Action Updates

This action was last updated in 2026. The previous version of this action is [available for comparison](#). Edits are highlighted in yellow.

Objective

Raise public awareness about homelessness and empower residents and other stakeholders with strategies to address and end homelessness and in collaboration with the Coordinated Access Networks (CANs).

Complementary Actions:

- [Strengthen Municipal Workforce Capacity to Address Homelessness](#)
- [Collect and Share Homelessness Data](#)
- [Provide or Mobilize Resources to Address Homelessness](#)

What to Do

1. Pass a municipal resolution issuing a call-to-action to: **(20 points)**
 - Increase public awareness and support for efforts to end homelessness;
 - Strengthen municipal workforce capacity to address homelessness;
 - Collect and share homelessness data, especially with your Coordinated Access Network (CAN);
 - Coordinate municipal services to address homelessness;
 - Provide or mobilize resources to address homelessness; and
 - Improve outcomes for people experiencing homelessness including steps to decriminalize homelessness and connect with systems.

Note: You may use or edit this [resolution template](#) or write your own municipal resolution, so long as it includes the required elements listed above.

Submit: The officially adopted resolution and documentation that the resolution has been adopted (such as meeting minutes, a copy of the municipal zoning regulations with relevant portions highlighted, a link to municipal ordinances, or similar verification).

2. Develop and post information on your municipality's website or other platforms that includes guidance and resources for individuals or families experiencing homelessness and/or housing instability. **(5 points)**

The information *must* include: a link to 211 and the following text:

"[United Way of Connecticut's 211 system](#) serves as the statewide point of access. When calling 211 (24 hours/7 days weekly), you can expect that contact specialists at 211 will assess your situation and attempt to help you solve your housing crisis as quickly as possible. If appropriate, you might receive a referral to your regional Coordinated Access Network. [The Coordinated Access Network](#) is your local team of agencies assisting people experiencing homelessness by connecting them to local services and assistance. Coordination among agencies happens locally and at a statewide level to best address a household's needs. Services are free and

available regardless of one's race, color, national origin, religion, sex, age, familial status, disability, actual or perceived sexual orientation, gender identity, or marital status. When calling 211, select Option 3, then Option 1. If you are unable to access a phone, Hub locations are scattered around the state to accommodate walk-in needs. Please reach out to your local library, soup kitchen, etc., to identify your local Hub location. Times of operation at each Hub location vary."

Other resources your municipality may wish to post include:

- Guidance for those experiencing homelessness, ideally including the contact information of your municipality's local education agency liaison for homeless children and youth under the McKinney-Vento Act;
- A link to the Connecticut Department of Children and Families website;
- Link(s) to mental health services and resources;
- Information on runaway homelessness and youth providers;
- Local community organizations, local emergency funding sources, and known mutual aid networks;
- Resources to support specific groups experiencing homelessness, such as refugees and immigrants, seniors, people with disabilities, LGBTQIA+ individuals, and BIPOC, and those with needs related to mental or behavioral health or substance use disorder; and
- Any other relevant resources available through your municipality.

Submit: A hyperlink and a screenshot of the webpage that includes a link to 211 and the required text above. If your municipality did not include the above text, please explain any revisions or modifications. Please note that linking to 211 without any contextual information for why an individual might need to engage with 211, specific to emergency shelter, affordable housing, and housing insecurity, will not receive credit.

3. Organize a community conversation or forums with a broad group of stakeholders to discuss homelessness in your community or region, focused on meeting the goal of making homelessness rare, brief, and non-recurring in the municipality and larger region. Please see [Appendix A](#) for more detailed guidance about the community conversation or forum, including attendees and audience, formats and topics of discussion, and event moderation. The community conversation or forum must have been held in the last three years. Representatives from the Connecticut Department of Housing (DOH) or your CAN may be available to attend and facilitate the conversation; if you are interested in having someone from DOH or your CAN attend, please email info@sustainablect.org. **(5 points)**

Submit: A brief overview of the community conversation or forum (suggested 5 sentences maximum), including target populations (if any) and topics discussed; date of event; and at least one example of educational materials disseminated, which could include flyers, articles, letters, newsletters, presentations, or digital communications. For websites, submit both a hyperlink and a screenshot of the relevant webpage(s).

Engaging Partners

Sustainable CT encourages regional collaboration and other forms of partnership. For every action, please complete the "Partners" box in your submission, indicating the name(s) of any municipalities and/or organizations you partnered with (if any) and a brief description of your municipality's role. If you collaborate with other municipalities, each community will receive points. For additional information, please see the ["Partners Guidance Document"](#).

Potential Municipal and Community Collaborators

Key collaborators to implement this action include representatives from schools (including your municipality's liaison for homeless children and youth under the McKinney-Vento Act); Youth Services, Parks and Recreation, and/or Youth Service Bureau; police, hospital, and emergency medical services, and other municipal outreach staff; nursing homes and other elder and disability services liaisons; Department of Corrections liaisons; human services, community services, or social workers employed or funded by the municipality; your municipal health department or health district; library staff; municipal communications professionals; community centers; faith-based organizations; community residents, relevant local businesses, and nonprofit groups (e.g., YMCA/YWCA, Boys & Girls, etc., Food pantries, Community Action Agencies); and your local elected officials and other representatives from your municipality's governing board.

Funding

If available, below are potential funding sources specific to this Action. For a complete listing of potential funding opportunities to assist with implementing Sustainable CT Actions, please visit the [Sustainable CT Grants Portal](#), which is searchable by Action. Please also visit the [Support for Your Town](#) page for opportunities for technical assistance and other supports.

 - Mobile crisis intervention services for [youth](#) and [adults](#)
- [Connecticut Coalition Against Domestic Violence](#)
- Federal Communications Commission, [Lifeline Support for Affordable Communications](#)

Benefits

Committing to ending homelessness signals to your municipality and its residents your commitment to lending a helping hand to residents in times of need. Sharing resources online and through a town hall format ensures that individuals experiencing homelessness know what resources are available to them. It also ensures that residents are aware of options available to them to make meaningful contributions to efforts to end homelessness.
