Dear Ledyard Resident:

The Town Council prepared a proposed Fiscal Year 2023/2024 Budget in the amount of \$64,540,940, comprised of a General Government Budget of \$28,632,572 and a Board of Education Budget of \$35,908,368. The Board of Education budget is \$1,353,048 or 3.92% higher than the current fiscal year budget and the General Government Budget is \$322,330 or 1.11% lower than the current fiscal year, resulting in a total budget net increase of \$1,030,719 or 1.62%.

The General Government Budget in the amount of \$28,632,572 includes approximately \$9,600,000 of Board of Education related expenses comprised of liability insurance, health care, workers compensation, retirement obligations, school nursing, youth services and other in-kind services. 55.64% of the total budget is allocated for Board of Education expenses, 6.84% is allocated for Public Safety, 18.74% is allocated for General Government, 6.82% is allocated for Debt Service, 4.78% is allocated for Public Works, 2.56% is allocated for Capital, 1.26% is allocated for Finance, 1.17% is allocated for Health & Welfare, 0.92% is allocated for Library, 0.76% is allocated for Parks & Recreation, and 0.51% is allocated for Land Use.

The Board of Education's budget increase continues curriculum development and instructional supplies at its current levels. Based on the District's growing population of students who require supplemental support, the Fiscal Year 2023/2024 Budget includes the addition of the following: three full-time-equivalent district-wide interventionists, one full-time-equivalent elementary level instructional coach, one full-time-equivalent district-wide English Learner teacher, two kindergarten paraprofessionals, one athletic trainer transitioning from a stipend position to staff, replacements for SMART boards and projectors, along with increases in required special education services. Some savings were realized by replacing six retired teachers with the hiring of six new teachers in lower salary tiers. The Board of Education's proposed budget was developed to continue programs such as Kindergarten Boot Camp and support the needs of the school district that were identified at that time it was prepared.

The General Government's budget maintains essential services to our citizens and continues to invest in technology. The restructuring of staff and commissions which includes the reduction of tax dollars to support the Ledyard Visiting Nurse Association, sharing personnel between the Senior Citizens Center and the Parks & Recreation office, and participating in the SCCOG Regionalization Pilot Programs for positions such as the Building Official who also provides services for neighboring towns has provided savings in both salary and benefit costs.

The General Government budget allocates \$1,653,735 to the Capital Improvement Plan (CIP). This funding, combined with state and federal grants, borrowing, and other funding sources, provides for a total CIP in the amount of \$5,285,423. The CIP continues to fund critical road repairs/maintenance, purchase of emergency radio equipment, and reserve fund allocations for emergency services equipment, future vehicle purchases, technology enhancements, renovations of high school classrooms, roof replacements for the Board of Education Central Office, Juliet W. Long School, and the Gales Ferry School with the installation of roof mounted solar arrays, the Lantern Hill Bridge Replacement, and the Multimodal Pathway from the High School to Ledyard Center.

As part of this year's annual budget preparation the Finance Committee continued to spend many hours reviewing the status of the projects that were approved at the Fiscal Year 2022/2023 Budget Referendum for the use of the \$4,327,000 Federal American Rescue Plan Act (ARPA) funding received by Ledyard. The federal guidelines require the ARPA funding to be obligated by the end of the 2024 calendar year; and spent (liquidated) by the end of the 2026 calendar year. The town has made solid progress with eleven projects being completed to date, twelve projects in-progress, and nine projects that have not yet been started. The projects that made the ARPA List ranged from infrastructure projects such as the Ledyard Center sewer line extension project, to supporting our regional agency partners, to facility maintenance, preservation of historical landmarks, improvements to parks, software upgrades and others.

The Fiscal Year 2023/2024 Budget includes \$4,403,850 for debt service; continuing the payment of bonds for new police headquarters and school renovation projects, as well as school roofs, Building Management Systems (BMS) and HVAC Systems. This includes a \$350,810 decrease in debt service from the current year.

With the 2022 property valuation Ledyard saw a slight increase of 1.28% or \$16,194,771 to the Grand List, bringing the total net Grand List to \$1,263,622,146. In the coming year, revenue from non-tax sources is projected to decrease by 3.32%. Ledyard anticipates Education Cost Sharing (ECS) from the State will remain flat, and there is a continuing concern over the funding methodology for Special Education (SPED). In addition, we project that Ledyard should continue to see the same level of funding from the State in areas such as Town Aid Road (TAR), Payment in Lieu of Taxes (PILOT) and Pequot Funding. However, level funding from the State is not adequate or reasonable based on the impacts from inflation on Ledyard's ability to maintain the services its residents and school children require. It has become more challenging each year to keep the mil rate increase to a minimum while keeping pace with increasing operational costs for heating fuel, gasoline, and electricity along with many other expenses that impact the town's day-to-day costs and its ability to conduct business. The Town Council anticipates that the proposed Fiscal Year 2023/2024 Budget will require an increase of 0.74 mils, bringing the mil rate to 34.56.

Each year, elected officials must consider the role of local government as they work to provide a responsible but lean budget. This includes services the town is legally required to provide as well as those services the town is not required to provide; but has provided for many because they were considered of value to our residents. With each passing year the task becomes more challenging as the budget is trimmed further, costs increase, and in many cases, revenue sources decrease. This year was particularly difficult as the Ledyard Visiting Nurses Association (LVNA)

struggled to meet operating costs while large healthcare organizations began to dominate the home health care market in the past decade. The LVNA last broke even in 2018, where it was once a source of revenue for the town. Making up the shortfall in LVNA revenues has fallen to the taxpayers, with the hope that this revenue slide would reverse itself, yet in the intervening years, the losses increased. The Fiscal Year 2023/2024 Budget does not provide funding to support the LVNA. We value our local home health care providers because Ledyard Visiting Nurse Association has been recognized in the National Top 100 Elite Home Health Care Providers and in the Top 25 Home Health Care Consumer Assessment of Healthcare Providers. It is with a heavy heart that we express our sincere thanks and gratitude to Nursing Administrator Karen Goetchius and her staff for the outstanding professional and personal care they have provided to our families, friends, and neighbors. The Ledyard Visiting Nurse Association has been a valued part of our community for the past 75 years.

The Town Council wishes to thank the Board of Education, Superintendent Jason Hartling, and his administration for preparing a responsible budget; and for identifying areas for savings. We also thank Town Council Finance Committee members Bill Saums, Andra Ingalls, and Tim Ryan for their many hours working to review each line in the budget. Finally, we thank Mayor Fred Allyn; Finance Director Matthew Bonin, former Human Resources Director Don Steinhoff and all department heads for their work throughout the budget process.

In addition, we wish to express our appreciation to our dedicated Town and Board of Education employees who continue to take on new challenges while looking for new opportunities to improve services and reduce costs for our residents.

The Annual Town meeting regarding the Fiscal Year 2023/2024 Budget will be a hybrid format enabling residents to attend either in-person in the at the Town Hall Annex or online by video conference.
