**Subject:** Blasting Concerns from a young couple

Ledyard Planning and Zoning Commissioners Liz Burdick, Ledyard Director Land Use & Planning Ledyard, CT.

Dear Commissioners and Ms. Burdick,

I am respectfully writing in strong opposition to the Cashman/GFI proposed implementation of a quarry in the middle of our town, Gales Ferry.

My wife and I are both 22 years old and just got married 2 months ago and have now been living in Gales Ferry for a month. We chose Gales Ferry to be our home because of the quiet, yet such friendly neighborhood feel we get. On my street and small neighborhood this has been crazy hearing about and seeing how much this blasting will affect them. I know there are a lot of elderly in this community and they are concerned about their health. With all honesty, I am too. We would love to remain in such a peaceful town with clean air and quality of living in, but if this blasting does take place we will sadly and very unfortunately be forced to move elsewhere. With hopes of starting a family of our own in the next year, I would not be comfortable with the blasting going on to remain a resident of this beautiful town.

So please, from a young active and involved couple that moved to this town for the way it WAS...please keep it the way it IS.

Thank you for your consideration.

Sincerely,

Joel Ludka & Josie Ludka
