I am writing to you to express my deep disappointment and sadness as I listen tonight to Loureiro's engineer's detail his plan to completely obliterate the landscape of Gales Ferry. As if that isn't enough, the trucks, noise, dust, absolute destruction, and the sheer longevity of the project is beyond comprehension. Nobody in their right mind would think this is a good idea.

The fact that you are even considering this plan further deteriorates my faith in the authorities running this town. You clearly live nowhere near Gales Ferry village.

You need to turn down this application.
