Dear Commissioners and Ms. Burdick,

I am respectfully writing in strong opposition to the Cashman/GFI proposed implementation of a quarry in the middle of our town, Gales Ferry.

My specific concerns are:

Mt. Decatur has historic value & has stood guard over the Village for hundreds of years. This act is a buffer between us & Dow Chemical. As a child I grew up in the village & as a young adult bought a home there also. My mom Catherine Clark was town treasurer way back 3 yrs ago I decided to move back to the village I loved with mom & Franc because in the end this is home. Most of all we are in the qt cemetery as she wanted to be home she said Please don't ruin our home with noise, dust, traffic etc. I would like to cite the following regulations as they pertain to my concerns:

Thank you for your time!
