V. PUBLIC COMMENTS

1. Public Comments.

Resident David Cohen of 100 Whalehead Road was present.

Mr. Cohen, whose property abuts Glacier Park, asked if the Commission can put up some signs to prevent hikers from trespassing on his property. A sign behind the bench along the trail would

be helpful. He said the trail is marked but since his house is close to the trail, people wander onto his property. The Commission agreed that putting up "private property" signs along the property line would be appropriate. Mr. Cohen's phone number and email will be passed along to Chairman Marelli for further action.
