Hannah & Liz:

Thanks for taking my phone call earlier today. As we discussed, EG Home would request that the IWWC Commission table the pending application for IWWC#26-7SITE to the June 2, 2026 regular meeting so that we can fully address the review comments of the town engineer delivered to us yesterday afternoon.

Please do not hesitate to contact me if you have any questions.

Bill

This message originated from outside your organization.

Good afternoon,

Please see the attached comments from our Director of Public Works. His memo has been added to your application file and posted online.

We also received the 11x17 revised plans this afternoon, along with the attachments, and they have been added to the file. However, please be advised that we require three (3) full-size revised plan sets for the official application file.

Kindly submit these as soon as possible.

Please let me know if you have any questions.
