Subject: GALES FERRY INTERMODAL

Good evening Ms. Burdick:

When David Harned made his presentation to the Ledyard Planning and Zoning Commission in opposition to the above referenced special permit and CAM applications, he represented to the Commission that he was present representing certain parties. On cross examination, he was questioned as to who he was representing. He represented to the Commission that he would provide that information to your office.

1. Has that information been produced to date. If so, please provide the disclosure to this office.
2. If the information has not been provided, please inquire as to when it will be.

Please add this request to the record of the above noted administrative proceeding.
