

NON-RESIDENTIAL PROPERTY INVENTORY

LEDYARD ECONOMIC DEVELOPMENT COMMISSION

Ledyard Zoning Map

Methodology and Notes

Purpose: To determine how much of the Town remains undeveloped for non-residential use.

I created a spreadsheet by scraping the data from the Town's [PeopleGIS](#) map for every non-residentially zone parcel (excluding R-20, R-40, R-60, and MFDD). I also excluded all of the RCCD zone except for 4 parcels located on Rt. 2 that are owned by the Allyn family ([165R](#), [167R](#), [169R](#), and [171R](#)). The remainder of RCCD belongs to the Mashantucket Pequot Reservation. You can view that [spreadsheet here](#).

I added data fields to my spreadsheet where I entered a Description and where I noted if the property was For Sale/For Rent. I used the Spring 2022 report put together by Juliet's intern (Jake) as a reference. I added fields Jake's Status and Jake's Comments where I entered that information from his report. Some of that information may be out-of-date. Additionally, Jake used a Zone Number in his report to break down some of the larger zones into smaller sub-zones. I added a Sub Zone field to record that information and I expanded on that by assigning a Sub Zone to all parcels. All of the fields that were not from the GIS map have a blue header.

I also used the Town's [Web Assessor](#) to gather additional information when necessary.

I was unable to find acreage data for parcels that had condominiums on them for some reason. So I used [this tool](#) to estimate the acreage of those parcels. I also used it for [48 Kings Hwy](#) and [1527 Rt. 12](#) which are also missing GIS entries.

I coded all churches, cemeteries, and libraries as Non-Profit. I coded all Single Family homes, 2-Family homes, mobile homes, condominiums, apartments, and group homes as Residential.

John Vincent provided a list of properties that were for sale or lease.

Ledyard Zoning

The Town of Ledyard is approximately 24,00 acres. It has defined the following zones. The analysis in this report is based on the zones shown below in green plus 4 parcels of the RCCD which together represent the locations where the ECD can work to promote business development in town.

- I – Industrial District
- CID – Commercial Industrial District
- CM – Commercial Marine District
- NC – Neighborhood Commercial District
- GFDD – Gales Ferry Development District
- LCDD – Ledyard Center Development District
- LCTD – Ledyard Center Transition District
- TPD – Technology Park District (Recently added in new Zoning Regs and not yet in use)
- RCCD - Resort Commercial Cluster District
- R-20 – High Density Residential District
- R-40 – Medium Density Residential District
- R-60 – Low Density Residential District
- MFDD – Multi Family Development District

Summary by Zone

The parcels labeled as non-residential for this study total 1,376.91 acres in 242 parcels. That represents about 5.74% of the town.

Industrial (I)

Purpose: To provide for new, as well as the continuation and expansion of manufacturing, research, and industrial uses in a way that protects our natural assets.

This zone (purple) contains the former Dow property on the west side of Rt. 12, the Gales Ferry Firehouse, an empty lot next to the firehouse, another lot east of that off of Whalehead Rd, and the Pfizer property and Joshua's Limousine, both off of Stoddards Wharf Rd.

CODE	ACRES	PARCELS	% of ACREAGE
Commercial Total	167.07	3	35.84%
Municipal	1.85	1	0.40%
Open Space Total	57	1	12.23%

Unbuildable Total	220.29	1	47.26%
Undeveloped Total	11.63	2	2.50%
	466.1	10	100.00%

Note: The lot next to the fire station, #1772A, is for sale and will be split with 12 acres on Rt. 12 for sale and the other 52.37 acres behind it, which abuts the Whalehead Rd portion of the Pine Swamp Wildlife Corridor, donated to Avalonia as open space. So I've added a new record for that open space parcel and reduced the acreage of #1772A.

Commercial Industrial District (CID) #1

Purpose: To allow for a mix of compatible commercial and industrial uses specifically permitted in the zone provided the property and all buildings/structures are appropriately designed or laid out to accommodate each use individually and/or the mixture of proposed uses.

This zone (magenta) is in the southwest corner of town. The majority of the land is on the east side of Baldwin Hill Rd and the remainder extends north on Rt. 12 to Inchcliffe Dr.

CODE	ACRES	PARCELS	% of ACREAGE
Commercial Total	106.74	19	45.74%

Unbuildable Total	52.19	4	22.36%
Undeveloped Total	57.45	5	24.62%
	233.37	34	100.00%

Note: Gales Ferry Medical building at [1527 Rt. 12](#) is shown as R-40 on the GIS map but that looks like a mistake so I've treated it as CIP. Also, I had to estimate its acreage (1.92 acres) due to a missing GIS record.

Commercial Industrial District (CID) #2

Purpose: To allow for a mix of compatible commercial and industrial uses specifically permitted in the zone provided the property and all buildings/structures are appropriately designed or laid out to accommodate each use individually and/or the mixture of proposed uses.

This zone (magenta) is located mostly in the Lorenz Industrial Park off of Center Groton Rd. (Rt. 117) plus the ARC Group Home just south of that at 1671 Center Groton Rd.

Note: The open space at [16 Lorenz Industrial Pkwy](#) is a strip between #14 and #18 that is owned by the Town and appears to be reserved for future use as a road.

Commercial Marine (CM) #1

Purpose: To maximize the development of appropriate water-dependent and water-related uses on the limited number of waterfront properties in this Zone.

- 1. **Customary Accessory Uses:** Typical accessory uses to the permitted uses in this Zone include dockside facilities such as fuel and ice sales, restrooms, and laundry facilities for overnight boaters in a marina; residence for owner of permitted marine use.

This zone (red) is located on Chapman Lane across from MacDonald's.

Note: Gales Ferry Marina is located at 55 Chapman Lane.

