	ISSUE NO.	1.0
GALES FERRY INTERMODAL LLC	DESIGNED BY	LOUREIRO ASSOCIATES, INC.
	DATE	04/13/23
C-4		
		

Revised Plan (6-21-2023)

Plan Features:

- Rotates building 90 degrees & backs it up to the rail siding
- Moves the building so that nearest part of building to Property line is over 150'
- Provides 100' development buffer to north which is 4 times zoning requirement
- Preserves majority of existing vegetated buffer to neighbors
- 6,000 sf building on an existing pad facing CT 12 in front of laydown area
- Utilizes existing low area parallel to CT12 for natural stormwater retention
