Agenda

- Terms of Engagement
- Executive Summary
- Financial Highlights
- Federal and State Single Audit
- Governance Communication
- Management Advisory Letter
- Upcoming GASB Pronouncement
- Contact Information

Terms of Engagement

- Express opinions on whether the basic financial statements are presented in accordance with GAAP
- Express an "in relation" to opinion on the
 - Schedule of Expenditures of Federal Awards and
 - Schedule of Expenditures of State Financial Assistance
- Express an opinion on compliance related to
 - Major Federal Award Programs and
 - Major State Programs

Terms of Engagement Continued

- Provide a report on internal control over financial reporting and compliance with laws, regulations, contracts and grants
- Provide a report on internal control over compliance related to major federal award programs and major state programs

Executive Summary

- Financial Statements
 - Unmodified Opinion on the basic financial statements
 - Best opinion available
 - Emphasis of Matter paragraph GASB 87 Leases
 - A right-to-use lease asset and corresponding lease liability is now recorded for lease arrangements where the term is greater than 12 months and the Town is the lessee
 - Significant deficiency on internal controls over financial reporting
 - BOE prepaid items reported as expenditures in FY22
 - General fund \$345K
 - Aggregate remaining funds \$93K

Board of Finance Town of Ledyard, Connecticut

In planning and performing our audit of the financial statements of the Town of Ledyard, Connecticut, (the Town) as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the entity's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

However, during our audit we became aware of deficiencies in internal control other than significant deficiencies and other matters that are opportunities to strengthen your internal control and improve the efficiency of your operations. Our comments and suggestions regarding those matters are summarized below. We previously provided a written communication dated December 27, 2022, on the entity's internal control. A separate communication dated December 27, 2022, contains our written communication of significant deficiencies in the entity's internal control. This letter does not affect our report on the financial statements dated December 27, 2022, nor our internal control communication dated December 27, 2022.

Capital Assets

Capital assets information is currently being tracked within excel spreadsheets. As tracking such a large volume of information in this manner can lend itself to mistakes and be difficult to verify the propriety of the information.

Recommendation - we recommend the Town consider specific capital asset software or a capital asset module to track the information.

Rehabilitation Loans

During the performance of our audit, management made us aware that the rehabilitation loans were not being properly tracked and reconciled to the general ledger.

Recommendation - we recommend the Town consider implanting a formal loan listing and reconcile to the general ledger.

General Ledger Maintenance

During the performance of our audit on the Water fund, we noted an isolated incident in which two invoices that pertained to fiscal year 2021 were expensed in fiscal year 2022.

Recommendation - we recommend the Town consider strengthening current controls and procedures in this area.

Board of Finance Town of Ledyard, Connecticut Page 2

Matters Noted in the Previous Year

The following matters involving the internal control over financial reporting and its operation were noted in the previous year but have not been fully remediated. Again, we offer our recommendations as constructive suggestions for your consideration as part of the ongoing process of modifying and improving accounting controls and administrative practices.

Special Revenue Fund Accounting - Board of Education

The trial balances presented to us for audit for the Education Grant fund and the School Lunch fund contained numerous account balances that were not properly recorded in accordance with grant accounting (accounts receivable, grant revenues, grant expenditures, etc.). As a result, adjusting journal entries were required for these accounts. We also noted that the Board of Education has made improvements from the prior year. We noted that all cash accounts were reconciled as of year-end.

Recommendation - We recommend that all Board of Education fund trial balances be properly reconciled to the underlying, supporting data in a timely manner at year-end.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various entity personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, members of the Board of Finance, others within the organization, state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Town Council
Town of Ledyard, Connecticut

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Ledyard, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Ledyard, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change in Accounting Principle

As discussed in Note 1 to the financial statements, effective July 1, 2021, the Town of Ledyard, Connecticut adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-to-use lease asset and a corresponding lease liability for all leases with lease terms greater than 12 months. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Ledyard, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control. Accordingly,
 no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Ledyard, Connecticut's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Ledyard, Connecticut's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements and schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, and statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 27, 2022, on our consideration of the Town of Ledyard, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Ledyard, Connecticut's internal control over financial reporting and compliance.

West Hartford, Connecticut December 27, 2022

TOWN OF LEDYARD, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2022

As management of the Town of Ledyard, Connecticut (Town), we offer readers of the Town of Ledyard's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022.

Financial Highlights

- The assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$90,483,431 (net position). Of this amount, \$68,916,793 was attributable to governmental activities and \$21,566,638 to business-type activities.
- The Town's total net position increased by \$2,663,780. This was primarily due to the State's Teachers Retirement Fund's proportionate share of the net pension and OPEB liabilities associated with the Town.
- As of the close of the current fiscal year, the Town's governmental funds reported a combined ending fund balance of \$5,288,587, an increase of \$5,060,499 in comparison with the prior year. The increase is due primarily to the sale of bonds for funding of school construction projects.
- At the end of the fiscal year, the unassigned fund balance for the General Fund was \$3,842,255 or 6.0% of total general fund expenditures and transfers out.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town's assets and deferred outflows of resources less liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

TOWN OF LEDYARD, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2022

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town of Ledyard that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include general government, public safety, health and welfare, public works, library, parks and recreation and education. The business- type activities of the Town are for water operations and sewer operations.

The government-wide financial statements can be found on Exhibits I and II.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Ledyard uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions
reported as governmental activities in the government-wide financial statements. However, unlike
the government-wide financial statements, governmental fund financial statements focus on nearterm inflows and outflows of spendable resources, as well as on balances of spendable resources
available at the end of the fiscal year. Such information may be useful in evaluating a
government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains 17 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the two funds considered to be major funds. Data from the other 15 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in Schedules 3 and 4.

TOWN OF LEDYARD, CONNECTICUT MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) JUNE 30, 2022

Major Governmental Funds	Nonmajor Governmental Funds				
General Capital Projects	Library Commission Animal Control Cafeteria Education Grants Sawmill Restoration Mill Rate Stabilization Town Aid Road STARS Fund Student Activities	Miscellaneous State Grants Housing Rehab Program Senior Center Fund Parks and Recreation Endowment Fund Student Scholarships			

The Town adopts an annual budget for its General Fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on Exhibits III and IV.

Proprietary Funds

The Town of Ledyard maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses an enterprise fund to account for its water operations and its sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses an internal service fund to account for its medical benefits. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statement provides information for the water operations and for the sewer operations, which are considered to be major funds of the Town. The internal service fund financial statement provides information for the Town's medical plan benefits. The basic proprietary fund financial statements can be found on Exhibits V, VI and VII.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the Town. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on Exhibits VIII and IX.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-75.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of Ledyard's progress in funding its obligation to provide pension and other post-employment benefits to its employees and the budgetary information for the General Fund.

The individual and combining statements and other schedules referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the Town of Ledyard, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$90,483,431 at the close of the fiscal year.

Town of Ledyard, Connecticut Statement of Net Position June 30, 2022 and 2021

		Governmental Activities			Busin Act	s-Type ies	Total

Deferred inflows of resources	4,598,347		6,105,149		-	 -		4,598,347	_	6,105,149	
Net Position: Net investments in											
capital assets	63,467,397		64,912,397		19,260,238	19,304,065		82,727,635		84,216,462	
Restricted	2,250,084		1,509,012		-	-		2,250,084		1,509,012	
Unrestricted	3,199,312		(530,422)		2,306,400	 2,624,599		5,505,712	_	2,094,177	
Total Net Position \$	68,916,793	\$	65,890,987	\$	21,566,638	\$ 21,928,664	\$	90,483,431	\$_	87,819,651	

The largest portion of the Town's net position, \$82,727,635, reflects its investment in capital assets (e.g. land, buildings, machinery and equipment, infrastructure) less any related debt and related liabilities used to acquire those assets that are still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town's net position, \$2,250,084, represents resources that are subject to external restrictions on how they may be used. Any remaining balance of unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors.

Governmental Activities

Already noted was the statement of activities' purpose in presenting information on how the Town's net position changed during the most recent fiscal year. A summary of changes in net position follows. For the fiscal year, net position increased by \$3,025,806.

The reader should remember that the basis of accounting used in the government-wide statement of activities excludes capital expenditures, while its revenues include general taxes whose primary purpose is for the construction of those very assets or their related debt service.

Significant changes from the prior year for revenues are as follows:

• Operating grants and contributions decreased \$5,393,597 due to state payments on behalf of teacher's retirement and retiree healthcare.

Revenues

Governmental activities revenues totaled \$74,587,074, for the fiscal year. Property taxes are the largest revenue source for the Town and represent 55.4% of governmental revenues. Operating grants and contributions revenues are the Town's second largest revenue source (31.6%) and include Education Cost Sharing funds and payments on-behalf payments made by the State of Connecticut for State teacher's Retirement pension and OPEB benefits.

Capital grants and contributions revenues account for 1.6% of governmental revenues for the year and are made up of school building grants, public works grants and general improvement grants. Charges for services accounts for 6.59% of governmental revenues and include the school lunch program, adult education, nurses, vocational agriculture and other tuition and park and recreation programs.

Expenses

Significant changes from the prior year are as follows:

• Education expenses decreased by \$4,222,687 due to the State's Teachers Retirement Fund's proportionate share of the net pension and OPEB liabilities associated with the Town.

Governmental activities expenses totaled \$71,299,629 for the fiscal year. Of the expenditures, 63.8% or \$49,505,397 was for education. Public safety expenses amounted to \$4,969,198, or 7.0%, while public works amounted to \$4,381,495 or 6.1%. Library expenses were \$558,913 or 0.8%. Park and recreation expenses were \$707,451 or 1.0 %. General government expenses were \$12,769,431, or 17.9%, and health and welfare expenses were \$1,288,537 or 1.8%. Interest and fiscal charges were \$1,119,207 or 1.6%

Business-Type Activities

Revenues

General revenues do not support the Town's business-type activities; thus, the largest source of revenues comes from charges for services, assessments, and transfers from the general fund. Of the \$1,634,906 in revenue from the Water department and Sewer department, 99.7% comes from charges for services and assessments. Investment income and grants not restricted to specific programs makes up the final 0.3% of revenues for the Town's business activities.

There were no significant changes noted from the prior year.

Expenses

Business-type expenses totaled \$1,550,362 and \$708,209 for the Water and Sewer departments, respectively, for the fiscal year ended June 30, 2022.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance - related legal requirements.

Governmental Funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balances of the governmental funds at June 30, 2022 was \$5,288,587, an increase of \$288,088 in comparison with the prior year.

General Fund

The General Fund is the operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$3,842,255. Current tax collections were 98.5% of the adjusted tax levy.

The fund balance of the general fund decreased by \$43,375 during the fiscal year.

Capital Projects Fund

The Capital Projects fund deficit decreased by \$3,544,735 primarily due to bond issuances and transfers in exceeding capital outlay.

Proprietary Funds

The Town's proprietary funds provide the same information found in the government-wide financial statements, but in more detail. The Town's enterprise fund posted an overall decrease in net position of \$362,026 for the fiscal year. This was primarily due to depreciation of capital assets.

Water Fund

Unrestricted net position of the Water Fund at the end of the year amounted to \$1,408,781.

Sewer Fund

Unrestricted net position of the Sewer Fund at the end of the year amounted to \$897,619.

Other factors concerning the finances of these funds have been previously addressed in the discussion of the Town's business-type activities.

General Fund Budgetary Highlights

A detailed budgetary comparison schedule for the fiscal year ended June 30, 2022 is presented on Exhibit A-1 and A-2. A summary of that schedule follows:

	Budgete	d /	Amounts	_		Variance with Final Budget -
	Original		Final		Actual	 Positive (Negative)
Revenues and other financing uses:						
Property taxes \$	40,894,619	\$	40,894,619	\$	41,109,833	\$ 215,214
All other revenues	18,831,198		18,831,198		19,438,688	607,490
Appropriation of fund balance	-		914,760		-	(914,760)
Transfers in	570,000		570,000		603,273	33,273
Total	60,295,817	-	61,210,577		61,151,794	 (58,783)
Expenditures and other financing uses:						
Expenditures	59,037,935		58,519,380		58,521,333	(1,953)
Transfers out	1,257,882		2,691,197		2,673,836	17,361
Total expenditures	60,295,817	-	61,210,577		61,195,169	 15,408
Change in Fund Balance \$	-	\$	-	\$	(43,375)	\$ (43,375)

Overall, budgetary revenues and expenditures had positive variances.

Capital Assets and Debt Administration

At June 30, 2022, the Town of Ledyard's investment in capital assets in both governmental and business-type activities amounted to \$134,983,581 net of depreciation. This includes land, buildings, equipment, distribution and collection system and infrastructure. Capital assets for governmental activities decreased by 1.7% (net), while business-type capital assets decreased 2.0% (net). These changes included the following:

Construction in progress increased \$325,118 for governmental-type activities as various town projects are underway. There were no significant additions to the business-type capital assets during the year.

Additional information on the Town's capital assets can be found on pages 45 and 46.

Long-Term Debt

For the year ended June 30, 2022, the Town's long-term debt decreased by \$210,257. At the end of the current fiscal year, the Town had total bonded and note debt outstanding of \$38,987,031.

Town of Ledyard, Connecticut General Obligation, Sewer Bonds, Clean Water and Water Notes June 30, 2022 and 2021

	Governmental Activities					ess-Type tivities	Total			
	2022		2021	-	2022		2021	 2022		2021

Water notes	-		-		2,705,212		2,945,970	2,705,212		2,945,970
•				-						
Total \$	34,881,166	\$	34,647,108	\$	4,105,865	\$	4,550,180	\$ 38,987,031	\$	39,197,288

The Town has an "AA/Stable" rating from Standard and Poor's for general obligation debt.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.0% to 4.0% times total tax collections including interest and lien fees and the tax relief for the elderly freeze grant. The current debt limitation for the Town is \$271,517,932 which is significantly in excess of the Town's outstanding general obligation debt.

Additional information on the Town's long-term debt can be found on pages 48-52.

Next Year's Budget and Rates

The Town elected and appointed officials considered many factors when setting the fiscal year 2022-2023 budget. The Town decided that it was important to continue the support of the schools and adopt a budget designed to promote long-term fiscal stability. In order to meet the objectives of the 2022-2023 budget, the Town recognized the need to continue its pattern of cost containment.

The 2022-2023 general fund budget will be \$63,510,221 an increase of 5.33% over the prior year adjusted budget. Utilizing \$1,000,000 from the Mill Rate Stabilization Fund, the Town Council was able hold the mill rate increase to .10.

Requests for Information

This financial report is designed to familiarize our citizens, taxpayers and customers with the Town's finances and to demonstrate the Town's fiscal accountability for its operation. Questions concerning this report, or request for additional financial information, should be directed to Finance Director, 741 Colonel Highway, Ledyard, CT 06339-1541, Telephone (860) 464-3235, email finance.director@ledyardct.org.

TOWN OF LEDYARD, CONNECTICUT STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS (CONTINUED) YEAR ENDED JUNE 30, 2022

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because of the following:

different because of the following:	
Net change in fund balances - total governmental funds (Exhibit IV)	\$ 5,060,499
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. Capital Outlay Depreciation and Amortization Expense Disposition of Capital Assets	1,111,646 (3,068,498) (23,497)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Property Taxes Receivable - Accrual Basis Change Change in Housing Loans Change in Grant Receivables Change in Net Pension Asset Changes in Deferred Outflows Related to Pensions Changes in Deferred Outflows Related to OPEB	199,039 671,842 123,291 (109,584) 3,103,120 (145,140)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Bonds Issuance Refunding Bonds Issuance Payment to Bond Escrow Agent Deferral Amount in Refunding Principal Payments on Bonds and Notes Payable Principal Payments on Financed Purchases Bond Premium Lease Issuance Payments on Leases	(3,000,000) (2,605,000) 2,867,881 47,881 2,503,061 32,339 (695,458) (204,821) 39,521
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Amortization of Deferred Charge on Refunding Amortization of Premium Accrued Interest Landfill Post-Closure Costs Change in Compensated Absences Change in Net Pension Liability Change in Deferred Inflows Related to Pension Change in Total OPEB Liability Change in Deferred Inflows Related to OPEB	(32,413) 540,351 580 13,000 (46,194) (6,493,838) 3,453,203 1,829,396 (1,946,401)
The net expense of the internal service funds is reported with governmental activities.	 (200,000)
Change in Net Position of Governmental Activities (Exhibit II)	\$ 3,025,806

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Ledyard, Connecticut (the Town) have been prepared in conformity with GAAP as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the Town are described as follows:

A. Reporting Entity

The Town was incorporated in 1836 and covers an area of 40.5 square miles. The Town operates under the provisions of its Charter and General Statutes of the State of Connecticut (the Statutes). The Mayor, who is the chief executive officer, is directly responsible for the administration of all departments, agencies, and offices. The Town provides the following services: general government, public safety, public works, parks and recreation, library, health and welfare services, water pollution control, and education.

The legislative power of the Town is vested in the Town Council, which consists of nine members, unless otherwise provided by the Charter. The Department of Finance, under the supervision of the Director of Finance (appointed by the Mayor), is responsible for keeping accounts and financial records, the assessment and collection of taxes, the collection of special assessments and other revenues, the custody and disbursement of Town funds, the control over expenditures and such other powers and duties as may be required by ordinance or resolution of the Town Council. The Town Treasurer, appointed by the Town Council, has all power and duties conferred or imposed by law.

The Town has the power to incur indebtedness by issuing bonds and notes as provided by the General Statutes.

