Fred,

Fred,

I'm truly impressed by the work done by all involved in the recent asphalt road work in the Norman Drive area. The contractors worked quickly and efficiently. I saw Ledyard public works guys putting finishing touches on some of the areas around the new storm drains.

All of this work took place while traffic continued to flow (albeit under slower conditions) through the neighborhood. Mail, school busses and deliveries all took place under direction of the "traffic control" men.

EXCELLENT WORK and I hope the supervisors and workers are told how much residents appreciated their fine work.

Well done,

-=Mike=-

Mike McLane
