Subject: An Important Request for Chairman Wood and the PZC
Date: Monday, June 9, 2025 9:13:34 AM

Liz,

I will have at least two handouts for the Commission during my presentation on Thursday evening.

However, I am concerned that commission members who do not attend in person but attend by Zoom will not be informed in a timely manner of the information in the handouts. Participating in the process without the information in hand would, of course, be unfair.

Please request Chairman Wood and the PZC members to attend the June 12 public hearing in person. For this application, in-person attendance by the commissioners is essential.

Please confirm receipt.

Thanks,

Eric