Accounting principles generally accepted in the United State of America require that the reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A government is financially accountable for a legally separate organization if it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the government. These criteria have been considered and have resulted in the inclusion of the fiduciary component unit as detailed below.

Fiduciary Component Units

The Town has established a single-employer Public Retirement System (PERS), Ledyard Retirement System, to provide retirement benefits to qualified employees. The Town appoints the majority of the Board and is required to make contributions to the pension plan.

The financial statements of the fiduciary component unit are reported as Pension Trust fund in the fiduciary fund financial statements. Separate financial statements have not been prepared for the fiduciary component unit.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. The effect of interfund activity has been removed from these statements; however, interfund services provided and used are not eliminated in the process of consolidation. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds and fiduciary funds, including fiduciary component unit, even though the latter is excluded from the government-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary fund financial statements. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease liabilities, as well as expenditures related to compensated absences, and claims and judgments and postemployment benefits are recognized based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the Town the right to use lease assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes when levied for, charges for services, and interest associated with the current fiscal period and intergovernmental revenues when eligibility requirements are met are all considered to be measurable and so have been recognized as revenues of the current fiscal period, if available. All other revenue items are considered to be measurable only when cash is received by the Town.

The Town reports the following major governmental funds:

General Fund

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Projects Fund

The Capital Projects Fund accounts for the financial revenues to be used for major capital asset construction and/or purchases.

The Town reports the following major proprietary funds:

Water Fund

The Water Fund accounts for the activities of the Town's water operations.

Sewer Fund

The Sewer Fund accounts for the activities of the Town's sewer operations.

Additionally, the Town reports the following fund types:

Internal Service Fund

Used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the Town on a cost-reimbursement basis. The Town's internal service fund is its Medical Self-Insurance Fund which is no longer active.

Fiduciary Fund Types

These funds account for assets held by the government in a trustees capacity. Trust funds account for assets held by the government under the terms of a formal trust agreement. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the Town's own programs.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Fiduciary Fund Types (Continued)

The *Pension Trust Fund* accounts for the activities of the Ledyard Retirement System, which accumulates resources for pension benefit payments to qualified employees.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer enterprise funds and of the Town's internal service fund are charges to customers for sales and services. Operating expenses for the enterprise fund and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Adoption of New Accounting Standards

GASB Statement No. 87, Leases

In June 2017, the GASB issued GASB Statement No. 87, Leases. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The Entity adopted the requirements of the guidance effective July 1, 2021 and has applied the provisions of this standard to the beginning of the period of adoption.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments with original maturities of three months or less, when purchased, such as certificates of deposit and investment pools.

Investments

All investments are stated at fair value.

F. Receivables and Payables

Property Taxes

Property taxes are assessed as of October 1 and are levied the following July 1. Taxes are due and payable in equal installments on July 1, and January 1, following the date of the Grand List. Interest of 1 ½% per month is charged on delinquent taxes. Liens are effective on the attachment date and are continued by filing prior to the following levy date. Additional property taxes are assessed for motor vehicles registered subsequent to the Grand List date through July 31 and are payable in one installment due January 1. An amount of \$128,823 has been established as an allowance for uncollectible taxes.

Allowance for Doubtful Accounts

Accounts receivable, including property taxes receivable, are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts that are deemed uncollectible based upon past collection history and management's assessment of creditor's ability to pay.

Interfunds

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" or "advances to/from other funds."

Loan Receivables

Loan receivable in the Housing Rehab Program are related to Community Development Block Grant funds that are available to income eligible residential property owners for housing rehabilitation. Loan receivables are recorded and revenues are recognized upon sale of the property.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Prepaid Items and Inventory

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Purchased inventory (if any) for the school cafeteria fund, a special revenue fund, is valued at lower of cost or market (first-in, first-out method). United States Department of Agriculture donated commodities are valued at market value plus the amount disbursed for processing and storage charges. Expenditures are recognized when consumed.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activity column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed, except for intangible right-to-use lease assets, the measurement of which is discussed in Note 1.I below. Donated capital assets, work of art, and similar items are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Land and construction in progress are note depreciated. The other tangible and intangible property, plant, equipment, the right to use lease equipment, and infrastructure of the Town are depreciated/amortized using the straight-line method over the following estimated useful lives:

Building	50 Years
Building Improvements	20 to 50 Years
Distribution and Collection Systems	75 Years
Public Domain Infrastructure	75 Years
Machinery and Equipment	5 to 20 Years
Right-to-Use Equipment	5 Years

Capital outlay is reported as expenditures and no depreciation/amortization expense is reported in the governmental fund financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Leases

Lessee

The Town is a lessee for noncancellable leases of equipment. The Town recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the applicable governmental activities or business-type activities in the government-wide and in the proprietary fund financial statements. The Town has not set a de-minimis threshold to recognize a lease liability.

At the commencement of a lease, the Town initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how Town determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The Town uses the interest rate charged by the lessor as the discount rate.
 When the interest rate charged by the lessor is not provided, the Town generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the Town is reasonably certain to exercise.

The Town monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long- term debt on the statement of net position.

J. Compensated Absences

Town employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. Vacation and sick leave expenses to be paid in future periods are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only for amounts due, for example, as a result of employee resignations and retirements. The general fund is typically used to liquidate the liability.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Net Pension Liability

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability or asset), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

L. Total Other Postemployment Benefits Other Than Pension (OPEB) Liability

The total OPEB liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service. The total OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year and no later than the end of the current fiscal year, consistently applied from period to period.

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net asset or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding and deferred outflows related to pension and OPEB in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. A deferred outflow of resources related to pension or OPEB results from differences between expected and actual experience, changes in assumptions, or other inputs. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees).

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net asset or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports deferred inflows of resources related to pensions and OPEB in the government-wide statement of net position. A deferred inflow of resources related to pension or OPEB results from differences between expected and actual experience, changes in assumptions, or other inputs. These amounts are deferred and included in pension expense and OPEB expense in a systematic and rational manner. Also, for governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes, interest on property taxes, long-term loans, and intergovernmental receivables. These amounts are deferred and recognized as an inflow of resources (revenue) in the period during which the amounts become available.

N. Long-Term Obligations

In the government-wide financial statement, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued, including capital leases, is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Principal payments, and issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Equity

Equity in the government-wide financial statements is defined as "net position." Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The components of net position are detailed below:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction or improvement of these assets net of unexpended proceeds. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of those assets or related debt are included in this component of net position.

Restricted Net Position – These amounts are restricted to specific purposes when constraints placed on the use of resources are either: (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.

Unrestricted Net Position – This category represents the net position of the Town, which are not restricted for any project or other purpose. A deficit will require future funding.

The equity of the fund financial statements is defined as "fund balance" and is classified in the following categories:

Nonspendable Fund Balance – These amounts cannot be spent because they are not in spendable form, or because they are legally or contractually required to be maintained intact.

Restricted Fund Balance – These amounts are restricted to specific purposes when constraints placed on the use of resources by external parties, such as debt covenants, grantors, contributors, or laws or regulations of other governments.

Committed Fund Balance – This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority. The Ledyard Board of Finance is the highest level of decision making authority for the Town and can commit fund balance through the adoption of a resolution prior to the end of the fiscal year. Once adopted, the limitation imposed by the resolution remains in place until similar action is taken to remove or revise the limitation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Equity (Continued)

Assigned Fund Balance – For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by the Board of Finance, who has been delegated to assign amounts by the Town Charter.

Unassigned Fund Balance – The residual amount not allocated to any other fund balance category in the General Fund and any residual deficit balance of any other governmental funds.

When both restricted and unrestricted amounts are available for use, it is the Town's practice to use restricted resources first. Additionally, the Town would first use committed, then assigned, and lastly unassigned.

P. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses, and expenditures during the fiscal year. Accordingly, actual results could differ from those estimates.

Q. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through December 27, 2022, the date the financial statements were available to be issued.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The Town adheres to the following procedures in establishing the budgetary data included in the general fund financial statements:

 The Mayor compiles the budget requests from the Town departments and agencies, with the exception of the Board of Education, and presents the budget to the Town Council. The Board of Education files a detailed estimate of expenditures with the Mayor for transmittal to the Town Council. The Town Council, after its review process, prepares and presents a recommended budget for Town Meeting approval.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

A. Budgetary Information (Continued)

- The Board of Education, which is not a separate legal entity but a function of the Town, is authorized under State law to make any transfers required within their budget at their discretion. Any additional appropriations must have Board of Education, Town Council, and, if necessary, Town Meeting approval.
- Formal budgetary integration is employed as a management control device during the year.
- The legal level of control, the level at which expenditures may not exceed appropriations, is at the department level.
- Individual additional appropriations of less than 1% of the current tax levy can be made by the Town Council, the accumulative total of which cannot exceed 2% of the current tax levy. During the year, the General Fund budget was increased by \$914,760 from additional appropriations from the Town Council.
- Additional appropriations of more than 1%, and any resolution authorizing the
 issuance of bonds or notes or other borrowings, require Town Meeting approval.
 Upon request by the Mayor, during the last three months of the fiscal year, the
 Town Council may transfer any unencumbered appropriation, or portion thereof,
 from one department, commission, board, or office to another. No transfer may
 be made from any appropriation for debt service and other statutory charges.
- Generally, all unencumbered appropriations lapse at year-end except those for capital projects funds. Appropriations for capital projects are continued until completion of applicable projects even when projects extend more than one fiscal year.
- The Town has adopted a fund balance reserve policy and has set the minimum undesignated/unreserved balance for the general fund at an amount equal to 7% of current year General Fund expenditures. The Town will avoid the appropriation of fund balance for recurring operating expenditures.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Excess of Expenditures Over Appropriations

For the year ended June 30, 2022, expenditures exceeded appropriations for the following functions:

Function		Expenditures in Excess of Appropriations			
Department of Finance Fixed Charges		\$	147,326 484,525		
Public Safety			132,526		
Library			5,011		

Department of finance overages related to utilities costs that were in excess of budget in addition to unbudgeted tax refunds. Fixed charges overages related to under budgeted Board of Education health insurance costs. Public safety overages related to dispatch salaries in excess of budget. Lastly, library charges overages related to additional salaries.

C. Fund Deficits

At June 30, 2022, the Town reported deficit fund balance/net position in the following fund:

Capital Project Fund \$ 5,048,236

The fund deficit will be eliminated by grant funding and future bonding.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by the Statutes or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank" as defined by the Statutes, which is not a "qualified public depository."

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies; 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof; and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF). This investment pool is under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

A. Deposits

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$19,169,350 of the Town's bank balance of \$20,195,059 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 17,151,863
Uninsured and Collateral Held by the Pledging	
Bank's Trust Department, Not in the Town's Name	2,017,487
Total Amount Subject to Custodial Risk	\$ 19,169,350

Financial instruments that potentially subject the Town to significant concentrations of credit risk consist primarily of cash. From time to time, the Town's cash account balances exceed the Federal Deposit Insurance Corporation limit. The Town reduces its credit risk by maintaining its cash deposits with major financial institutions and monitoring their credit ratings.

Cash Equivalents

Cash equivalents are short-term, highly liquid investments that are both readily convertible to known amounts of cash and purchased within 90 days of maturity. At June 30, 2022, the Town's cash equivalents amounted to \$1,919,148. The following table provides a summary of the Town's cash equivalents as rated by nationally recognized statistical rating organizations.

	Standard
	& Poor's
State Short-Term Investment Fund (STIF)	AAAm

STIF is an investment pool of high-quality, short-term money market instruments with an average maturity of less than 60 days. There were no limitations or restrictions on any withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments

At June 30, 2022, the Town's investments (all pension trust fund investments) of \$27,111,717 consisted entirely of mutual funds.

Investment Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Town policy is to pre-qualify all financial institutions that it will do business with. The Town has no amounts subject to custodial credit risk

Interest Rate Risk

The Town's investment policy limits its investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - Investments

Connecticut state statutes limit the investment options of cities and towns. The Town has adopted an investment policy that allows the same type of investments as state statutes.

Concentration of Credit Risk

The Town's investment policy requires diversification by limiting investments to avoid overconcentration in securities from a specific issuer. No more than 5% of the Town's investments were invested in any one issuer in which credit risk was applicable.

Fair Value

The Town uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for certain assets or liabilities. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the asset or liability.

Fair value measurements focus on exit prices in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Fair Value (Continued)

The Town's fair value measurements are classified into a fair value hierarchy based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

The three categories within the hierarchy are as follows:

Level 1 – Quoted prices in active markets for identical assets and liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, interest rates and yield curves observable at commonly quoted intervals, implied volatilities, credit spreads, and market-corroborated inputs.

Level 3 – Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flows methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgement.

The Town has the following recurring fair value measurements as of June 30, 2022:

	June 30,	Fair Value Measurements Using						
	2022	Level 1	Le	evel 2	Level 3			
Investments by Fair Value Level:								
Mutual Funds	\$ 27,111,717	\$ 27,111,717	\$		\$			

Mutual funds classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

NOTE 4 RECEIVABLES

Receivable balances have been disaggregated by type and presented separately in the fund financial statements. Only receivables for the Town's government-wide financial statements with allowances for uncollectible accounts as of June 30, 2022, including the applicable allowances for uncollectible accounts, are presented below.

			Prop	perty Taxes		
			Int	erest and		
		Taxes	Li	ien Fees		Total
Accounts Receivable Less: Allowance for	\$	854,587	\$	258,549	\$	1,113,136
Uncollectible Accounts		(128,823)				(128,823)
Net Accounts Receivable	\$	725,764	\$	258,549	\$	984,313
			Use Cha	arge Receivable)	
		Water		Sewer		
	De	epartment	De	epartment		Total
Accounts Receivable Less: Allowance for	\$	111,038	\$	62,479	\$	173,517
Uncollectible Accounts						
Net Accounts Receivable	\$	111,038	\$	62,479	\$	173,517

There is no allowance applied to water and sewer assessments receivable and the loan rehab program receivable since the amounts due are liened and the lien remains with the property.

NOTE 5 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 was as follows:

	Beginning Balance		D	T	Ending

NOTE 5 CAPITAL ASSETS (CONTINUED)

Depreciation and amortization expense was charged to functions/programs of the Town as follows:

Governmental Activities: General Government Public Safety Public Works Health and Welfare Library Parks and Recreation	\$ 88,542 560,551 401,991 13,552 27,828 42,174
Education	1,933,860
Total Depreciation Expense - Governmental Activities	\$ 3,068,498
Business-Type Activities:	
Water Fund Sewer Fund	\$ 355,072 157,179
Total Depreciation Expense - Business-Type Activities	\$ 512,251

NOTE 6 INTERFUND BALANCES AND TRANSFERS

Interfund payables and receivables: A summary of interfund balances as of June 30, 2022 is as follows:

Receivable Fund	Payable Fund	 Amount
General Fund	Nonmajor Governmental Funds	\$ 2,381,164
Capital Projects	General Fund	6,909,399
Nonmajor Governmental Funds	General Fund	4,095,581
Water Fund	General Fund	690,964
Water Fund	Sewer Fund	23,331
Sewer Fund	General Fund	862,794
Internal Service Fund	General Fund	 253,758
	Total	\$ 15,216,991

The General Fund holds primarily all the cash for the Town and the resulting due to/from other results from these cash allocations.

NOTE 6 INTERFUND BALANCES AND TRANSFERS (CONTINUED)

Interfund transfers: A summary of interfund transfers as of June 30, 2022 is as follows:

	Transfer In					
	General Fund	Capital Projects Fund	Water Fund	Sewer Fund	Total Transfer Out	
Transfers Out:						
General Fund	\$ -	\$ 2,133,079	\$ 364,603	\$ 176,154	\$ 2,673,836	
Capital Projects Fund	120,000	-	-	-	120,000	
Nonmajor Governmental Funds	4,155	-	-	-	4,155	
Water Fund	210,985	-	-	-	210,985	
Sewer Fund	68,133	-	-	-	68,133	
Internal Service Fund	200,000	-	-	-	200,000	
Transfers In	\$ 603,273	\$ 2,133,079	\$ 364,603	\$ 176,154	\$ 3,277,109	

Transfers are used to account for the financing by the General Fund of various programs and activities in other funds. Transfers out from the General Fund are various capital improvements for capital nonrecurring items and board of education capital items. The General Fund also transfers amounts to the Water and Sewer Fund for operating cost. Capital projects fund transferred bond premiums to mill rate stabilization fund, a nonmajor governmental fund, to be used to pay future debt service.

Short-Term Obligations

The Town uses bond anticipation notes during the construction period of various public projects prior to the issuance of the bonds at the completion of the project.

Short-term obligation activity for the year ended June 30, 2022 was as follows:

Date Issued	Maturity Date	Interest Rate (%)	Balance July 1, 2021	Issued	Retired	Balance June 30, 2022
5/10/21 5/10/22	5/10/22 5/1/24	2.00% 3.25%	\$ 11,700,000 -	\$ - 9,700,000	\$ 11,700,000 -	\$ - 9,700,000
			\$ 11,700,000	\$ 9,700,000	\$ 11,700,000	\$ 9,700,000

NOTE 7 CHANGES IN LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities during the fiscal year:

	Beginning Balance		Additions	R	eductions		Ending Balance		ue Within One Year
Governmental Activities:					_		_

NOTE 7 CHANGES IN LONG-TERM LIABILITIES (CONTINUED)

Statutory Debt Limitations

The Town's indebtedness does not exceed the legal debt limitations as required by Connecticut General Statutes as reflected in the following schedule:

	Debt	Net	
Category	Limit	Indebtedness	Balance
General Purpose	\$ 87,273,621	\$ 7,658,538	\$ 79,615,083
Schools	174,547,242	42,810,948	131,736,294
Sewers	145,456,035	1,140,999	144,315,036
Urban Renewal	126,061,897	-	126,061,897
Pension Deficit	116,364,828	-	116,364,828

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation, \$271,517,932.

