Transfer of Town-Owned Open Space property (Kettle Hole) to Avalonia Land Conservancy to be combined with property at 173 & 175 Stoddards Wharf Road owned by DDJJM, LLC also to be transferred to Avalonia Land Conservancy.

Attorney Avena stated that he would recuse himself from this discussion as he represents Avalonia and he left the room.

Director Burdick reviewed the current 8-24 Referral process as well as the process in previous years. She reviewed the proposed land donation with the Commission. Dennis Main, Bozrah CT, President of Avalonia Land Conservancy, gave a summary of all previous processes of creating open space. He explained the conservancy goals of Avalonia and how this specific project connects many existing trails and bike paths. They spoke about how obtaining the Pratt property would connect the properties all the way down to “Glacier Park”.

Director Burdick asked if Avalonia, as stewards of the property, would maintain the trails and markings. She and Mr. Main discussed the maintenance of the trails. Director Burdick stated that she recommends that the Planning & Zoning Commission send a favorable report to the Town Council for the transfer the property to Avalonia. Commissioner Woody stated that he thinks it makes a lot of sense to convey the parcels of land to Avalonia to maintain consistency between the trails.

Motion to forward a FAVORABLE REPORT in accordance with C.G.S. Section 8.24 to the Ledyard Town Council regarding Transfer of Town-Owned Property at 19 Avery Hill Road Ext. known as the “Kettle Hole” property to Avalonia Land Conservancy to be combined with Other Lands of DDJJM LLC at 173 Stoddards Wharf Road & 75 Stoddards Wharf Road to be transferred to Avalonia.

- B. C.G.S. 8-24 Referral - 13 Applewood Drive (Parcel ID: 99-530-13), Ledyard, CT -**  
Transfer of Town-Owned Open Space property to Avalonia Land Conservancy to be combined with the Avalonia Pike Marshall Preserve.

Director Burdick summarized the proposed land conveyance. She mentioned that on the plan there is a non-disturbance line shown of the subdivision plan that would have to be maintained by Avalonia. She reviewed the parcels in the proposal and demonstrated how the conveyance would allow trail connection all the way to Applewood Drive. Dennis Main, President of Avalonia Land Conservancy described and spoke about the topography of the parcels. Commissioner Harwood commented that the Conservation Committee and Avalonia were discussing creating a cross-country trail for Ledyard High School.

Commissioner Woody asked if there was an access strip to Applewood Drive. Commissioner Woody stated that if the parcel is going to be open space it needs to be marked to prevent future disputes with neighbors. He made comments about the value of having an access strip. Director Burdick stated that the Commission could give a favorable report with the recommendation that the access strip be clearly marked by a Land Surveyor and appropriate signage be posted identifying the open space parcel.

Director Burdick asked where people would park if they were to use the access strip from Applewood Drive to the Pike Marshall Preserve. They discussed parking for the trail along the existing cul-de-sac at the end of the roadway. Director Burdick stated that it would be a benefit to surrounding residents that the open space parcel would become useable through trail access rather than just being wooded.

Motion to forward a FAVORABLE REPORT in accordance with C.G.S. Section 8.24 to the Ledyard Town Council regarding the transfer of Town-Owned Property to Avalonia Land Conservancy to be combined with its existing Pike Marshall Preserve, Ledyard, CT with the condition that the trail is clearly marked by a Land Surveyor and appropriate signage be posted identifying the open space.
