Mission statement

To deliver timely and professional lawn services with precision and attention to detail, ensuring customer satisfaction and a positive experience.

Hello I am Dylan Piacenza with Lawn King Landscaping LLC. We are very excited to be a part of the bidding process for the Town of Ledyard. This is an opportunity that my crew and I see as being a very positive experience! We took some time out to evaluate every property on the list and we are confident we can deliver superior quality, and improve the conditions of the properties. We intend to prioritize string trimming at all locations, as that is a detail that often goes overlooked. We intend to make the fields visually aesthetic for the community to be proud of. We will make sure that no stone is left unturned and that any tall standing vegetation in common areas is knocked down creating a usable space for the community's use. This will make the area a more user friendly environment for all to enjoy!