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which bond anticipation notes are issued and outstanding.

Authorized/unissued bonds: On June 30, 2022, the Town had authorized unissued bonds as follows:

The authorized/unissued debt for schools has been reduced by anticipated grant proceeds from the State of Connecticut of \$27,000,000 relative to the school construction project.

Water system related debt of \$1,832,463 has been excluded from the calculation.

Finance Purchase Commitments

The Town has one active financed purchase commitment as of year-end. The asset acquired through the financed purchase is as follows:

	Go	vernmental
		Activities
Equipment	\$	163,850
Less: Accumulated Depreciation		(30,722)
Net Book Value	\$	133,128

NOTE 7 CHANGES IN LONG-TERM LIABILITIES (CONTINUED)

Financed Purchases Commitments (Continued)

Obligations of Governmental Activities under financed purchases at June 30, 2022 were as follows:

	Gove	ernmental
Year Ending June 30,	A	ctivities
2023	\$	35,484
Total Minimum Payments		35,484
Less: Amount for Interest		(1,609)
Present Value of Minimum Payments	\$	33,875

Lease Payable

The Town leases equipment for various terms under long-term, noncancelable lease agreements. The leases expire at various dates through 2027.

Total future minimum lease payments under lease agreements are as follows:

	Governmental Activities				
Year Ending June 30,	Principal Interest		 Total		
2023	\$	52,413	\$	6,896	\$ 59,309
2024		55,095		4,215	59,310
2025		29,063		1,930	30,993
2026		15,456		1,085	16,541
2027		13,273		302	 13,575
Total Minimum Lease Payments	\$	165,300	\$	14,428	\$ 179,728

Landfill Closure and Post-Closure Care Costs

The Town closed its landfill in 1999. State and federal laws and regulations require landfill closures to meet certain standards. Monitoring costs for the next 8 years at \$13,000 per year are \$91,000. These amounts are based on estimates which are subject to change due to inflation, technology, or applicable laws and regulations.

NOTE 8 FUND BALANCE

Total Fund Balances	\$ 4,971,207	\$ (5,048,236)	\$ 5,365,616	\$ 5,288,587

NOTE 9 RISK MANAGEMENT

The Town is exposed to various risks of loss including torts; public official liabilities; police liability; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Generally, the Town obtains commercial insurance for these risks.

Due to the Town and Board of Education experiencing significant increases in claims payments over prior fiscal years, the Town converted to a fully insured plan for health insurance. As of July 1, 2018, the Town participates in the State of Connecticut Partnership 2.0 Plan.

The Town has been utilizing residual net position to offset current increases in health care costs. As of June 30, 2022 the remaining balance in the fund is \$253,758.

Commitments and Litigation

Amounts received or receivable from federal and state grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

The Town is a defendant in various lawsuits and the outcome of these lawsuits is not presently determinable. In the opinion of the Town attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

NOTE 10 EMPLOYEE RETIREMENT PLANS

Pension Plans

A. Plan Description

Summary

The Town is the administrator of a single-employer defined benefit Public Employee Retirement System (PERS) established by Town Ordinance and administered by the Town to provide pension benefits for its employees. Plan provisions are determined by the various union contracts. The PERS is considered to be part of the Town's financial reporting entity and is included in the Town's financial reports as a pension trust fund. The PERS does not issue a stand-alone report.

Valuation of Investments

Investments are valued at fair value. There are no investments of 5.0% or greater in any one organization.

Classes of Employees Covered

As of July 1, 2021, the plan's membership consists of:

Retired Members or Beneficiaries Currently Receiving	
Benefits	100
Vested Terminated Members Entitled to But Not Yet	
Receiving Benefits	35
Non-Vested Terminated Employees Due a Refund	37
Active Members	63
Total Participants	235

B. Benefit Provisions

Town and Public Works employees are eligible for a normal pension after attaining age 65 and shall be entitled to a retirement benefit equal to 1.5% of final average earnings multiplied by years of credited service. The maximum normal retirement benefits a member may receive is 50% of final average earnings. Noncertified Board of Education employees are eligible for a normal pension after attaining age 65 and shall be entitled to a retirement benefit equal to 1% of final average earnings multiplied by years of credited service, not exceeding 30 years. Police employees are eligible for a normal pension after attaining age 55 and 10 years of credited service or any age with 25 years of credited service, but not later than age 65. Fire employees are eligible for a normal pension after attaining age 55 and 10 years of credited service, but not later than age 65. Police and Fire employees shall be entitled to a retirement benefit equal to 2% of final average earnings multiplied by years of credited service. The maximum benefit to be received annually is 75% of final average earnings. Vesting of benefits occurs on or after 5 years of credited service for Town, Public Works, Police and Fire employees and on or after 10 years of credited service for noncertified Board of Education employees.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

Pension Plans (Continued)

C. Contributions

The Town's contributions are actuarially determined on an annual basis using the entry age normal cost method. The Town's contributions were 19% of covered payroll. Administration costs are financed from investment earnings. Employees are required to contribute 5% of earnings to the plan.

D. Assumed Rate of Return

The long-term expected rate of return was determined by using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
US Equity - Large Cap	32.25%	4.50%
US Equity - Small/Mid Cap	4.25	4.80
Non-US Equity - Developed	19.50	7.30
Non-US Equity - Emerging	6.50	8.60
US Corporate Bonds - Core	27.00	1.10
Non-US Debt - Developed	5.50	0.70
US Treasuries (Cash)	5.00	3.40
Total	100.00%	

E. Net Pension Liability

For the year ended June 30, 2022, the Town recognized a net pension asset of \$6,493,838. The components of the net pension asset of the Town at June 30, 2022 were as follows:

Total Pension Liability	\$ 33,614,272
Plan Fiduciary Net Position	27,120,434
Net Pension (Asset) Liability	\$ 6,493,838
Plan Fiduciary Net Position as a Percentage of the	
Total Pension Liability	80.68%
Covered Payroll	\$ 4,254,773
Net Pension Liability as a Percentage of the	
Covered Payroll	152.62%

Balances as of June 30, 2022	\$	33,614,272	\$	27,120,434	\$	6,493,838	

F. Rate of Return

For the year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was -14.01%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

Pension Plans (Continued)

G. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Method Used Mortality Basis	Entry Age Actuarial Cost Method PubG-2010(B) Public Plan Mortality for General Employees, Scale MP-20:
Inflation Salary Increases Including Inflation Investment Rate of Return	2.80% 4.00% 6.25%

H. Discount Rate

The discount rate used to measure the total pension liability as of June 30, 2022 was 6.25%. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that the Town contributes at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the pension liability.

I. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Pension Plan, calculated using the current discount rate of as well as what the Pension Plan's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	19	1% Decrease		Rate		1%	Increase
		5.25%		6.25%			7.25%
Net Pension (Asset) Liability	\$	10,159,439	\$	6,493,838		\$	3,377,283

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

Pension Plans (Continued)

I. Sensitivity of the Net Pension Liability to Changes in the Discount Rate (Continued)

For the fiscal year ended June 30, 2022, the Town recognized pension expense (income) of \$1,178,334. As of June 30, 2022, deferred outflows of resources and deferred inflows of resources related to pensions are reported as follows:

С	outflows of	In	Deferred Inflows of Resources		
\$	535,935	\$	15,431		
	34,599		-		
	2,575,358		-		
\$	3,145,892	\$	15,431		
	<u> </u>	34,599 2,575,358	Outflows of In Resources Resources \$ 535,935 \$ 34,599 \$ 2,575,358		

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in the pension expense as follows:

Year Ending June 30	 Amount
2023	\$ 1,019,415
2024	492,271
2025	345,502
2026	 1,273,273
Total	\$ 3,130,461

Connecticut State Teachers' Retirement System – Pension

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System, a cost sharing multiple employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at www.ct.gov.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

<u>Connecticut State Teachers' Retirement System – Pension (Continued)</u>

B. Benefit Provisions

The plan provides retirement, disability, and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the three years of highest salary).

Early Retirement

Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

C. Contributions

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are approved, amended, and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

The statutes require the state of Connecticut to contribute 100% of each school districts' required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2022, the amount of "on-behalf" contributions made by the state was \$5,330,196 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

<u>Connecticut State Teachers' Retirement System – Pension (Continued)</u>

C. Contributions (Continued)

Employees

Effective July 1, 1992, each teacher is required to contribute 6% of salary for the pension benefit.

Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town's Proportionate Share of the Net Pension	
Liability	\$ -
State's Proportionate share of the Net Pension	
Liability Associated with the Town	 63,656,332
Total	\$ 63.656.332

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as June 30, 2020. At June 30, 2022, the Town has no proportionate share of the net pension liability.

For the year ended June 30, 2022 the Town recognized pension expense and revenue of \$4,109,164 in Exhibit II.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

<u>Connecticut State Teachers' Retirement System – Pension (Continued)</u>

E. Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Salary increase 3.00-6.50%, including inflation

Investment rate of return 6.90%, net of pension plan investment

expense, including inflation

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 an above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the five year period July 1, 2014 - June 30, 2019.

Assumption changes since the prior year are as follows:

• There were no changes in assumptions that affected the measurement of the TPL since the prior measurement date.

Benefit changes since the prior year are as follows:

• There were no changes in benefit provisions that affected the measurement of the TPL since the prior measurement date.

Cost of Living Allowance

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007 and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

Connecticut State Teachers' Retirement System – Pension (Continued)

E. Actuarial Assumptions (Continued)

Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The current capital market assumptions and the target asset allocation as provided by the State of Connecticut Treasurer's Office are summarized in the following table:

	Expected	Target
Asset Class	Return	Allocation
Domestic Equity Fund	5.60%	20.00%
Developed Market Intl. Stock Fund	6.00	11.00
Emerging Market Intl. Stock Fund	7.90	9.00
Core Fixed Income Fund	2.10	16.00
Inflation Linked Bond Fund	1.10	5.00
Emerging Market Debt Fund	2.70	5.00
High Yield Bond Fund	4.00	6.00
Real Estate Fund	4.50	10.00
Private Equity	7.30	10.00
Alternative Investments	2.90	7.00
Liquidity Fund	0.40	1.00
Total		100.00%

F. Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that state contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The Town's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the state of Connecticut.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

<u>Connecticut State Teachers' Retirement System – Pension (Continued)</u>

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at www.ct.gov.

I. Other Information

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

Employees Defined Contribution Plan

A. Plan Description

The Town has established a defined contribution plan for Non-Union Professionals hired after July 1, 2009; Town Hall Union employees hired after 7/1/2012; Supervisors Union employees hired after 7/1/2012; Nurses Union employees hired after 7/1/2013; Teamsters Union employees hired after 7/1/2012; Police Union employees hired after 7/1/2012; and Firefighters Union employees hired after 7/1/2013. It is a mandatory plan with no opt out. As of June 30, 2022, the plan was administered by Voya. The authority for establishing and amending plan provisions rests with the Town Council.

The Town matches up 5% of employee contributions for Nurses Union, Emergency Communication Services Union, and Town Hall Union, up to 6% for Supervisors Union, Teamsters Union, and Firefighters Union, and matches up to 10% for Police Union and department heads. Actual contributions to the plan for the year ended June 30, 2022 totaled \$827,552, which consisted of \$536,038 contributed by employees and \$291,514 contributed by the Town. The current year covered payroll for the plan is \$6,010,846.

The participants' employer contributions to their account are vested as follows:

Year 1	20%
Year 2	40
Year 3	60
Year 4	80
Year 5	100

The Town's matching contributions for Non-Union Professionals are determined by a "Resolution Establishing Administrator/Department Head Benefits," as adopted by Town Council. The Town's matching contributions for union employees are determined by collective bargaining agreements.

NOTE 10 EMPLOYEE RETIREMENT PLANS (CONTINUED)

Employees Defined Contribution Plan (Continued)

A. Plan Description (Continued)

The Board of Education has established a 403(b) plan, a defined contribution plan administered by OMNI. The plan is offered to employees of Ledyard Public Schools who are expected or scheduled to work 20 hours or more per week. Both pre and post tax options are available. Contributions are made through payroll deductions and participation is voluntary. Actual contributions to the plan for the year ended June 30, 2022 totaled \$794,933, which consisted of \$764,230 contributed by employees and \$30,703 contributed by the Board of Education.

In addition, the eligible employees can voluntarily contribute to the State of Connecticut 457 Plan, a defined contribution plan. Both pre and post tax options are available. Contributions are made through payroll deductions and participation is voluntary. For eligible Ledyard employees not covered by a defined benefit plan, the 457 participants are eligible for matching contributions to the Town's 401(a). The Town of Ledyard 401(a) Plan holds Town matching funds for employees who use the 457 Plan as their Town retirement plan. The 401(a) Plan currently is with Voya because the state plan will not accept the Town match due to the small size. Actual contributions to the plan for the year ended June 30, 2022 totaled \$188,024, which consisted of \$149,308 contributed by employees and \$38,716 contributed by the Town.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS

Town OPEB Plan

A. Plan Description

The Town administers one single-employer, postretirement healthcare plan for the Board of Education, the Town OPEB plan. The plan provides medical benefits to eligible retirees and their spouses. The Town OPEB plan is administered by the Town. Plan provisions are determined by union contract and may be amended by union negotiations.

The Town currently pays for postemployment health care benefits on a pay-as-you-go basis. As of June 30, 2022, the Town has not established a trust fund to irrevocably segregate assets to fund liability associated with the postemployment benefits, which would require the reporting of a trust fund in accordance with GASB guidelines. Administration costs are financed from current operations.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Town OPEB Plan (Continued)

B. Benefit Provided

The Town plan provides for medical benefits for all eligible Board of Education retirees.

Eligibility

BOE Certified & Secretaries: An employee retiring shall be eligible to receive health benefits for self and spouse.

Normal Retirement

BOE Certified: Earlier of age 60 with 20 years of service or 35 years of service with no age requirement.

Secretaries: Age 65 with no service requirement.

Early Retirement

BOE Certified: Earliest of age 60 with 10 years of service, 25 years of service with no age requirement, or age 55 with 20 years of service.

Secretaries: Age 55 with 10 years of service.

Cost Sharing: Retirees must pay 100% of the blended pre-65 medical premium rate for self and spouse, less the \$1,320 annual.

CT Teachers' Retirement Board subsidy for BOE Certified.

Non-Medicare Retiree Plans: Board of Education Non-Medicare retirees receive Century Preferred or Lumenos HSA plans through Anthem.

These plans have both medical and prescription drug components.

Medicare Retiree Plans: Board of Education Medicare retirees receive fully insured Anthem Group Medicare plans. The medical component is covered by a Medicare Supplemental Plan F and the prescription drug component is covered by a BlueScript plan. The employer liability for these Medicare retirees is \$-0-. The retiree pays the full premium. Employees Covered by Benefit Terms.

Membership in the plan consisted of the following at June 30, 2021:

Retired Members of Beneficiaries Currently	
Receiving Benefits	37
Active Members	248
Total	285

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Town OPEB Plan (Continued)

C. Total OPEB Liability

The Town's total OPEB liability of \$14,438,554 reported at June 30, 2022 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

D. Actuarial Assumptions and Other Inputs

The total OPEB liability as of June 30, 2021 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Salary Increases 3.50% Discount Rate 2.16%

Health care Cost Trend Rates

Medical 5.5 %, Reduced 0.5% Per Year to

an Ultimate Rate of 4.5%

Prescription Drug 7.0 %, Reduced 0.5% Per Year to

an Ultimate Rate of 4.5%

Administrative 3.00%

Mortality Rates Varies by Group

The discount rate was based on the 20-year tax exempt GO municipal bond index.

Mortality Rates for Teachers and Administrators are the RP-2014 White Collar tables projected generationally using scale MP-2021.

Mortality Rates for Secretaries are the RP-2014 total dataset tables adjusted to 2006 and projected generationally using scale MP-2021.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Town OPEB Plan (Continued)

D. Actuarial Assumptions and Other Inputs (Continued)

These tables reasonably reflect the projected mortality experience of the Plan as of the measurement date. Explicit mortality improvement projection was made to reasonably reflect future mortality improvement.

E. Changes in the Total OPEB Liability

	 Fotal OPEB Liability (a)
Balances as of July 1, 2021	\$ 16,267,950
Changes for the Year: Service Cost	583,260
Interest on Total OPEB Liability	312,335
Difference Between Expected and Actual Experience	
	(2,671,164)
Changes in Assumptions or Other Inputs	215,562
Benefit Payments	(269,389)
Net Changes	(1,829,396)
Balances as of June 30, 2022	\$ 14,438,554

Changes of assumptions and other inputs reflect a change in the discount rate from 2.21% as of June 30, 2020 measurement date to 2.16% as of June 30, 2021 measurement date.

F. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Town using the current discount rate, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease i Discount	n Current Discount	1% Increase in Discount
	Rate	Rate	Rate
	1.16%	2.16%	3.16%
Total OPEB Liability	\$ 17.391.1 ₄	10 \$ 14.438.554	\$ 12.140.789

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Town OPEB Plan (Continued)

G. Sensitivity of the Total OPEB Liability to Changes in the Health care Cost Trend Rates

The following presents the total OPEB liability of the Town using the current health care cost trend rate, as well as what the Town's total OPEB liability would be if it were calculated using the current healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current health care cost trend rates:

	1% Decrease in Healthcare	Current Healthcare	1% Increase in Healthcare		
	Cost Trend	Cost Trend Cost Trend			
	Rates (6.00%	Rates (7.00%	Rates (8.00%		
	decreasing to	decreasing to	decreasing to		
	4.00%)	5.00%)	6.00%)		
Total OPEB Liability	\$ 11,921,112	\$ 14,438,554	\$ 17,791,043		

H. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the Town recognized OPEB expense of \$531,535. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		Deferred		Deferred		
	C	Outflows of		Inflows of		
	F	Resources		Resources		
Differences Between Expected and Actual						
Experience	\$	-	\$	3,532,173		
Changes of Assumptions or Other Inputs		3,044,576		1,050,743		
Total	\$	3,044,576	\$	4,582,916		

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Amo	ount
2023	\$ (3	864,060)
2024	(3	864,060)
2025	(3	864,060)
2026	(3	864,060)
2027		(14,227)
Thereafter	((67,873)
Total	\$ (1,5	38,340)

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Connecticut State Teacher's Retirement Plan – OPEB

A. Plan Description

Teachers, principals, superintendents, or supervisors engaged in service of public schools plus professional employees at State Schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost sharing multiple-employer defined benefit other postemployment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a Section 10-183 (t) of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at www.ct.gov/trb.

B. Benefit Provisions

There are two types of the health care benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplement Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$110 per month for a retired member plus an additional \$110 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute and has not increased since July 1996. A subsidy amount of \$220 per month may be paid for a retired member, spouse, or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$220 per month towards coverage under a local school district plan.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplement Plans. Effective July 1, 2018, the System added a Medicare Advantage Plan option. Active members, retirees, and the state pay equally toward the cost of the basic coverage (medical and prescription drug benefits) under the Medicare Advantage Plan. Retired members who choose to enroll in the Medicare Supplement Plan are responsible for the full difference in the premium cost between the two plans. Additionally, effective July 1, 2018, retired members who cancel their health care coverage or elect to not enroll in a CTRB sponsored health care coverage option must wait two years to re-enroll.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Connecticut State Teacher's Retirement Plan – OPEB (Continued)

B. Benefit Provisions(Continued)

Survivor Health Care Coverage

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$110 monthly subsidy or participate in the TRB-Sponsored Medicare Supplement Plans, as long as they do not remarry.

C. Eligibility

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

Credited Service

One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of Credited Service constitutes one year of Credited Service. Certain other types of teaching services, State employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

Normal Retirement

Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

Early Retirement

Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

Proratable Retirement

Age 60 with 10 years of Credited Service.

Disability Retirement

No service requirement if incurred in the performance of duty, and five years of Credited Service in Connecticut if not incurred in the performance of duty.

Termination of Employment

Ten or more years of Credited Service.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Connecticut State Teacher's Retirement Plan - OPEB (Continued)

D. Contributions

State of Connecticut

Per Connecticut General Statutes Section 10-183t, contribution requirements of active employees and the State of Connecticut are approved, amended, and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The State contributions are not currently actuarially funded. The State appropriates from the General Fund one third of the annual costs of the Plan. Administrative costs of the Plan are financed by the state. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the state will pay for any long-term shortfall arising from insufficient active member contributions.

Employer (School Districts)

School District employers are not required to make contributions to the plan.

For the year ended June 30, 2022, the amount of "on-behalf" contributions made by the state was \$125,430 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers pay for one-third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one-third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the Town reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the Town was as follows:

Town's Proportionate Share of the Net OPEB Liability	\$ -
State's Proportionate share of the Net OPEB Liability	
Associated With the Town	6,935,241
Total	\$ 6,935,241

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

Connecticut State Teacher's Retirement Plan – OPEB (Continued)

E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30,2020. At June 30, 2022, the Town has no proportionate share of the net OPEB liability.

For the year ended June 30, 2022, the Town recognized OPEB expense and revenue of \$(256,096) in Exhibit II.

F. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50%

Health Care Costs Trend Rate 5.125% for 2020, Decreasing to an

Ultimate Rate of 4.50% by 2023

Salary Increase 3.00% - 6.50%, Including Inflation

Investment Rate of Return 2.17%, Net of OPEB Plan

Investment Expense, Including

Inflation

Year Fund Net Position Will be Depleted 2023

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2014 - June 30, 2019.

The changes in the assumptions since the prior year are as follows:

- Discount rate changed from 2.21% to 2.17%
- Expected annual per capita claims costs were updated to better reflect anticipated Medicare and prescription drug claim experience based on scheduled premium increases through calendar year 2024.

The changes in the benefit terms since the prior year are as follows:

 There were no changes to benefit terms in the two years preceding the measurement date.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS PLANS (CONTINUED)

<u>Connecticut State Teacher's Retirement Plan – OPEB (Continued)</u>

F. Actuarial Assumptions (Continued)

The long-term expected return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the Plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) for each major asset class compiled by Horizon Actuarial Services, LLC in its "Survey of Capital Market Assumptions, 2020 Edition". The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.42%).

G. Discount Rate

The discount rate used to measure the total OPEB liability was 2.17%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2020.

In addition to the actuarial methods and assumptions of the June 30, 2020, actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual State contributions were assumed to be equal to the most recent fiveyear average of state contributions toward the fund.

Based on those assumptions, the Plan's fiduciary net position was projected to be depleted in 2023 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

H. Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate and the Discount Rate

The Town's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the state of Connecticut.

Notes to Schedule:

Valuation date: July 1, 2021
Measurement date: June 30, 2022

Actuarially determined contribution rates are calculated based on actuarial valuation as of July 1 of the beginning of each fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method Entry age normal

Amortization method Amortization of unfunded liability with 3.00% per year increase, closed

Remaining amortization period 6 years remaining as of July 1, 2021

Asset valuation method Market value Projected pay increases 4.00%

Investment rate of return 6.25%, net of pension plan investment expense

Mortality (healthy participants) PubG-2010(B) Public Plan Mortality for General Employees, Scale MP-2020

Mortality (disabled participants) PubG-2010(B) Public Plan Mortality for General Employees, Scale MP-2020

^{*} Contribution amounts for fiscal year ending June 30, 2014 and prior are Annual Required Contribution (ARC) under GASB 27.

Notes to Schedule:

Changes in Benefit Terms Changes of Assumptions None

Based on the procedure described in GASB 75, the discount rate used to measure plan obligations for financial accounting purposes as of June 30, 2020 was updated to equal the Municipal Bond Index Rate as of June 30, 2020;

Expected annual per capita claims costs were updated to better reflect anticipated medical and prescription drug claim experience;

Long-term health care cost trend rates were updated;

The percentages of participating retirees who are expected to enroll in the Medicare Supplement Plan and the Medicare Advantage Plan options were updated based on observed plan experience. Additionally, participants are no longer assumed to migrate from the Medicare Supplement Plan to the Medicare Advantage Plan after selecting an option; and,

The Board adopted new assumptions as the result of an experience study for the five-year period ending June 30, 2019. The changes in assumptions are summarized below:

- Decrease the annual rate of real wage increase assumption from 0.75% to 0.50%.
- Decrease payroll growth assumption from 3.25% to 3.00%.
- Rates of withdrawal, disability, retirement, mortality, and assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

Actuarial cost method Entry Age

Amortization method Level Percent of Payroll Over an Open Period

Remaining amortization period 30 Years

Asset valuation method Market Value of Assets

Investment rate of return 3.00%, Net of Investment-Related Expense Including Price Inflation

Price inflation 2.75%

^{* -} This schedule is intended to show information for ten years. Additional information will be added as it becomes available.

COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

GENERAL FUND

The general fund is the principal fund of the Town and is used to account for all activities of the Town, except those required to be accounted for in another fund. The general fund accounts for the normal recurring activities of the Town (i.e., general government, public safety, public works, health, social services, recreation, education, etc.). These activities are funded principally by property taxes, user fees, and grants from other governmental units.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Library Commission – This fund is used to account for the library support services.

Animal Control – This fund is used to account for animal control related activity.

Cafeteria – This fund is used to account for the activities associated with the operations of the School Lunch Programs.

Education Grants – This fund is used to account for the activities of various state and federal educational related grants.

STARS Fund – This fund is used to account for the STARS Program.

Student Activities – This fund is used to account for the various student activity accounts.

Student Scholarships – This fund is used to account for the various student scholarships.

Sawmill Restoration – This fund is used to account for the sawmill restoration.

Miscellaneous Grants and Donations – This fund is used to account for miscellaneous state grant activities.

Senior Center - This fund is used to account for the Senior Center activities.

Parks and Recreation – This fund is used to account for the activity of various recreation programs sponsored by the Town.

Mill Rate Stabilization Fund – This fund is used to account for bond premiums to be used to pay future debt service.

Housing Rehab Program – This fund is used to account for housing rehab grants and related loans.

Capital Project Funds

Town Aid Road Fund – This fund is used to account for the improvements of Town roads.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting Town's programs.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Town Council
Town of Ledyard, Connecticut

Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited the Town of Ledyard, Connecticut's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Town of Ledyard, Connecticut's major federal programs for the year ended June 30, 2022. The Town of Ledyard, Connecticut's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Ledyard, Connecticut complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town of Ledyard, Connecticut and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town of Ledyard, Connecticut's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town of Ledyard, Connecticut's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Ledyard, Connecticut's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Ledyard, Connecticut's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Ledyard, Connecticut's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Town of Ledyard, Connecticut's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Ledyard, Connecticut's basic financial statements, and have issued our report thereon dated December 27, 2022, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

TOWN OF LEDYARD, CONNECTICUT NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Town of Ledyard, Connecticut, under programs of the federal government for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Because the Schedule presents only a selected portion of the operations of the Town of Ledyard, Connecticut, it is not intended to, and does not, present the financial position, changes in fund balance, changes in net position or cash flows of the Town of Ledyard, Connecticut.

Basis of Accounting

Expenditures reported on the Schedule are reported using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance for all awards. Under these principles certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 2 INDIRECT COST RECOVERY

The Town of Ledyard, Connecticut, has elected not to use the 10% de minimis indirect cost rate provided under Section 200.414 of the Uniform Guidance.

NOTE 3 NONCASH AWARDS

Donated commodities in the amount of \$77,623 are included in the Department of Agriculture's National School Lunch Program, Assistance Listing #10.555. The amount represents the market value of commodities received.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Town Council
Town of Ledyard, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Ledyard, Connecticut's basic financial statements, and have issued our report thereon dated December 27, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Ledyard, Connecticut's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Ledyard, Connecticut's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Ledyard, Connecticut's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Town of Ledyard, Connecticut's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. Town of Ledyard, Connecticut's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWN OF LEDYARD, CONNECTICUT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) YEAR ENDED JUNE 30, 2022

Section II – Financial Statement Findings

Finding: 2022-001

Type of Finding: Significant Deficiency in Internal Control Over Financial Reporting

Criteria or specific requirement

Internal controls should be in place to provide reasonable assurance that financial statements are prepared in accordance with U.S. GAAP.

Condition and Context

The Ledyard Board of Education does not have adequate controls in place to ensure that all cash disbursement expenditures are being captured in the correct period. There were invoices that were paid, during fiscal year 2022, that related to services to be provided to the Board of Education in a future fiscal year. This resulted in the understatement of prepaid items and overstatement to expenditures at June 30, 2022 totaling \$345,204 and \$93,222 within the general fund and aggregate remaining funds, respectively.

Cause

Internal controls were not in place to ensure prepaid items and expenditures were properly supported and reported in accordance with U.S. GAAP.

Effect

The identified errors required an adjusting journal entry to be posted to the general fund, BOE grant fund, and school food service fund to increase prepaid items and decrease expenditures.

Repeat Finding

No

Recommendation

We recommend management evaluate the current financial reporting processes and controls to ensure that controls are in place to present the external financial statements in accordance with U.S. GAAP.

Views of Responsible Officials

Management agrees with this finding.

Section III - Findings and Questioned Costs - Major Federal Programs

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).

Town Council
Town of Ledyard, Connecticut

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut as of and for the year ended June 30, 2022, and have issued our report thereon dated December 27, 2022. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the Connecticut State Single Audit Act (State Single Audit), as well as certain information related to the planned scope and timing of our audit in our planning communication dated July 7, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings or issues

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town of Ledyard, Connecticut are described in Note 1 to the financial statements.

The entity changed accounting policies related to Leases by adopting Statement of Governmental Accounting Standards Board (GASB Statement) No. 87, *Leases*, in 2022. Accordingly, the accounting change has been applied to the beginning of the period of adoption.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements ware:

- Management's estimate of the net pension liability is based on actuarial valuation utilizing various assumptions and estimates approved by management. We evaluated the key factors and assumptions used to develop the net pension liability in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the total other postemployment benefit (OPEB) liability is based on
 actuarial valuation utilizing various assumptions and estimates approved by management. We
 evaluated the key factors and assumptions used to develop the net OPEB liability in determining
 that it is reasonable in relation to the financial statements taken as a whole.

- Management's estimate of depreciation expense is based on the estimated useful lives of
 governmental activities and business-type activities capital assets, which are based on history
 and industry standards. We evaluated the key factors and assumptions used to determine the
 useful lives in determining that they are reasonable in relation to the financial statements taken
 as a whole.
- Management's estimate of the allowance for doubtful accounts is based on historical taxes, water
 and sewer revenues, historical loss levels, and an analysis of the collectability of individual
 accounts. We evaluated the key factors and assumptions used to develop the allowance in
 determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the lease liability is based on assumptions related to the Town's
 incremental borrowing rate. We evaluated the key factors and assumptions used to develop the
 liability in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Significant unusual transactions

We identified no significant unusual transactions.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. If uncorrected misstatements exist, include the following paragraph:

Uncorrected misstatements or the matters underlying uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even if management has concluded that the uncorrected misstatements are immaterial to the financial statements under audit.

Corrected misstatements

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

The attached schedule summarizes all misstatements (immaterial) detected as a result of audit procedures that were corrected by management.

Town Council
Town of Ledyard, Connecticut
Page 3

Disagreements with management

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the management representation letter dated December 27, 2022.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Required supplementary information

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We compared the RSI for consistency with management's responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

Supplementary information in relation to the financial statements as a whole

With respect to the schedule of expenditures of federal awards (SEFA) and schedule of expenditures of state financial assistance (SESFA) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the SEFA and the SESFA to determine that the SEFA and the SESFA comply with the requirements of the Uniform Guidance and the State Single Audit, respectively, the method of preparing it has not changed from the prior period or the reasons for such changes, and the SEFA and the SESFA are appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the SEFA and the SESFA to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated December 27, 2022.

Town Council
Town of Ledyard, Connecticut
Page 4

With respect to the combining and individual nonmajor fund financial statements and schedules (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated December 27, 2022.

The introduction and statistical section accompanying the financial statements, which is the responsibility of management, was prepared for purposes of additional analysis and is not a required part of the financial statements. Such information was not subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we did not express an opinion or provide any assurance on it.

Other information included in annual reports

Our auditors' opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document. You are responsible to provide us the opportunity to review such documents before issuance.

* * *

This communication is intended solely for the information and use of the Town Council and management of the Town of Ledyard, Connecticut and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE REQUIRED BY THE STATE SINGLE AUDIT ACT

Town Council
Town of Ledyard, Connecticut

Report on Compliance for Each Major State Program Opinion on Each Major State Program

We have audited the Town of Ledyard, Connecticut's compliance with the types of compliance requirements identified as subject to audit in the Office of Policy and Management's *Compliance Supplement* that could have a direct and material effect on each of the Town of Ledyard, Connecticut's major state programs for the year ended June 30, 2022. The Town of Ledyard, Connecticut's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Ledyard, Connecticut complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2022.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S Sections 4-230 to 4-236). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town of Ledyard, Connecticut and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of the Town of Ledyard, Connecticut's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Town of Ledyard, Connecticut's state programs.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Town Council
Town of Ledyard, Connecticut

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the Town of Ledyard, Connecticut's basic financial statements, and have issued our report thereon dated December 27, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Ledyard, Connecticut's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001 that we consider to be significant deficiency.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Ledyard, Connecticut's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Ledyard, Connecticut's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the State Single Audit Act, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Ledyard, Connecticut's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Town of Ledyard, Connecticut's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ledyard, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Ledyard, Connecticut's basic financial statements, and have issued our report thereon dated December 27, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

TOWN OF LEDYARD, CONNECTICUT NOTES TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE YEAR ENDED JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying schedule of expenditures of state financial assistance (the Schedule) includes the state grant activity of the Town of Ledyard, Connecticut, under programs of the State of Connecticut for the year ended June 30, 2022. Various departments and agencies of the State of Connecticut have provided financial assistance through grants and other authorizations in accordance with the General Statutes of the State of Connecticut. Because the Schedule presents only a selected portion of the operations of the Town of Ledyard, Connecticut, it is not intended to, and does not, present the financial position, changes in fund balance, changes in net position or cash flows of the Town of Ledyard, Connecticut.

Basis of Accounting

The accounting policies of the Town of Ledyard, Connecticut, conform to accounting principles generally accepted in the United States of America as applicable to governmental organizations. The information in the Schedule is presented based upon regulations established by the State of Connecticut, Office of Policy and Management.

Expenditures reported on the Schedule are presented on the modified accrual basis of accounting. In accordance with Section 4-236-22 of the Regulations to the State Single Audit Act, certain grants are not dependent on expenditure activity and, accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected in the expenditures column of the Schedule.

