Re: **Final Budget Work Session Schedule for Fiscal Year 2026/2027**

Attached please find the final budget work session schedule for the Fiscal Year 2026/2027 Budget. As we have done in past years, the Finance Committee will hold work sessions during regular business hours. Budget work session time slots have been allocated appropriately to each department.

The Budget Work Sessions will be held in a hybrid format for Department Heads attending in-person in the Council Chambers, while providing an access for other members of their departments and the public to attend remotely by video conference using the Zoom platform.

The Finance Committee does not intend to break between each work session. Therefore, once a department work session has completed, we will immediately move to review the next department’s budget as sequentially listed on the tentative schedule. Please try to arrive 15 minutes prior to your scheduled time.

As the Finance Committee works to make proposed budget adjustments you are encouraged to contact the Town Council Office at (860) 464-3203 to schedule a follow-up session with the Finance Committee if you strongly disagree with their proposed adjustments that affect your department’s budget.

Thank you for your cooperation.
