Liz,

I did see that plan. I believe it was included in the PDFs we received on Monday. I should have mentioned in my other letter that the proposed locations for the proposed test pits and borings appear appropriate.

Thanks,

Kyle, Attached is one sheet prepared by Whitestone showing test pits locations. It was submitted at the 7/1/25 public hearing. Oddly, the sheet is dated 7/7/25 (6 days after the hearing date). Please review and add to your comment list. Thanks!