NOTE 2 LOAN PROGRAMS

In accordance with Section 4-236-23(a)(4)(F) of the Regulations to the State Single Audit Act, the notes to the schedule of expenditures of state financial assistance shall include loans and loan activities. The following is a summary of the various loan program activity for the year ended June 30, 2022:

Department of Energy and Environmental Protection

Clean Water Funds:

Issue Date	Interest Rate	Original Amount	Balance Beginning	Issued	Retired	Balance Ending
9/30/2006	2.05%	\$ 926,007 \$	280,882 \$	- \$	(51,184) \$	229,698
12/27/2010	2.00%	1,629,000	806,318	-	(89,499)	716,819
3/31/2015	2.00%	3,781,622	2,665,088	-	(189,574)	2,475,514

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Ledyard, Connecticut's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Ledyard, Connecticut's Response to Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Town of Ledyard, Connecticut's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. Town of Ledyard, Connecticut's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Ledyard, Connecticut's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Ledyard, Connecticut's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWN OF LEDYARD, CONNECTICUT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) YEAR ENDED JUNE 30, 2022

Section II - Financial Statement Findings

Finding: 2022-001

Type of Finding: Significant Deficiency in Internal Control Over Financial Reporting

Criteria or specific requirement

Internal controls should be in place to provide reasonable assurance that financial statements are prepared in accordance with U.S. GAAP.

Condition and Context

The Ledyard Board of Education does not have adequate controls in place to ensure that all cash disbursement expenditures are being captured in the correct period. There were invoices that were paid, during fiscal year 2022, that related to services to be provided to the Board of Education in a future fiscal year. This resulted in the understatement of prepaid items and overstatement to expenditures at June 30, 2022 totaling \$345,204 and \$93,222 within the general fund and aggregate remaining funds, respectively.

Cause

Internal controls were not in place to ensure prepaid items and expenditures were properly supported and reported in accordance with U.S. GAAP.

Effect

The identified errors required an adjusting journal entry to be posted to the general fund, BOE grant fund, and school food service fund to increase prepaid retainage payable and decrease expenditures.

Repeat Finding

No

Recommendation

We recommend management evaluate the current financial reporting processes and controls to ensure that controls are in place to present the external financial statements in accordance with U.S. GAAP.

Views of Responsible Officials

Management agrees with this finding

Section III – Findings and Questioned Costs – State Financial Assistance

Our audit did not disclose any matters required to be reported in accordance with the State Single Audit Act.

Board of Finance Town of Ledyard, Connecticut

In planning and performing our audit of the financial statements of the Town of Ledyard, Connecticut, (the Town) as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the entity's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

However, during our audit we became aware of deficiencies in internal control other than significant deficiencies and other matters that are opportunities to strengthen your internal control and improve the efficiency of your operations. Our comments and suggestions regarding those matters are summarized below. We previously provided a written communication dated December 27, 2022, on the entity's internal control. A separate communication dated December 27, 2022, contains our written communication of significant deficiencies in the entity's internal control. This letter does not affect our report on the financial statements dated December 27, 2022, nor our internal control communication dated December 27, 2022.

Capital Assets

Capital assets information is currently being tracked within excel spreadsheets. As tracking such a large volume of information in this manner can lend itself to mistakes and be difficult to verify the propriety of the information.

Recommendation - we recommend the Town consider specific capital asset software or a capital asset module to track the information.

Rehabilitation Loans

During the performance of our audit, management made us aware that the rehabilitation loans were not being properly tracked and reconciled to the general ledger.

Recommendation - we recommend the Town consider implanting a formal loan listing and reconcile to the general ledger.

General Ledger Maintenance

During the performance of our audit on the Water fund, we noted an isolated incident in which two invoices that pertained to fiscal year 2021 were expensed in fiscal year 2022.

Recommendation - we recommend the Town consider strengthening current controls and procedures in this area.

Board of Finance Town of Ledyard, Connecticut Page 2

Matters Noted in the Previous Year

The following matters involving the internal control over financial reporting and its operation were noted in the previous year but have not been fully remediated. Again, we offer our recommendations as constructive suggestions for your consideration as part of the ongoing process of modifying and improving accounting controls and administrative practices.

Special Revenue Fund Accounting - Board of Education

The trial balances presented to us for audit for the Education Grant fund and the School Lunch fund contained numerous account balances that were not properly recorded in accordance with grant accounting (accounts receivable, grant revenues, grant expenditures, etc.). As a result, adjusting journal entries were required for these accounts. We also noted that the Board of Education has made improvements from the prior year. We noted that all cash accounts were reconciled as of year-end.

Recommendation - We recommend that all Board of Education fund trial balances be properly reconciled to the underlying, supporting data in a timely manner at year-end.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various entity personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, members of the Board of Finance, others within the organization, state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

MINUTES FINANCE COMMITTEE REGULAR MEETING

Wednesday, January 4, 2023

5:00 PM

Annex Meeting Room - Video Conference

DRAFT

I. CALL TO ORDER - The Meeting was called to order by Councilor Saums at 5:00 p.m. at the Council Chambers Town Hall Annex Building.

Councilor Saums welcomed all to the Hybrid Meeting. He stated for the Town Council Finance Committee and members of the Public who were participating via video conference that the remote meeting information was available on the Agenda that was posted on the Town's Website – Granicus-Legistar Meeting Portal.

II. ROLL CALL

Attendee Name	Title	Status	Location	Arrived	Departed	
Andra Ingalls	Town Councilor	Present	In-Person	5:00 pm	5:58 pm	
Tim Ryan	Town Councilor	Present	In-Person	5:00 pm	5:58 pm	
Bill Saums	Town Councilor	Present	In-Person	5:00 pm	5:58 pm	
S. Naomi Rodriguez	Town Councilor	Present	In-Person	5:00 pm	5:58 pm	
Fred Allyn, III	Mayor	Present	In-Person	5:02 pm	5:58 pm	
Matthew Bonin	Finance Director	Present	In-Person	5:00 pm	5:58 pm	
Steve Masalin	Public Works Director	Present	In-Person	5:00 pm	5:58 pm	
Scott Johnson, Jr.	Parks & Recreation Director	Present	Remote	5:02 pm	5:58 pm	
Robert Graham	Resident	Present	In-Person	5:00 pm	5:58 pm	
Betsy Graham	Resident	Present	In-Person	5:00 pm	5:58 pm	
Roxanne Maher	Administrative Assistant	Present	Remote	5:00 pm	5:58 pm	

III. RESIDENTS' COMMENTS

Mrs. Betsy Graham, 72A Long Pond Road, South, Ledyard, stated that she was present this evening to answer any questions the Finance Committee may have regarding their proposal to lease 0.8 +/- acres of land on Bush Pond to the Town for passive recreation. She provided some background explaining that she and her husband Robert Graham purchased the property last year, which due to some older depilated structures on the property, was not accessible. She stated since the structures have been removed the property was now opened up making Bush Pond accessible. She stated that she and her husband thought that it would make a great waterfront park for residents to enjoy picnicking, or canoeing; and therefore, they have offered the town an opportunity to lease a portion of the property to be used for passive recreation.

IV. INFORMATIONAL ITEMS

Board of Education Year-to-Date Report dated December 5, 2022

V. REVIEW AND APPROVAL OF PRIOR MEETING MINUTES –

MOTION to approve the Regular Meeting Minutes of December 7, 2022

Moved by Councilor Ingalls, seconded by Councilor Ryan

VOTE: 3 - 0 Approved and so declared

VIII. OLD BUSINESS

1. No action on the

Capital Improvement Plan (CIP) and Capital Non-Recurring (CNR) Fund based on the *American Rescue Act* Funding (ARPA) and the process to approve ARPA Projects and expend ARPA Funding.

RESULT: NO ACTION

Next Meeting: 01/18/2023 5:00 p.m.

VIII. NEW BUSINESS

1. Consider a one-time waiver of the Housing Authoring's PILOT payment due this year to allow the Ledyard Housing Authority to use the funds to contract for snow removal services.

Background: On March 11, 2020 the Town Council approved a Resolution authorizing the Town to apply for a Connecticut Small Cities Community Development Block Grant (CDBG) in the amount of 1,500,000 to provide major improvements at the Kings Corner Manor Senior Housing Facility, which was built in the 1980's. If the Grant Application was approved, the construction work would have begun in March/April 2021. However, due to the Covid-19 Pandemic, funding approvals and projects were significantly delayed. During the past two years the State asked the Town Council to restate the Resolution twice (June 9, 2021 and November 9, 2022). In addition, the State increased the grant amount awarded to Ledyard from \$1,500,000 to \$1,608,827.

Councilor Saums stated the Kings Corner Manor Senior Housing Facility was currently in the process of a major improvement project that was being paid for by a Connecticut Small Cities Community Development Block Grant, which was being funded by the Federal Government. He went on to state that the Construction Company has asked that three units remain vacant to allow for temporary moves of tenants into the unleased spaces while the rehabilitation work was being done in their units. He stated keeping three units vacant would leave the Kings Corner Senior Housing Facility with a potential shortfall of about \$1,800/month, during the duration of the construction project. He stated some of this money would have been used to pay for snow removal expenses.

Therefore, he stated Housing Authority Director Colleen Lauer was looking for some assistance from either the Public Works Department by providing some additional support regarding snow removal, or from the Town by granting relief of the Housing Authority's PILOT Payment (\$7,700) to have the cashflow to pay for snow removal services.

Councilor Saums continued by explaining that currently the Public Works Department has been making one pass around the Kings Corner Manor Senior Housing Facility during substantial storms to assure emergency service access. However, he stated because the Public Works Department was understaffed that providing any additional assistance to the Kings Corner Manor was not possible. He went on to address granting relief of the PILOT Payment noting that the Town Council needed to be cautious with granting relief for PILOT Properties, stating that they did not want to set a precedent, stating that if they granted relief to one PILOT Property then others may also seek relief from their PILOT Payment. However, he stated that they understand that this was a special situation, given the Senior Housing Facility's loss of revenue during the improvement construction project.

Mayor Allyn, III, stated getting the improvement project going at the Kings Corner Manor Senior Housing Facility has been a slow process. He stated in addition to the 1,608,827 CDBG Grant that the town also received a Connecticut Housing Finance Authority (CHFA) Grant in the amount of \$1 million, which has provided a total of \$2.5 million in grant funding to make the much-needed improvements to the Kings Corner Manor Senior Housing Facility. He stated not only was the approval of the grant funding delayed because of the Covid-19 Pandemic that the process relative the soliciting bids, negotiating contracts, and getting the Contractors on-site have been slow. He stated during this process that the Contractors have asked that as units became vacant that they not be filled to allow for temporary moves of tenants while work was being done in the occupied units. He stated the plan to use vacant units to house current tenants while the rehabilitation/improvement work was being done initially seemed to be a good plan, until they realized how long the entire construction project was going to take and the amount of lost rental revenue.

Councilor Ryan questioned: (1) Whether holding some units vacant during the construction project were factored into the original plan; and (2) The Contract Completion Date.

Ledyard Housing Authority Director Colleen Lauer addressed Councilor Ryan's questions as follows:

(1) The Construction/Rehabilitation Plan did not include keeping three units vacant. She explained that it was more of an understanding that if they had a vacant unit that they wanted to keep it vacant to house tenants during the time the construction work was being done in the occupied units. She stated one apartment became vacant last March, 2022, and she noted that it was now January 2023; and other than taking the cabinets out, because the former tenant was a smoker, that no work has been done. She also noted that they had one tenant that passed away and one tenant moved out of the Facility,

which has left them with three vacant units. She stated the Contractor has requested the three units remain vacant, with the plan to do the improvement/rehabilitation work to the three vacant units first; and then temporally move tenants into those units as necessary to perform the work on the occupied units. She stated in speaking with the Architect today she told him that she had to rent one of the three vacant units, noting the financial hardship of keeping three units vacant. She stated in addition to the loss of the rent revenue that they had to pay expenses for the three vacant units which included \$400.00 a month in electrical costs to keep the heat on at 60 degrees to keep the pipes from freezing; and

(2) Per the Contract the construction contractor had two-years to complete the project. Initially the project was supposed to be completed in mid-February, 2023. Ms. Lauer explained the process involved from soliciting bids, negotiating with contractors and the state to obtaining a waiver from the State Building Official to accommodate some of the handicap accessible equipment in the 420 square foot units, such as the grab bars in the bathrooms. She stated that they were now hoping the project would be completed by the end of the calendar year (2023), noting that they were still waiting for the cabinets and windows to be ordered.

Ms. Lauer continued by providing an overview of the rehabilitation/improvement project noting that because Kings Corner Manor was an older development, the heat was electric baseboard, the original windows and doors were not energy efficient, and the tubs were a safety hazard for older and disabled people. She stated the scope of the improvement work would include the replacement of windows, outside doors and installing storm doors with energy star rated products. It would also include the installation of new split heat pump systems for improved and efficient heating and air conditioning in each unit, the tubs would be removed and replaced with roll-in showers and grab bars, the toilets, sinks and flooring materials would also be replaced removing architectural barriers.

Ms. Lauer stated in accordance with "Ordinance Establishing a Housing Authority for the Town of Ledyard" and its Appendix A "Agreement Between The Town of Ledyard And Ledyard Housing Authority Regarding Payment in Lieu of Taxes" the Housing Authority has been putting money into their Short-Term Investment Fund (STIF) for capital improvements, noting that the funds were growing. She stated if they decided to handle the snow removal in-house that their maintenance man could use the lawn tractor which had a small plow on it, noting that they do not have a truck that could be used to plow snow. She stated should there be a large snowstorm that they would try to hire a private contractor for the snow removal and pay per storm. She stated last year the Seasonal Snow Removal Contract was \$5,000; and then they paid an additional \$1,250 bringing the total snow removal cost to \$6,250 for the year. However, she stated this year the same contractor has come back with Seasonal Snow Removal Contract price of \$10,000 which would include clearing the sidewalks, parking lot, and the road. She stated in working to negotiate with the snow removal contractor that they could bring the Seasonal Contract cost down to \$6,750 if the contractor did not clear the sidewalks. Ms. Lauer went on to state if we have a mild winter, and they do not have to use a private contractor for the snow removal that the Housing Authority would pay the PILOT payment.

Councilor Ingalls questioned whether the Kings Corner Senior Housing Facility was planning to pay for Seasonal Snow Removal Contract; or pay per storm this year. Ms. Lauer stated for this winter that they planned to pay per storm this year.

Public Works Director/Town Engineer Steve Masalin explained that the Kings Corner Manor Senior Housing Facility was a quasi-town agency, noting that the town does have some oversight at some level. He stated the understanding with regard to snowstorms has been that the Public Works Department would make a pass thru the Facility to keep things open for emergency vehicles. He stated over the years the Public Works Department has wandered at times, noting as an example that they were involved in a summertime project at the Senior Housing Facility. He stated there has been a *loose understanding*, and he stated that all parties would benefit long-term to have a tight understanding of what the town's (Public Works Department) direct role was at the Kings Corner Senior Housing Facility. He stated he did not think that the town's (Public Works Department) role was as extensive to the extent of what they have already extended their services to the Senior Housing Facility. He suggested this subject be taken up more thoroughly at a later time, noting that it would help both the Kings Corner Manor Senior Housing Facility and the Town (Public Works Department).

Councilor Ingalls suggested in working with Housing Authority Director Colleen Lauer that perhaps the Town Council could waive a portion of the Kings Corner Manor Senior Housing Facility's PILOT payment, using an "*up-to*" approach based on the actual costs of the snow removal costs this winter.

Councilor Ingalls stated her introduction to the Finance Committee was before Ms. Lauer was the Housing Authority Director. She stated at her first Finance Committee meeting the Committee was asked to consider the Housing Authority's request to waive their PILOT payment. However, she stated the Finance Committee's questions regarding fiscal responsibility were met with distain by the Housing Authority. She stated at that time here was no demonstration of sound management. She stated since Ms. Lauer has been managing the Kings Corner Manor Senior Housing Facility that she has gotten their finances in order and has been able to answer financial questions and has provided information as requested. However, she stated that she still had a reluctance to waive a PILOT payment, based on Councilor Saums' comments earlier this evening about others seeking PILOT payment waivers. She stated the Town Council has a responsibility to the taxpayers, noting the importance for them to consider everyone's interests. She concluded by stating that her reluctance was not a reflection of Ms. Lauer's management; and that she thought that they could perhaps meet in the middle.

Councilor Saums suggested a Motion be drafted for the Finance Committee's next meeting.

The Finance Committee agreed with Councilor Saums' suggestion, not to act on this request this evening in an effort to draft a formal motion.

POST MEETING NOTE: 1/5/2023: In a conversation with Housing Authority Director Colleen Lauer, waiting until the end of the winter season (end of March/beginning of April) was discussed to see what the Housing Authority expenses would be for snow removal; and to draft a Motion at that time regarding the relief of some of the PILOT Payment. Ms. Lauer would contact the Mayor's Office should funds run low before the end of the winter.

RESULT: DISCUSSED

2. MOTION to recommend the Town Council grant a Bid Waiver to Goliath Structural Steel Maintenance, LLC of Carver Massachusetts, in the amount of \$32,500 for the Roof Cleaning and Recoating of the Ledyard Center Water Storage Tank, due to the lack of receiving the required three bids in accordance with Ordinance #200-001 (rev 1) "An Ordinance for Purchasing".

Moved by Councilor Ingalls, seconded by Councilor Ryan

Discussion: Councilor Saums provided some background explaining at the May 4, 2005 Referendum the townspeople approved \$5,950,000 for the design and installation of a watermain along Route 117 and various related improvements. He stated this project included the *installation of a 1.25 million gallon steel tank*, with concrete foundation on Town owned property at Ledyard Center behind Ledyard Center Elementary school. He stated the construction of the Ledyard Center Water Storage Tank was completed in 2009.

