Dear Acting Chairman Harwood of the Town of Ledyard Planning & Zoning Commission,

Please find the attached Testimony of the Board of Trustees for the United Methodist Church of Gales Ferry CT with our concerns for Application PZ#24-8SUP & PZ#24-9CAM – 1737 & 1761 Connecticut Route 12, Gales Ferry Intermodal, LLC, Applicant. As the 32 acres of our church campus which directly abuts the Cashman property on the Southern boundary, we have serious concerns over the effects the proposed operations would have on our campus and the health hazards that would be presented to both the congregation members and the children serviced by the State sanctioned Child Care Center that operates on the property during the week.

Sincerely
R.L. Miller, Treasurer Board of Trustees
