Good afternoon Howard,

I did question Roxanne, Admin Assistant for Town Council, when we initially discussed the October Expiration date. She said the appointment (as a Regular Member to the Commission) letter's end date was determined by the expiration of the individual you replaced on the Commission.

So as I see it, Thursday will be the last day the commission will see you as a regular member. We will endeavor to complete the discussion and decision process WRT Treaster's recommendations on Thursday, September 11.

"Fair Winds and Following Seas"

Sincerely,
Marty

Marty,

Has there been any follow-up to this situation? In other words, I am attending the meeting on Thursday, but am out of town for the October meeting. If my letter states that my time of service is done in October, then this Thursday's meeting will be my last.

Please advise,
Howard

Marty,

My apologies for any hardship this has caused. I fully intended to serve until December but if I'm being officially released in October per the appointment letter, then I'll plan on departing then.

Afternoon Howard,

Attached is the original appointment letter to the Planning and Zoning Commission. You will see your term is up on October 31, 2025 which (I am told) is the three year period of the appointment as a regular member.

I am processing a form from the Town Council and am telling them that it is your intention not to continue on the commission and to find alternative ways to serve your community.

I am hopeful that the Commission can process the Eric Treaster proposal prior to you leaving the commission.
