Burdick said that the ECCC is holding a Coffee & Contacts events at Holdridges on Dec. 10th from 7:45-9:00am.

Cherry noted that House bill 8002 was passed and signed by the Governor and is now Public Act 25-1. There are things in it that tie grants and infrastructure dollars from the State to housing. He suggests that everyone read it and see if there are things we should advocate for.

Cherry also noted that it's budget time again for the Town and suggested that everyone download a copy of the Municipal Fiscal Indicators from the State's Office of Policy & Management so that Ledyard's spending can be compared with the other towns in CT. He recommended attending the budget workshops, especially the first day when the Mayor presents the budget to the Finance Committee.

Schneider noted that the parking lot at the McDonalds in Gales Ferry floods regularly and note that it looks bad and is not a good look for the town. She asked who should be contacted about it. Burdick suggested that either Steve Masalin or herself will need to reach out to the State about that.

**VIII. REPORTS****A. Mayor's Report**

Not present.

**B. Planner's Report**

Planning & Zoning at their last meeting approved the landscaping business at the former Lou's Garage.

The construction of a 2300 sf commercial building at 5A Lorenz Industrial Pkwy has been reapproved. It will be used to store trailers.

Planning & Zoning has a consultant who is helping to rewrite the parking regulations to make

them clearer and add minimum parking for multi-family housing with an option for them to bring in a traffic engineer to explain why they don't need the required amount.

Also on the P&Z agenda for their Dec. 11th meeting is a public meeting where they will discuss a vote on the possible settlement of the Stoddard's Wharf affordable housing development which is now 14 lots, down from 16. The plans, stipulated judgement, and modified decision letter are available in the Town Planner's office as well as the Town Clerk's office if anyone wants to read them. The meeting was advertised in The Day last week.

They also have a 3 lot subdivision off of Long Cove Road on their agenda. There will be a large remaining land piece which will at some point become an open space subdivision off of Hyde Park. The cul-de-sac will be extended 1000 ft and there will be about 25 new homes.

Cherry mentioned that the new zoning regulation changes goes into effect on Jan. 1st. That affects multi-family homes and apartments. Burdick added that it will change the maximum height of multi-family dwelling units to 50 ft. which is about 3-4 stories. Cherry noted that equipment on the roof of a building, like A/C or elevator shafts, is included in that height.

Hary asked for an update about Kartway. Burdick said that their environmental report has been done. They are waiting on one thing before the demolition of the building starts. Their three lots have been combined into one lot. The owners haven't been approached by anyone yet.