Councilor Saums went on to explain that the Water Pollution Control Authority (WPCA) has been annually setting funds aside in their Capital Account for the maintenance of the Water Storage Tank, because they knew in about fifteen years the Tank would need to be repainted. He stated the Ledyard Center Storage Tank was now 14-years old and that both the inside and outside of the tank were inspected, noting they found that the roof needed to be cleaned and resurfaced; but that the rest of the Tank was still in good condition, and did not need to be repainted at this time.

Councilor Saums continued by noting that on behalf of the Water Pollution Control Authority that Groton Utilities solicited bids to clean and recoat the Ledyard Center Water Tank. He stated because they did not receive a good response that over the past year Groton Utilities solicited bids multiple times, however, he explained that they still only received one bid. Therefore, he stated the WPCA has requested a Bid Waiver to Goliath Structural Steel Maintenance, LLC of Carver Massachusetts, in the amount of \$32,500. He noted in accordance with Ordinance #200-001 (rev 1) "An Ordinance for Purchasing", for goods and services over the amount of \$15,000 that three bids were required. If three bids were not received a bid waiver may be granted by the Town Council.

Councilor Saums concluded by noting the contractor provided two estimates, one to only resurface the top of the tank in the amount of \$32,500, which they were acting on this evening; and one cost estimate to recoat the entire exterior of the Tank which was in the amount of \$285,000. He stated thankfully, the rest of the Tank was in good condition, and therefore, they would only be cleaning and resurfacing the top of the Water Storage Tank.

Councilor Ingalls stated without receiving more than one bid that they had nothing to compare to this contractor's proposal to, noting that she did not like to vote "Yes" because her hands were tied. However, she stated because she felt that her hands were tied that she would vote "Yes".

Councilor Saums noted Councilor Ingalls made a good point. However, he stated by only having to clean and recoat the top of the Water Storage Tank that it would provide the Water Pollution Control Authority more time to seek more bidders for when it comes time to recoat/paint the entire Tank. He stated this was currently a tough time to try to get contractors, noting that part of the WPCA's discussion to wait on painting the entire Tank was to try to get better pricing with more completive bidders.

Councilor Ryan questioned the budget account that the cleaning and recoating the Tank would be paid from. Councilor Saums explained that explain that the Water Pollution Control Authority has been annually setting funds aside in their Capital Account for the maintenance of the Water Storage Tank.

VOTE:

3–0 Approved and so declared

RESULT: RECOMMEND TO APPROVE 3 – 0
MOVER: Andra Ingalls, Town Councilor
SECONDER: Tim Ryan, Town Councilor

AYES: Ingalls, Ryan, Saums

3. Future of curbside collection and contracting.

Public Works Director/Town Engineer Steve Masalin provided some background regarding curbside collection services. He reviewed the proposals that were received in response to Bid #2019-016 as noted below. He explained that the Town was 3.5 years into a 6-year contract with Willimantic Wastepaper, noting that it has taken nearly 3-years to get adjusted and aligned with the 11,000+ carts and 50+container assignments, data and the management of them, etc. He stated in 2019 the Town only received two bids for the curbside collection services: (1) Willimantic Wastepaper, has since been bought out by Casella Waste Management; and (2) F.E. Crandall, who was recently bought out by Connecticut Wase Removal and Recycling Management (CWPM). He stated CWPM recently snapped up the following trash removal/waste management companies: Sawchuck Waste Removal of New London, Perkins & Sons Rubbish Removal of North Stonington, Sterling Superior Services, and F.W. Crandall along with a few others, noting that the area was winding up with only a few large waste management companies. He stated CWPM has been a large waste management company in the region for quite some time, noting that they have been doing commercial waste collection in Ledyard for a number of years; and that they were the Town's Bulky Waste provider. However, he stated CWPM has never submitted a bid for curbside collection services for the Town.

Mr. Masalin continued by noting that the town had 2-years remaining on their current curbside collection contract with Casella Waste Management (formerly Willimantic Waste). He addressed the time involved to solicit bids in advance of the end of the current contract and to deal with the logistics of changing contractors, noting that curbside collection services were now automated with the 11,000+ carts and 50+container assignments, and he stated that they trend was heading in a direction that curbside collection would never go back to manual. He suggested in light of the context and in-light of the nature of the services that the town consider negotiating with Casella Waste Management to come to an agreement that would be favorable beyond the terns of the current contract. He stated he heard Councilor Ingalls' concerns earlier this evening (Item #2) regarding bid waivers, noting that this would require some form of a bid waiver to extend their Curbside Collection Contract. However, he stated curbside collection and the logistics of 11,000+ carts and 50+container assignments were a complex scenario. He explained that if they were to change curbside collection contractors that he would need at least a temporary Assistant to help him manage the process/transition of collecting existing carts/containers the distributing/assigning the new carts/containers along with the data to track all that was involved with the project. He stated by starting this process early enough that it would provide them with some certainty about things, not just from a service standpoint, but also from a budget standpoint.

			OPTION YR 1			
Fred Allyn III	Town of Ledy	ard ard	(actual year 3)	July 1, 2021 t	o June 30, 2	022
			OPTION YR 2			
Marcia Hancock	Town of Ledy	ard ard	(actual year 4)	July 1, 2022 t	o June 30, 2	023
			OPTION YR 3			
Sarah Crandall	FE Crandall		(actual year 5)	July 1, 2023 t	o June 30, 2	024
			OPTION YR 4			
Victoria Lindsey	Willimantic V	Vaste Paper	(actual year 6)	July 1, 2024 t	o June 30, 2	025

The Finance Committee and Mr. Masalin discussed the following:

- Pros and cons between: (1) Negotiating "Extension Years" after the sixth year (June 30, 2025) of the Curbside Collection Contract that was awarded in response to Bid #2019-16; and (2) Solicit bids at the end of Option Year #2 (June 30, 2023) in preparation for implementation after Option Year #4 (June 30, 2025 which was the sixth year of the current contract).
- Southeastern Connecticut Regional Resource Recycling Authority (SCRRRA) has again increased the Tipping Fees by \$2.00 per ton; which was a total increase of \$3.25 per ton over the last two budget years. Household trash was being disposed at the Lisbon Incinerator Plant instead of the Preston Incinerator Plant.
- The Recycling Market has turned favorable, and was once again beginning to make money. But because SCRRRA had borne the recycling costs for a number of years SCRRRA was not distributing the revenues to Member Towns.
- Because waste management (tipping fees for bulky waste) cost per ton to dispose of waste was constantly fluctuating that the ability to control at least 50% of the cost thru the curbside collection contract would be helpful for budgetary purposes.

- Single Stream Recycling found that the paper was being contaminated by the glass breaking during the collection process. SCRRRA credits Member Towns for the recyclables, however, the Towns were also penalized for the contaminations that occurred.
 - O The cost to change from collecting recyclables from every other week to every week would cost about \$60,000 \$80,000. Would the town be able to recover the \$80,000 by once again separating the recyclables (paper/cardboard from the glass) and picking up recyclables every week alternating between picking up paper/cardboard one week and glass the other week. This would improve the quality of the recyclables, and therefore, reduce the penalties and increase the credits, if everyone recycled correctly.
 - Cardboard, paper, certain plastics and aluminum were the most valued recyclable commodities. Additional containers would be required to separate the recyclables to provide for every week pick-up alternating between the paper and glass collection.
- For a variety of reasons, there was a limited number of Waste Management Contractors in the area that would be interested in submitting a proposal for curbside collection service, of which one was the cost to provide carts.

Mayor Allyn, III, addressed the two options being discussed this evening: (1) Negotiate "Extension Years" after year 6 of the Curbside Collection Contract that was awarded in response to Bid #2019-16, noting that there was \$1.1 million invested in carts that were owned by the current contractor, Casella Waste, but were managed by the town; and (2) Solicit bids at the end of Option Year #2 (June 30, 2023). He stated if the town was not able to successfully negotiate an extension with the current contract that they would then move forward with going out to bid for curbside collection services.

The Finance Committee asked Public Works Director/Town Engineer Steve Masalin to start a conversation to extend the contract with the current Curbside Collection Contractor – Casella Waste Management.

RESULT: DISCUSSED

4. MOTION to recommend the Town Council approve a revised Appendix A- *Qualifying Income Schedule* in accordance with Ordinance #200-005 (rev. 1) "An Ordinance to Provide Property Tax Relief for Certain Homeowners Age Sixty-Five or Over or Permanently and Totally Disabled (rev.1)" for the filing period of February 1, 2023 – May 15, 2023.

Adopted by the Ledyard Town Council on.		
	Kevin J. Dombrowski,	Chairman

Moved by Councilor Ryan, seconded by Councilor Ingalls

Discussion: Councilor Saums provided some background, stating that in addition to the State, that the town provided tax relief to qualifying homeowners thru the adoption of Ordinance #200-005 (rev. 1) "An Ordinance to Provide Property Tax Relief for Certain Homeowners Age Sixty-Five or Over or Permanently and Totally Disabled (rev. 1).

Councilor Saums went on to state that the provisions of the Ordinance required the town to annually update the "Qualifying Income Schedule" to be consistent with the State's Qualifying Income, which was based on the United States Social Security Administration Program.

Councilor Saums noted in accordance with Ordinance #200-005 (rev.1) Paragraph 3 "Qualifications"; paragraph (e) "Persons qualified for tax credit or deferment benefits under this Ordinance are those whose maximum income during the calendar year preceding the year in which application is made for the tax credit does not exceed the Qualifying Income Schedule, as hereby incorporated in the ordinance as though fully set forth herein. A copy of the approved Qualifying Income Schedule shall be filed with the Town Clerk when established and when amended. The income guidelines provided in the Qualifying Income Schedule (Appendix A) shall be adjusted to reflect a cost of living increase issued by the United States Social Security Administration, pending the approval of the Town Council prior to the first of January of the year of application."

Councilor Saums noted that the State also offered relief for renters. Mayor Allyn, III, stated that Municipal Agent Karen Goetchuis administers a *Renters Rebate Program*.

It was noted that because the "Qualifying Income Schedule" was an Appendix to the Ordinance, and because they were not changing the Ordinance itself, a public hearing was not required. Annually updating the "Qualifying Income Schedule" for the town's Tax Relief program was an administrative action.

5. MOTION to recommend the Town Council adopt proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" as contained in the draft dated December 6, 2022.

Moved by Councilor Ingalls, seconded by Councilor Ryan

Discussion: Mayor Allyn, III, explained that proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" were drafted to update the language to include the addition of a new "Wages and Compensation" Section and other editorials as noted below.

"WAGES AND COMPENSATION

Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the percentage of the highest union contracted increase for that fiscal year.

Employees required to be available via cell phone outside of regular work hours who are not issued a Town cell phone, shall receive a monthly stipend for usage of their personal cell phone at a rate equivalent to the highest stipend paid to any of the Town's bargaining units.

With the implementation of this Resolutions, retroactive reimbursement for personal cell phone use shall be paid to employees who were on-staff during the period beginning with the Covid 19 pandemic of March, 2020; as outlined in the above paragraph."

Mayor Allyn continued to explain that the highest union contracted increase for this fiscal year was 3%. He presented a spreadsheet that was prepared by Administrator of Human Resources Don Steinhoff which showed the difference in the hourly rate of the Department Heads covered under this Resolution, noting the difference in the hourly rate ranged from 0.07 to 0.29 per hour; for a total cost of \$4,813.02 for Fiscal Year 2022/2023.

Mayor Allyn went on to note the other change in the Resolution was to provide a stipend to the Department Heads who use of their personal cell phones to conduct town business. He stated it was more cost effective for the town to provide a stipend to these Department Heads for using their personal cell phones for town business than it would be for the town to purchase additional cell phones and additional monthly contracts for phone. He stated the cost of the cell phone stipend was \$4,320 per year. He stated the wage adjustment and cell phone stipends would be retroactive to July 1, 2022.

Councilor Saums addressed the language in the new Wage and Compensation Section as follows: "Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the percentage of the highest union contracted increase for that fiscal year." He stated the town has been very careful with raises for Department Heads; noting that the Department Heads have not received many raises; and the raises they received have not been much. Therefore, he stated that he was in-favor with keeping the Department Head's wage increases at par or upping them a little based on the past cycle. However, he stated if this clause was included in the Resolution; and for some reason one union asked for a 5% wage increase, and the town said "No"; but the union then won their case through Arbitration; that the fourteen Department Heads covered by the Resolution would also receive a 5% wage increase. Therefore, he stated he had concerns, because the town did not have total control over what they give their union employees. He stated he did not have a solution this evening with regard to what they could replace this language with.

Mayor Allyn, III, stated historically the town has been aggressive with keeping the wage increases for bargaining units low. Councilor Saums agreed with Mayor Allyn's comment, and he added that the town has actually fallen behind in some areas, noting in some cases Ledyard's wages were lower than other towns. Mayor Allyn stated keeping wages lower than other towns has been an issue for Ledyard with respect to trying to keep staff and in trying to fill vacancies for certain roles/positions. He stated that this has become a problem for the Town.

Councilor Saums stated in certain instances some union employees did receive a 5% wage increase because they were correcting past inequalities. He stated that he believed he believed Ledyard would be negotiating differently, noting that employees read our labor contracts/agreements and the contracts/agreements of neighboring communities He concluded by expressing concern that with the proposed wage language, as written, in the "Resolution Establishing Administrator/Department Head Benefits" that they could end up giving some big raises unintentionally. He questioned whether they could write the wage language in a way that would prevent them from unintentionally giving big raises to Department Heads.

Councilor Ryan suggested basing the Department Head wage increases on an average of wage increases of the bargaining units.

The Finance Committee agreed to withdraw the motion to obtain additional information.

RESULT: WITHDRAWN

Remove from Agenda

6. MOTION to recommend the Town Council approve a proposed "Lease Agreement between Robert and Mary Graham and the Town of Ledyard" for the lease of approximately 0.8-acre +/ parcel on Bush Pond.

Moved by Councilor Ryan, seconded by Councilor Ingalls

Discussion: Councilor Saums provided some background stating that Mr. and Mrs. Graham purchased a piece of land on the twenty-three-acre Bush Pond which was parallel to Long Pond. He explained that initially Mr. and Mrs. Graham wanted to give/gift about 550 linear feet of the pond frontage to the Town, which was the middle section of the pond. However, he stated Ledge Light Health District required a certain amount of reserve area for the remaining cottages on the parcel (one cottage on the south side and three cottages on the north side) that the property could not be divided to give a portion of the parcel to the Town. Therefore; he stated that Mr. and Mrs. Graham have decided to offer the Town an opportunity to enter into a 99-year Lease to provide a waterfront park for the Town.

Mayor Allyn, III, stated that Mr. and Mrs. Graham removed a number of the dilapidated cottages and cleaned up the property taking on a lot of the expense to open up the property making it accessible. He stated at the Town Council's July 27, 2022 he was authorized to have a survey conducted and to draft a legal description of the threequarter acre parcel. He also noted that the Town Attorney and the Graham's Attorney worked together to draft the proposed lease presented this evening. He thanked Mr. and Mrs. Graham for their generous offer, noting that it was an incredible gift to the town and he thanked them for attending tonight's meeting.

Mayor Allyn went on to note the terms of the proposed 99-year lease would allow the town to use the 0.8 +/- acre piece of the property as a waterfront park for passive (nonmotorized) recreation such as canoeing, kayaking, fishing, etc., for a leased amount of \$10.00 per year. He explained that the Town could not construct a building on the parcel but that they could put in a gazebo for picnicking, and that the Graham's would allow the town to put a port-a-john on the property seasonally. He noted that the parcel would be under the Administrative Control of the Parks & Recreation Department, and he stated that he worked with Parks & Recreation Director Scott Johnson, Jr. to provide some cost estimates this evening that would make the property ready for use by town residents and for the annual maintenance.

Parks and Recreation Director Scott Johnson, Jr. addressed the costs to make the property ready for use by town residents and for the annual maintenance. He noted that he expected to receive a cost estimate tomorrow for the grass cutting. He reviewed the cost estimates as follows:

Lantern Hill Valley Park (Bush Pond)

	Quantity	Unit Price	Total	Recurring	Notes
Rectangular picnic table	1	\$1,300	\$1,300	N	8' Vinyl coated HD rectangular picnic table
ADA picnic table	1	\$1,500	\$1,500	Ν	8' Vinyl coated HD ADA rect. picnic table
Seasonal Port-a-John	1	\$62	\$558	Υ	Contract price for P&R- Full Year cost
Picnic Pavilion	1	\$18,400	\$18,400	N	14x20 hip roof, Carefree Small Bldgs.
Concrete floor	1	\$5,300	\$5,300	N	16x22 poured floor
Protective bollards Mow/maintain	2	\$295.00	\$590.00	N	Protect front pavilion posts, plus install/concrete
trash removal	1	\$41.67	\$500	Υ	Annual cost
TOTAL Up-Start (Estimat	ed)		\$28,148		
TOTAL ANNUAL MAINTEN	IANCE (Est	imated)	\$1,648		

Councilor Saums explained the reason these cost estimates were provided this evening was because the Finance Committee needed to ask what the long-term costs to the town would be by leasing the waterfront property. He stated there would be some one-time capital improvement costs estimated to cost \$28,148; and an annual maintenance cost of about \$1,648.

