Ms. Burdick:

At your request, please accept this email as a consent to table my client's above-referenced site plan application at this evening's P&Z Commission meeting. We understand that there remain several unresolved review comments in connection with the pending application, and I have consequently advised my client to schedule a face-to-face meeting with you as soon as next week so that these issues can be resolved completely and to your satisfaction. As there remains additional time to complete the statutory review of this site plan application, no extension is required, however we would request to be placed back on the agenda of the next special or regular meeting of the commission for consideration.

Thank you.

Bill
