out to you. The MPTN has a wonderful health care program and we would love to learn more about how you ensure that your whole community is cared for. We had a great presentation by Dr. Michael Fine at the last full Town Council meeting and the community is now engaged in the research and planning required to institute a progressive plan to make a “Primary Care for all Americans” pilot in Ledyard. Would this be something that you would consider partnering with us to do? We are always looking for more ways to make our communities more cohesive!

Thank you for your consideration,

Dr. Vora,

We are trying to incorporate the principals of community building and equity through the primary care for all Americans framework. Ashtabula, OH was able to start by ensuring all town employees had access to a primary care physician, and thus it saved 15-20% of total health care costs by reducing emergency visits and preventive measures. I'll attach a policy statement highlighting the importance of primary care and an equitable approach.

aafp.org

Here is a link to our most recent Town Council meeting where we had a guest speaker, Dr. Michael Fine, discuss strategies for incorporating this in our local community. You can skip ahead to about 17:30 to watch and it's less than 15 minutes long.

granicus.com

We have some ambitious ideas, but I think it's something we can do. I look forward to hearing your ideas about it and how we can learn from and partner with the MPTN on this!

Thank you for circling back,
Adrienne