Councilor Ryan questioned the funding source to support the Lantern Hill Valley Park (Bush Pond). Director Mr. Johnson explained that Parks and Recreation would use funding from their Capital Account for the initial capital expenses such as the Picnic Pavilion, Concrete Floor, Picnic Tables, etc. He explained that under Ordinance #200-009 "An Ordinance Providing For The Transfer of Certain Revenue From the Real Estate Conveyance Tax To Specific Town of Ledyard Funds" a percentage of the conveyance tax that the town received was allocated the Parks and Recreation Capital Account to be used for park improvements and capital other expenses. He also noted that the Parks and Recreation had some boat docks that were previously used at the Highlands Lake which he thought could be installed at Bush Pond to be used for a boat launch, explaining that the Capital Account could be used for the ramps and pylons to secure the boat docks/launch. He stated the annual maintenance, such as mowing, trash pick-up and port-a-john would be paid from the Department's maintenance operating accounts.

Mr. Johnson noted that he was preparing his budget submittal for next year and he stated that he would be including the one-time start-up costs for Bush Pond in the Parks and Recreation's Fiscal Year 2023/2023 Capital Improvement Plan (CIP).

Councilor Rodriguez questioned when the waterfront park would be available for public use. Mayor Allyn replied stating that although they may not have the picnic pavilion and concrete floor poured, that the property could be ready for public use by Spring, 2023, noting that Mr. and Mrs. Graham have already done a tremendous amount of work on property.

Also discussed was installing some safety barriers along Lantern Hill Road to prevent vehicles from going off the road into the water.

The Finance Committee thanked Mr. and Mrs. Graham for their very generous offer to lease a portion of Bush Pond to the Town for \$10.00 per year for 99-years to be used for a waterfront park for residents to enjoy.

TOWN OF LEDYARD

741 Colonel Ledyard Highway Ledyard, CT 06339-1511

File #: 22-064 **Agenda Date:** 1/18/2023 Agenda #: 1.

AGENDA REQUEST GENERAL DISCUSSION ITEM

Subject:

Continued discussion regarding the status and possible changes to Capital Improvement Plan (CIP) and Capital Non-Recurring (CNR) Fund based on the American Rescue Act Funding (ARPA) and the process to approve ARPA Projects and expend ARPA Funding.

Background:

The Town has been slated to receive approximately \$4,327,000 from the American Rescue Plan Act.

- Local governments would receive funding in two tranches (2nd tranche May/June 2022)
- Funds must be "obligated" by the end of calendar year 2024, "liquidated" by end of calendar year 2026.

Although the federal guidelines did not require approval by the taxpayers for the use of the American Rescue Plan Act (ARPA) Funding that the Finance Committee decided to include projects that were not time-sensitive in the Capital Improvement Plan (CIP) that would be presented and voted on by the taxpayers as part of the May 17, 2022 Budget Referendum

To ensure that each project and all suggestions were given their due diligence that over the past year the Finance Committee developed a rubric to evaluate/rate each project, held an Information Forum on February 15, 2022 to receive and comments and suggestions on the proposed ARPA Projects, and received input from town departments and residents through conversations, and other sources such as social media

- Final rule defines five (5) broad eligible categories:
- Responding to the public health emergency and the negative economic impacts of COVID-19
- Replacement of lost revenue
- Provide premium pay
- Water and sewer infrastructure
- Broadband infrastructure
- Responding to the public health emergency and the negative economic impacts of COVID-19 (subcategories)
- public health
- assistance to households
- assistance to small businesses
- assistance to nonprofits

File #: 22-064 Agenda Date: 1/18/2023 Agenda #: 1.

- aid to impacted industries
- public sector capacity
- ❖ Why not just "give the money back"?
- Funds cannot be used to reduce taxes
- Each resident would receive \$288
- Current plan supports all of the above categories, invests in the community, and generates a return on the investment.

During the ARPA Projects evaluation process the Town Council approved to allocate ARPA Funding for some projects or expenses that were safety issues or time sensitive issues that could not wait until the May Budget Referendum. He presented the List of ARPA Projects the Town Council approved funding for as follows:

Project	Location	Estimated	Funds	Date
		Cost	Committe	Approved
			d	
Sewer line extension Phase I	Ledyard Center to LHS	1,200,000	Yes	4/27/2022
Skid mounted sewer pumps	Ledyard WPCA	175,000	Yes	4/27/2022
Add funds to Housing Rehab Grant	Town wide	100,000	Yes	12/8/2021
Town Hall A/C Replacement	741 Colonel Ledyard Hwy	80,000	Yes	4/13/2022
Town Green Improvements	Ledyard Center	75,000	Yes	2/9/2022
Concrete floor	Pole Barn, lower Town Green	55,000	Yes	12/8/2021
LLHD	Town wide	43,270	Yes	1/26/2022
Thames Valley Council for Community Action	Town wide	15,000	Yes	12/8/2021
Replace brackets on lamp poles	Ledyard Center	2,520	Yes	4/27/2022
Balance of funds for OwlPro meeting camera	Town wide	831	Yes	12/8/2021

The following initiatives were presented and included as part of the Annual Fiscal Year 2022/2023 Budget process for the use of the ARPA Funding:

Project	Location	Estimate d Cost
Court of Probate	Town wide	TBD
Sewer line extension Phase III	Ledyard Center	950,000
Ledyard Center sewer line extension Phase II	Ledyard Center	612,500
Sandy Hollow Guardrails	Sandy Hollow Road	225,000
Funding for youth mental health clinicians	Town wide	190,000
Ledyard Up/Down Sawmill	Ledyard	125,000

Agenda Date: 1/18/2023 Agenda #: 1. File #: 22-064

Replace 2 dispatch stations in Emergency Ops Center	Town wide	75,000
Playscape replacement	13 Winthrop, Gales Ferry	65,000
Erickson Park enhancements	Gales Ferry	55,000
Athletic Field Fence	Education	55,000
Police radio replacement	Town wide	46,125
Nathan Lester House repairs	Ledyard	40,000
LED Sign Panel, Gales Ferry	Gales Ferry	35,000
Sidewalk infill	Ledyard Center	35,000
Sidewalks	Gales Ferry	35,000

Project	Location	Estimated Cost
LED Sign Panel, Ledyard Center	Ledyard Center	35,000
Lead Abatement project	Nathan Lester House	30,000
SCCOG recovery planner	Town wide	28,399
SE Cultural Coalition	Town wide	28,399
Replace food pantry roof	Ledyard Town Green	25,000
Southeastern Council on Alcoholism and Drug Addiction	Town wide	25,000
Replace 6 doors in Town Hall	741 Colonel Ledyard Hwy	23,000
Electric Vehicle charging stations	Gales Ferry	20,000
Re-vinyl side food pantry	Ledyard Town Green	17,500
Gales Ferry Corridor Study	Gales Ferry	15,000
Solar charging station	Town Green, Bill Library GF Lib	12,000
Add ClearGov modules	Town wide	10,500
Homeless Hospitality Center of New London	Town wide	10,000
Parks and Rec Summer Scholarships	Town wide	10,000
Replace Firehouse software	Ledyard / Gales Ferry Fire Stations	8,000
Solar powered crosswalk signs	Ledyard Center	7,500
Town promotional video	Town wide	6,000
Install wi-fi in pantry	Pantry, Town Green	2,500

Since the townspeople's May 17, 2022 approval of the \$63,484,221 Fiscal Year 2022/2023 Budget Accounts have been setup for all of the approved ARPA Projects and staff has been assigned to manage and oversee each of the Projects. Due to inflation rates the costs of the projects have increased significantly since the town began the process last October-November, 2021. Therefore, the town has been working to monitor costs to determine which projects to proceed with and whether they should hold off on other projects.

Meeting Detail Action:

Finance Committee Meeting 12/7/2022:

22064 Version: 1 File #:

Type: General Discussion

Title: Continued discussion regarding the status and possible changes to Capital Improvement Plan (CIP) and Capital Non-Recurring (CNR) Fund based on the American Rescue Act Funding (ARPA) and the process to approve ARPA Projects and expend ARPA Funding.

Action: Discussed/Continued

Minute Note:

Councilor Ryan noted the ARPA Projects spreadsheet columns included "Funds Appropriated" and "Balance Available". He questioned whether the funds available took into account completed projects that have come in under budget. Finance Director Matthew Bonin stated the spreadsheet that was attached to tonight's meeting packet was not the most up-to-date spreadsheet, noting that he was maintaining a more detailed spreadsheet to track the projects as they were progressing. Councilor Ryan stated it would be good for the Finance Committee to see the rolling balance so that they could reallocate funds from completed projects that came in under budget, to projects that may be coming in over budget or to projects that were on the ARPA List but were not budgeted yet. He noted the ARPA Funding had to be appropriated before the end of 2024.

Action: Discussed/Continued

TOTALS	Total Allocated	3,746,131.00		
	Total Expended		353,313.85	
	Balance Available	580,962.49		

Key:

- In-Progress Work was currently being done.
- Underway Preparing for project (obtaining cost estimates, working to solicit bids, etc.).
- Completed Project complete, and funds have been expended.

The Group discussed ARPA Projects that came in under budget to-date, such as the Linda C. Davis Food Pantry Roof. The also discussed the importance to redirect the unused funds to projects that may come-in over the estimated budget costs, and/or to redirect the unused funds to projects that were not funded such as Phase II & III of the Ledyard Center Sewer Extension Project.

Finance Director Matthew Bonin stated of the ARPA Projects that have been completed to-date that there was an excess of \$31,000 funds that could be reappropriated.

The Group noted that the ARPA funding had to be obligated by 2024 and fully expended by 2026.

Action: Discussed

TOWN OF LEDYARD

741 Colonel Ledyard Highway Ledyard, CT 06339-1511

File #: 23-1056 **Agenda Date:** 1/25/2023 Agenda #: 1

AGENDA REQUEST GENERAL DISCUSSION ITEM

Subject:

Discussion and possible action on the transfer of the Board of Education FY 21-22 operating budget audited surplus of \$448,253 to the BOE Capital Reserve Fund in accordance with the Town Council adopted resolution that created the funding mechanism. Not factored into the aforementioned surplus is the Board of Education Healthcare deficit for the same audit period of \$861,753.

Background:

The Town Council adopted a resolution on September 28, 1988 that established a separate line item within the Town Capital Reserve Fund for Capital Expenditures for the Board of Education. Per the resolution, all surplus funds returned to the General Fund by the Board of Education are to be deposited in the Capital Reserve Fund for the Board of Education. Surplus funds shall be defined as reserves accumulated by the Board of Education according to their year-end audit statement.

Department Comment/Recommendation:

The General Fund ended Fiscal Year 21-22 with an overall operating deficit of \$43,375. The deficit reduced fund balance at year end to \$4,971,207. The biggest factor leading to the deficit was the under budgeting of Board of Education Healthcare. Healthcare for active employees was under budgeted by approximately \$350,000 and healthcare for retirees (\$512,000) was erroneously omitted entirely from the budget. In addition to the healthcare deficit, several Board of Education revenue sources fell well short of budget. Impact Aid fell short of budget by almost \$113,000 and tuition revenues fell short of budgeted projections by almost \$257,000. It should be noted that Vo-Ag Stabilization Funding exceeded the budgetary estimate by \$302,00 but that excess was already transferred out of the general fund by previous Town Council action. The overall net impact to the general fund for all these items is a \$783,500 reduction to fund balance. Factoring in the transfer out of the prior year Board of Education surplus of \$566,000 and the reduction to fund balance increases to \$1,349,500. Budgetary savings and revenues in excess of budgetary estimates in the Town portion of the budget resulted in a positive impact to fund balance of \$1,305,500. The net of the aforementioned fund balance impacts make up the overall fiscal year 21-22 deficit of \$44,000.

The Town's fund balance policy calls for a minimum undesignated fund balance that equates to 7% of current year general fund expenditures with an ultimate goal of 10%. As of June 30, 2022, the undesignated fund balance was 6% of current year general fund expenditures. Transferring non-budgeted funds out of the general fund will only further deplete undesignated fund balance. Fund balance and compliance with the Town's fund balance policy is one of the areas of focus for the rating agencies. Falling below this threshold further could have a negative impact on the Town's bond rating.

The current resolution for funding the Capital Reserve Fund for the Board of Education will always have a negative impact on general fund undesignated fund balance as it's transferring funds to the Capital Fund that have not been factored into the budget. A potential alternative to this funding method would be budgeting for a capital contribution to the capital fund, similar to how the town funds its capital.

			Variance - Positive

AGENDA REQUEST GENERAL DISCUSSION ITEM

Subject:

Discussion and possible action on the transfer of the Board of Education FY 21-22 operating budget audited surplus of \$448,253 to the BOE Capital Reserve Fund in accordance with the Town Council adopted resolution that created the funding mechanism. Not factored into the aforementioned surplus is the Board of Education Healthcare deficit for the same audit period of \$861,753.

Background:

The Town Council adopted a resolution on September 28, 1988 that established a separate line item within the Town Capital Reserve Fund for Capital Expenditures for the Board of Education. Per the resolution, all surplus funds returned to the General Fund by the Board of Education are to be deposited in the Capital Reserve Fund for the Board of Education. Surplus funds shall be defined as reserves accumulated by the Board of Education according to their year-end audit statement.

Department Comment/Recommendation

The general fund ended fiscal year 21-22 with an overall operating deficit of \$43,375. The deficit reduced fund balance at year end to \$4,971,207. The biggest factor leading to the deficit was the under budgeting of Board of Education Healthcare. Healthcare for active employees was under budgeted by approximately \$350,000 and healthcare for retirees (\$512,000) was erroneously omitted entirely from the budget. In addition to the healthcare deficit, several Board of Education revenue sources fell well short of budget. Impact Aid fell short of budget by almost \$113,000 and tuition revenues fell short of budgeted projections by almost \$257,000. It should be noted that Vo-Ag Stabilization Funding exceeded the budgetary estimate by \$302,00 but that excess was already transferred out of the general fund by previous Town Council action. The overall net impact to the general fund for all these items is a \$783,500 reduction to fund balance. Factoring in the transfer out of the prior year Board of Education surplus of \$566,000 and the reduction to fund balance increases to \$1,349,500. Budgetary savings and revenues in excess of budgetary estimates in the Town portion of the budget resulted in a positive impact to fund balance of \$1,305,500. The net of the aforementioned fund balance impacts make up the overall fiscal year 21-22 deficit of \$44,000.

The Town's fund balance policy calls for a minimum undesignated fund balance that equates to 7% of current year general fund expenditures with an ultimate goal of 10%. As of June 30, 2022, the undesignated fund balance was 6% of current year general fund expenditures. *Transferring non-budgeted funds out of the general fund will only further deplete undesignated fund balance.* Fund balance and compliance with the Town's fund balance policy is one of the areas of focus for the rating agencies. Falling below this threshold further could have a negative impact on the Town's bond rating.

The current resolution for funding the Capital Reserve Fund for the Board of Education will always have a negative impact on general fund undesignated fund balance as it's transferring funds to the Capital Fund that have not been factored into the budget. A potential alternative to this funding method would be budgeting for a capital contribution to the capital fund, similar to how the town funds its capital.

File #: 22-877 **Agenda Date:** 1/18/2023 Agenda #: 2.

RESOLUITON

Motion/Request:

MOTION to adopt proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" as contained in the draft dated January 9, 2023.

Background:

Updates to the "Resolution Establishing Administrator/Department Head Benefits" have been proposed which include the following: (See attached Draft Resolution)

- Increase Department Heads from 16 to 17
- Update Titles of Positions as follows:
 - Assistant Director of Finance/*Treasurer*
 - **✓ Librarian** Library Director
 - **Town Treasurer**
 - Police Lieutenant Captain **
- Insurance Section Updated paragraph (c) regarding employee's premium.

Effective with the adoption of this Resolution, each employee shall be responsible for the percentage of the applicable conventional premium rate determined by the insurance carrier or administrator for all health and dental benefits as outlined in Paragraph d below.

Pension Section - Updated language for employee enrollment in Defined Contribution Plan and town match:

Effective July 1, 2022 employees eligible for the Defined Contribution Plan will be automatically enrolled at date of hire at a contribution rate of ten percent (10%) of base salary. The Town will match the employee's contribution effective six months after the date of hire

New Section "Wages and Compensation" to address salary increases and cell phone reimbursement:

WAGES AND COMPENSATION

Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the highest gross wage increase (GWI)percentage of the highest union contracted increase for that fiscal year.

Employees required to be available via cell phone outside of regular work hours who are not issued a Town cell phone, shall receive a monthly stipend for usage of their personal cell phone at a rate equivalent to the highest stipend paid to any of the Town's bargaining units.

Agenda #: 2. File #: 22-877 **Agenda Date:** 1/18/2023

With the implementation of this Resolution, retroactive reimbursement for wages and personal cell phones shall be paid to employees who were on staff as of July 1, 2022.

Longevity - Updated rates

a.	Ten years, but less than fifteen years	\$ <i>350.00</i>
b.	Fifteen years, but less than twenty years	\$450.00
c.	Twenty or more years	\$ <i>550.00</i>

File #: 22877 Version: 1

Resolution Type:

Title: MOTION to adopt proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" as contained in the draft dated December 6, 2022.

Mover: Ingalls Seconder: Ryann

Action: Withdrawn

Minute Note:

Moved by Councilor Ingalls, seconded by Councilor Ryan

Discussion: Mayor Allyn, III, explained that proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" were drafted to update the language to include the addition of a new " Wages and Compensation" Section and other editorials as noted below.

"WAGES AND COMPENSATION

Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the percentage of the highest union contracted increase for that fiscal year.

