Inland Wetland And Water Courses Commission: Submitted

Education & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I believe it is important to be an active and productive member of the community. I also believe it is the design and responsibility of our governing organizations to take care of all residents first. Every action and decision must support this principle. We must balance the need to grow with maintaining our quality of life.

Community Involvement

As a resident of Ledyard, I have found a number of important issues to commit my energies too. The key to anything I decide to be a part of is will it improve and/or protect our community. Additionally, I will devote the time and energy required for any position i am selected to fill for our town. I have worked with many people who feel the same way. This is another reason I enjoy working to improve our community.

Educational Background

I have had the responsibility for the development of approximately 200 restaurants from con I created a sales building program that included physical plant changes that were key to success. President of start up restaurant concept. Held position of Corporate Ombudsman reporting to the CEO. Mediated cases regarding franchisee - corporate relationship and employee - management issues.
