circular-letter-2025-01-dwsrf-call-for-projects-2026.pdf

459 KB

Ed,

This email is a follow up of the circular letter notifying public water systems that the Connecticut Drinking Water State Revolving Fund's (DWSRF) annual Call for Projects has begun for State Fiscal Year 2026 (see attached). For this year's Call for Projects, and Eligibility Application is required for NEW and EXISTING Projects which are seeking funding in SFY 2026. Projects appearing in previous years' IUPs will NOT be evaluated for funding eligibility in SFY 2026 without a new and complete Eligibility Application. The deadline for submitting an Eligibility Application for consideration for this funding is 12:00pm on March 18th, 2025. Please note that you may receive similar reminders from other DWSRF staff your projects are assigned to.

The Call for Projects Notice, Eligibility Application and Eligibility Application Instructions are all available on the DWSRF website. Our staff will also be in attendance at a vendor booth at this year's ATCAVE on March 4th. If you have further questions, please feel free to reach out to me or any of our other project engineers.

Thanks,

Phillip Tang

Environmental Engineer I

Environmental Health and Drinking Water Branch

Drinking Water Section

Drinking Water State Revolving Fund Unit