Employees required to be available via cell phone outside of regular work hours who are not issued a Town cell phone, shall receive a monthly stipend for usage of their personal cell phone at a rate equivalent to the highest stipend paid to any of the Town's bargaining units.

With the implementation of this Resolutions, retroactive reimbursement for personal cell phone use shall be paid to employees who were on-staff during the period beginning with the Covid 19 pandemic of March, 2020; as outlined in the above paragraph."

Mayor Allyn continued to explain that the highest union contracted increase for this fiscal year was 3%. He presented a spreadsheet that was prepared by Administrator of Human Resources Don Steinhoff which showed the difference in the hourly rate of the Department Heads covered under this Resolution, noting the difference in the hourly rate ranged from 0.07 to 0.29 per hour; for a total cost of \$4,813.02 for Fiscal Year 2022/2023.

Mayor Allyn went on to note the other change in the Resolution was to provide a stipend to the Department Heads who use of their personal cell phones to conduct town business. He stated it was more cost effective for the town to provide a stipend to these Department Heads for using their personal cell phones for town business than it would be for the town to purchase additional cell phones and additional monthly contracts for phone. He stated the cost of the cell phone stipend was \$4,320 per year. He stated the wage adjustment and cell phone stipends would be retroactive to July 1, 2022.

Councilor Saums addressed the language in the new Wage and Compensation Section as follows: "Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the percentage of the highest union contracted increase for that fiscal year." He stated the town has been very careful with raises for Department Heads; noting that the Department Heads have not received many raises; and the raises they received have not been much. Therefore, he stated that he was in-favor with keeping the Department Head's wage increases at par or upping them a little based on the past cycle. However, he stated if this clause was included in the Resolution; and for some reason one union asked for a 5% wage increase, and the town said "No"; but the union then won their case through Arbitration; that the fourteen Department Heads covered by the Resolution would also receive a 5% wage increase. Therefore, he stated he had concerns, because the town did not have total control over what they give their union employees. He stated he did not have a solution this evening with regard to what they could replace this language with.

Mayor Allyn, III, stated historically the town has been aggressive with keeping the wage increases for bargaining units low. Councilor Saums agreed with Mayor Allyn's comment, and he added that the town has actually fallen behind in some areas, noting in some cases Ledyard's wages were lower than other towns. Mayor Allyn stated keeping wages lower than other towns has been an issue for Ledyard with respect to trying to keep staff and in trying to fill vacancies for certain roles/positions. He stated that this has become a problem for the Town.

File #: 22-877 **Agenda Date: 1/18/2023** Agenda #: 2.

Councilor Saums stated in certain instances some union employees did receive a 5% wage increase because they were correcting past inequalities. He stated that he believed he believed Ledyard would be negotiating differently, noting that employees read our labor contracts/agreements and the contracts/agreements of neighboring communities He concluded by expressing concern that with the proposed wage language, as written, in the " Resolution Establishing Administrator/Department Head Benefits" that they could end up giving some big raises unintentionally. He questioned whether they could write the wage language in a way that would prevent them from unintentionally giving big raises to Department Heads.

Councilor Ryan suggested basing the Department Head wage increases on an average of wage increases of the bargaining units.

The Finance Committee agreed to withdrawn the motion to obtain additional information.

Action: Withdrawn

Administration Committee Meeting 12/14/2022

File #: 22877 Version: 1

Type: Resolution

Title: MOTION to adopt proposed revisions to the "Resolution Establishing Administrator/Department Head Benefits" as contained in the draft dated December 6, 2022.

Mover: Irwin Seconder: McGrattan

Action: Recommend to Approve

Minute Note:

Moved by Councilor Irwin, seconded by Councilor McGrattan

Discussion: Councilor Ingalls noted that she was pleased to see the language to encourage staff to use their vacation days, noting that taking time off away from their job was better for peoples' well-being.

VOTE: 3 - 0 Approved and so declared

RESOLUTION ESTABLISHING ADMINISTRATOR/DEPARTMENT HEAD BENEFITS

WHEREAS, The Town Council recognizes the need to compensate Administrators/Department Heads in a fair and equitable manner;

NOW, THEREFORE BE IT RESOLVED, That the Town Council reaffirms the practices, policies, plans and benefits set forth in the Town of Ledyard Employee Handbook which applies to all Employees, including Administrators/Department Heads and provides further that if the terms of this Resolution differ from the terms of the Town of Ledyard Employee Handbook, the provisions and terms of this Resolution shall apply exclusively.

For the purpose of this Resolution, the Town Council Chairperson shall be the immediate supervisor of the Administrative Assistant to the Town Council; the Chairperson of the Town Council Finance Committee shall be the immediate supervisor for the Town Treasurer; the Director of Finance shall be the immediate supervisor for the Assistant Director of Finance; the Mayor shall be the immediate supervisor for all other Administrators/Department Heads.

All benefits are computed based on a 40 hour work week. Benefits for employees working less than 40 hours will be pro-rated based on a 40 hour work week.

As of the date of this revision there are 4617 non-union positions covered by the Administrator / Department Head Resolution:

	_	
1	Толи	Clastr
1.	Town	CIEIK

- 2. Director of Finance
- 3. Assistant Director of Finance/*Treasurer*
- 4. Director of Administrative Services/Mayoral Assistant
- 5. **Director of Human Resources**
- 6. Administrator of Emergency Services
- Director of Civil Preparedness and Emergency Management 7.
- 8. **Librarian** Library Director
- Public Health Nursing Administrative Supervisor 9
- 10. Director of Parks and Recreation
- Public Works Director/Town Engineer 11.
- Director of Planning and Development 12.
- 13. Administrative Assistant to the Town Council
- 14. Town Treasurer
- 15. **WPCA** Wastewater Operations Supervisor
- 16. Mayor *
- Chief of Police ** 17.
- Police Lieutenant Captain ** 18.
- Elected position. Applicable sections of this Resolution are limited to insurance, pension, and workers compensation.
- ** Appointed/Contracted Position. Applicable sections of this Resolution are limited to those not specifically covered in the contract.

Note: At times some of the positions listed above may be unfilled, combined, or contracted. Appropriate adjustments to benefits will be made in these circumstances.

LEAVES AND ABSENCES

All leaves and absences are based on a 40 hour work week. Leave and absences for employees working less than 40 hours will be pro-rated based on a 40 hour work week.

VACATION

See Personnel Handbook

SPECIAL LEAVE

Special Holiday leave shall be granted on the days, or portions thereof, listed below:

- December 24, whenever it occurs on a Monday; a.
- December 24, after having worked one-half of their normal daily work schedule, b. whenever it occurs on a Tuesday, Wednesday, or Thursday;
- December 26, whenever it occurs on a Friday; C
- December 31, whenever it occurs on a Monday; d
- December 31, after having worked one-half of their normal daily work schedule, e. whenever it occurs on a Tuesday, Wednesday, or Thursday;
- f. January 2, whenever it occurs on a Friday.

The above Holiday leave may be adjusted based on Town Hall schedules; e.g. if union contracts are negotiated to allow the Town Hall to be open on any of these days compensatory time-off may be granted.

The Administrators/Department Heads whose duties and responsibilities require them to work during periods of special leave shall be eligible for equivalent amounts of compensatory time off.

LEAVE OF ABSENCE WITHOUT PAY

All requests for a Leave of Absence Without Pay must be made in writing and approved in advance by the Mayor. If the leave is for more than five (5) days in any one month, the Administrator/Department Head shall not earn sick or vacation leave for that month. The Administrator/Department Head shall not be paid for any holiday or special leave day which may occur during the Leave of Absence Without Pay. In order to qualify to be paid for a holiday or a special leave day, an Administrator/Department Head who has been on a Leave of Absence Without Pay must have worked the last work day directly preceding said holiday or special leave day.

SICK LEAVE TERMINATION

Upon termination of service from the Town of Ledyard, all unused sick leave up to a maximum of fifty (50) days will be paid to the Administrator/Department Head in a lump sum payment, provided the individual has been an Employee of the Town for a minimum of ten (10) years, and said Administrator/Department Head is not terminated for cause.

Employees hired on or after July 1, 2014 with a minimum of ten (10) consecutive years of service will upon termination be paid for a maximum of twenty (20) days.

PERSONAL LEAVE

Each Administrator/Department Head shall be entitled to three (3) personal leave days annually without loss of pay, provided such Administrator/Department Head notifies the Supervisor at least twenty-four (24) hours in advance, except in the case of a personal emergency. Personal days may be used in conjunction with a holiday or vacation provided a two (2) week written notice is supplied to the Supervisor and provided approval is granted by the Supervisor. During an Employee's first fiscal year, he or she shall be eligible for one (1) personal day for every four (4) months worked.

COMPENSATORY TIME

Administrator/Department Heads may, with the advanced approval of the Supervisor or Mayor, be provided compensation in the form of compensatory time at the rate of one hour of compensatory time for each hour worked in excess of the maximum work week of each employee. Salaried exempt employees shall be eligible for compensatory time off for work performed which is beyond the normal scope of duties. All compensatory time must be taken within three months, unless otherwise approved by immediate supervisor. Compensatory time which is not taken within three months of accrual will be forfeited.

INSURANCE

The Town shall continue to provide eligible Employees and their dependents substantially similar group health and dental insurance coverage and benefits as exist in the Town's conventional insurance plan. The Town reserves the right to change or provide alternate insurance carriers, health maintenance organizations, or benefit levels or to self-insure as it deems appropriate for any form or portion of insurance coverage, so long as the new coverage and benefits are substantially similar to the conventional insurance. The Town will not be responsible for changes unilaterally imposed by an insurance provider so long as the Town uses its best efforts to minimize changes by incumbent insurance providers from one plan year to another.

- Each Employee shall be responsible for fifty percent (50%) of the cost of the dental a. plan for spouse or family coverage, and the applicable Employee contribution rate, as set forth below, for the Employee's dental coverage.
- b. The Town will purchase for each Employee at no cost to Employee, life insurance which in the event of death of the Employee while employed by the Town, will provide a benefit of \$50,000 or a sum equivalent to the Employee's base salary, whichever is less.
- -Effective with the adoption of this Resolution, each Employee shall be responsible for ten percent (10%) of the applicable conventional premium rate (COBRA rate) determined by the insurance carrier or administrator for all health and dental insurance benefits, excluding life insurance. An Employee with individual coverage shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for individual coverage. An Employee and spouse or an Employee and eligible dependent, (two person coverage classification), shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for such two person coverage. An Employee with family coverage shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for family coverage.
- c. Effective with the adoption of this Resolution, each employee shall be responsible for the percentage of the applicable conventional premium rate determined by the insurance carrier or administrator for all health and dental benefits as outlined in Paragraph d below.
- d. Effective July 1, 2010 and each July 1 following, the co-insurance and co-pay contributions shall be the same as the lowest negotiated Town Hall labor contracts effective on that date.
- e. Employees may elect to waive all group insurance benefits, and in lieu thereof, be remunerated in the amount of twenty-five percent (25%) of the actual premium saved.
- f. Employees are required to notify Human Resources of significant changes to circumstances affecting insurance, including but not limited to births, death of dependents, marriage, adoptions, divorce, or change in eligibility of dependents.

PENSION

Employees hired prior to July 1, 2009 may be eligible to participate in the town's Defined Benefit Pension Plan. Details of this plan are provided in the Defined Benefit Summary Plan Description which will be provided to all eligible employees.

Employees hired on or after July 1, 2009 may be eligible to participate in the town's Defined Contribution Pension Plan. Details of this plan are provided in the Defined Contribution Summary Plan Description which will be provided to all eligible employees.

Effective July 1, 2014 employees eligible for the Defined Contribution Plan will be autoenrolled at an employee contribution rate of 3% of base salary effective the first day of the first full quarter of the fiscal year after the hire date. Unless the employee directs the

town otherwise, the employee minimum contribution rate will increase by 1% on July 1st each year until an employee contribution rate of 15% is achieved. Employees have the right to opt out of or modify the auto enrollment by notifying Human Resources within 90 days after the actions are effective. The Town will match the employee's contributions up to a rate equal to the highest rate negotiated by Town Hall labor contracts currently in effect on July 1st of each fiscal year.

Effective July 1, 2022 employees eligible for the Defined Contribution Plan will be automatically enrolled at date of hire at a contribution rate of ten percent (10%) of base salary. The Town will match the employee's contribution effective six months after the date of hire.

WORKERS' COMPENSATION

If an Employee is injured in the performance of his or her duties or is otherwise qualified for benefits under the Workers' Compensation Act, the net after tax difference between his or her regular base pay and Workers' Compensation shall be paid by the Employer for a period not to exceed six (6) months or until maximum recovery is attained (whichever is first.)

Until a determination is made as to the eligibility for Workers' Compensation payments, absences shall be charged, at the Employee's option, to accumulated sick leave and/or vacation time, provided eligibility requirements are met. The Employee's time will be credited when compensation becomes effective.

Notwithstanding the above, if the Town, in its sole discretion, advances pay before an eligibility determination is made, and the Employee is thereafter found ineligible or the Employee's eligibility is terminated for any reason, the deficiency shall be charged at the Employee's option to accumulated sick leave and/or accumulated vacation leave. However, if an Employee has not accumulated sufficient sick and/or annual leave to cover the period of absence, the Employee shall be considered on leave with pay and shall be required to repay the Town for any salary advanced while on leave with pay in the following manner:

- a. Sick Leave
- Vacation b.
- Personal Leave c.
- Incentives d.
- Wages e.
- Welfare Benefits f.

WAGES AND COMPENSATION

Employees shall be paid at the rate as designated by the Mayor or contractually negotiated. Increases in wages shall be effective on the first day of July and may not be less than the highest gross wage increase (GWI) percentage of the highest union contracted increase for that fiscal year.

Employees required to be available via cell phone outside of regular work hours who are not issued a Town cell phone, shall receive a monthly stipend for usage of their personal cell phone at a rate equivalent to the highest stipend paid to any of the Town's bargaining units.

With the implementation of this Resolution, retroactive reimbursement for wages and personal cell phones shall be paid to employees who were on staff as of July 1, 2022.

EDUCATION AND TRAINING

The Administrator/Department Head shall be reimbursed for travel expenses, meals, lodging, registration fees and other appropriate expenses as may be required when attending professional meetings, training and/or conducting Town business, provided prior approval to attend such meeting and incur such expenses is obtained from the immediate supervisor.

Any Administrator/Department Head who successfully completes an education or vocational course approved, in advance, by the immediate supervisor shall be reimbursed the cost of such courses up to a maximum of fifty percent (50%) not to exceed One Thousand Dollars (\$1,000) per year. Courses eligible for reimbursement must be at an accredited college or university and directly relate to the Administrator/Department Head's professional development. Employees who receive tuition reimbursement shall remain in the employment of the Town for one year following completion of the course or shall be required to reimburse the tuition.

LONGEVITY

In return for good and faithful service to the Town, each Administrator/Department Head shall receive the following longevity payments:

Ten years, but less than fifteen years a. \$250.00 \$350.00 b. Fifteen years, but less than twenty years \$350.00 **\$450.00 \$450.00 \$550.00** Twenty or more years c.

Payment shall be paid in one lump sum annually on the pay date nearest the Administrator/Department Head's anniversary date of employment.

Employees hired after July 1, 2014 shall not be eligible for Longevity payments.

Adopted by the Ledyard Town Council on:	
	Kevin J. Dombrowski, Chairman
************	*********************
<u>Revisions:</u> March 10, 1989; July 13, 1998; Septen January 13, 2016.	mber 26, 1990; January 27, 1993; October 8, 2003; May 28, 2014;

2022: Updated the titles of the following positions:

Librarian to Library Director; Assistant Finance Director to include Treasurer; Police Lieutenant to Police Capitan.

Insurance Section paragraph (c): Removed/replaced the following language Effective with the adoption of this Resolution, each Employee shall be responsible for ten percent (10%) of the applicable conventional premium rate (COBRA rate) determined by the insurance carrier or administrator for all health and dental insurance benefits, excluding life insurance. An Employee with individual coverage shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for individual coverage. An Employee and spouse or an Employee and eligible dependent, (two person coverage classification), shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for such two person coverage. An Employee with family coverage shall have deducted from his/her monthly wages ten percent (10%) of the monthly conventional premium rate (COBRA rate) for family coverage.

(New Language): Effective with the adoption of this Resolution, each employee shall be responsible for the percentage of the applicable conventional premium rate determined by the insurance carrier or administrator for all health and dental benefits as outlined in Paragraph d below.

Pension Section: Removed/replaced the following language:

Effective July 1, 2014 employees eligible for the Defined Contribution Plan will be auto enrolled at an employee contribution rate of 3% of base salary effective the first day of the first full quarter of the fiscal year after the hire date. Unless the employee directs the town otherwise, the employee minimum contribution rate will increase by 1% on July 1st each year until an employee contribution rate of 15% is achieved. Employees have the right to opt out of or modify the auto-enrollment by notifying Human Resources within 90 days after the actions are effective. The Town will match the employee's contributions up to a rate equal to the highest rate negotiated by Town Hall labor contracts currently in effect on July 1st of each fiscal year.

Effective July 1, 2022 employees eligible for the Defined Contribution Plan will be automatically enrolled at date of hire at a contribution rate of ten percent (10%) of base salary. The Town will match the employee's contribution effective six months after the date of hire.

Added New Section: "Wages and Compensation".

Longevity Section: Updated longevity payments as follows:

a.	Ten years, but less than fifteen years	\$250.00 \$ <i>350.00</i>
b.	Fifteen years, but less than twenty years	\$350.00 \$450.00
c.	Twenty or more years	\$450.00 \$ 550.00
