Dear commissioners and Ms. Burdick,

*I am respectfully writing in strong opposition to the Cashman/GFI proposed* implementation of a quarry in the middle of our town, Gales Ferry. My specific concerns are the impact to the environment such as blasting and heavy equipment operation. This all affects the air quality in the area. Which leads me to the greatest concern, my daughter who has a disease that affects her lung function. The decision to allow the quarry to operate in the area will have no benefit to our town.

Thank you for your time

Sean Arasimowicz