Purpose: To maximize the development of appropriate water-dependent and water-related uses on the limited number of waterfront properties in this Zone.

- **1. Customary Accessory Uses:** Typical accessory uses to the permitted uses in this Zone include dockside facilities such as fuel and ice sales, restrooms, and laundry facilities for overnight boaters in a marina; residence for owner of permitted marine use.

This zone (red) consists of two parcels located near the Subase North Gate.

Note: #146 Military Hwy used to be a marina but now has two single family homes. #114 Military Hwy is Erickson Park.

Gales Ferry Development (GFDD) #1

Purpose: To encourage pedestrian-friendly commercial development of unified design and scale to create a higher density in Gales Ferry Village. These regulations are intended to attract and encourage family activities.

- **1.** In addition to the stated purpose, the district is intended to:
 - Encourage a blend of low intensity commercial, civic, and residential land uses.
 - Encourage cohesive architectural design and coordinated development to ensure safe access and movement of pedestrians and vehicles; minimize curb cuts; and maximize connections to adjacent properties.
 - Encourage infill and redevelopment of existing properties and underutilized structures. Allow placement of structures closer to the street to increase business exposure, minimize sign clutter; reduce traffic speeds; and transition away from development with dominant front parking lots.
 - This zone (light blue) is located west of Ledyard Center, behind Holdridges, extending from Stoddards Wharf Rd to Center Groton Rd.

This zone (teal) runs north up Rt. 12. GFDD sub zone #1 starts at 1531 Rt. 12 north of Inchcliffe Rd. and ends at 1561 Rt. 12 just before Van Tassel Dr.

Gales Ferry Development (GFDD) #2

Purpose: To encourage pedestrian-friendly commercial development of unified design and scale to create a higher density in Gales Ferry Village. These regulations are intended to attract and encourage family activities.

This zone (teal) runs north up Rt. 12. GFDD sub zone #2 starts at 1567 Rt. 12 (just south of Van Tassel Dr.) and ends just before Kartway and the RE/Max Plaza.

Gales Ferry Development (GFDD) #3

Purpose: To encourage pedestrian-friendly commercial development of unified design and scale to create a higher density in Gales Ferry Village. These regulations are intended to attract and encourage family activities.

This zone (teal) runs north up Rt. 12. GFDD sub zone #3 runs from RE/Max Plaza to Whalehead Rd. and also includes Hurlbutt Rd. and Military Hwy.

Note: Jake referred to 119 and 129 Christy Hill Rd as sub sone #2 but I thought it made more sense to put them in sub-zone #3 due to their proximity to Kartway, which is in sub-zone #3, and since all three of those parcels are owned by the same person and could potentially be sold together in the future.

Ledyard Center Development (LCDD)

Purpose: To support and encourage the development of a village center, identifiable as the center of the community, through the concentration of commercial businesses along a main street.

Future development implies an intensification and mixture of appropriately scaled commercial, residential, and civic uses consistent with these Zoning Regulations, harmonious streetscapes, walkways, and plantings to create a "sense of place" and further develop the LCDD as a destination for shopping, services, and social gatherings.

This zone (light blue) contains most of Ledyard Center and extends up Colonel Ledyard Hwy towards the high school, ending at Center Dr.

Ledyard Center Transition (LCTD)

Purpose: To provide a transition between the developed village center, identifiable by Mixed Uses, and the surrounding residential areas. The LCTD district is the immediate area abutting the LCDD area to the west.

This zone (dark blue) is located west of Ledyard Center, behind Holdridges, extending from Stoddards Wharf Rd to Center Groton Rd.

Resort Commercial Cluster (RCCD)

Purpose: To encourage development of commercial recreational uses and commercial tourism-oriented uses while maintaining the character of the surrounding area.

In addition to the stated purpose, the RCCD District is intended to:

- Cluster new commercial buildings and parking areas on the most developable land within the district while retaining significant contiguous land areas in a natural or landscaped condition.
- Discourage uncoordinated strip commercial development consisting of small, individual, unrelated uses varying unpredictably in type, size, style, access arrangements and environmental impact. Such development is inconsistent with the maintenance of a rural appearance and maximum traffic safety.

This zone (dark red) is in the northeast corner of town. The four parcels that are included in this report ([165R](#), [167R](#), [169R](#), and [171R](#)) are located west of Rt. 2 and north of Indiantown Rd. on the norther edge of town.

Questions

- Why is [32 Barry Drive](#) zoned GFDD instead of R-20?
- Why is [1527 Rt. 12](#) (Gales Ferry Medical building) zoned R-40 and not CIP?
- What can be done with [215 Stoddards Wharf Rd](#) (Pfizer)? Should anything be done?
- Why does [1015 Long Cove Rd.](#) have a Use Desc of Factory if it's a Single Family house?
- Why don't these condominiums have a complete GIS record?
 - Village Gate Condominiums ([48 Kings Hwy](#))
 - Christy Hill Condominiums ([1538 Rt. 12](#))
 - Countryside Condominiums ([24 Fairway Dr](#) and [38 Fairway Dr](#))
 - Countryside Condominiums ([3 Colby Dr](#))
- Why isn't there a GIS record for [1527 Rt.12](#)?
- Did the new police station merge the parcel for 737 Col Ledyard Hwy with [741 Col Ledyard Hwy](#) (parcel size 2.36 acres suggests that it was merged)? If so, why do those parcels ([741](#) and [737](#)) both still show up in the Web Assessor?
- Why does Web Assessor list [754](#) and [754R](#) Col Ledyard Hwy but GIS only shows [754](#)?
- This [web page](#) says that 26 Iron St. sold in Jan. 2022 for \$520,000 but the [Web Assessor](#) doesn't appear to reflect that.
