Which Boards would you like to apply for?

Ad Hoc Committee to Develop A Process For Capital Improvement Building Projects :

Education & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I would like to help the town improve its processes for the execution of our projects to ensure that the town gains the best value but also executes them within the local and state laws and will ensure the town is reimbursed, where applicable, to the maximum extent possible.

Community Involvement

Due to my full time job as an owner's project manager, I do not have much time for community involvement. This is an opportunity for me to give back to the town personally.

Educational Background

I'm a licensed civil engineer in CT. I graduated Worcester Polytechnic Institute in 1994. I worked for the State of CT DOT for 7 years and at Eastern Connecticut State University for 12 years. Since 2013 I've worked for Colliers Project Leaders as an owner's project manager and oversee all of our services throughout CT.
