Ledyard Planning and Zoning Commissioners Liz Burdick, Ledyard Director Land use and Planning Ledyard, CT

Dear Commissioners and Ms. Burdick,

We are respectfully writing in strong opposition to the Cashman/GFI proposed implementation of a quarry at Mt. Decatur.

My husband and I have lived at 52 Hurlbutt Road for 50 years, raised our two children here and are enjoying our retirement here. We love the quiet neighborhood, enjoy walking daily through the district and beyond. No worries about breathing air polluted with silica dust, no worries of our peaceful village being disturbed by blasting, rock crushing, increased truck traffic.

We also live next to the railroad tracks. We are worried what an increase in rail traffic will do to our 1827 house and wonder how much silica dust will come from passing trains filled with crushed stone.

I cite the following regulations as they pertain to my concerns:

Special Permit Criteria

11.3.4 C. Excessive noise

11.3.4 B. Increased traffic and noise generated by additional truck traffic

11.3.4 E. Loss of existing historical assets as well as neighborhood character

11.3.4 D. Loss of property values in the surrounding neighborhood

Thank you for your time

Valerie nad James Hazlin
