Dear Ms. Burdick and Commission Members,

I have reviewed closely the report provided by Goman + York for Exhibit in the Cashman/GFI application currently in Public Hearing. I have many questions and observations about this report so have attached it below with my questions/statements included in **Blue Font**. I would like the attached report with my questions entered as a Public Comment Exhibit for consideration by the Commission. I feel it is especially important to have these questions answered given that the Presenter has recently been awarded a contract by the Town for the Route 12 Corridor Study. Thank you.

Sincerely,

Deborah Edwards
