Ledyard Planning and Zoning Commission

Liz Burdick, Ledyard Director Land Use & Planning

Ledyard, CT

I am writing today to express my strong opposition to the Cashman implementation of a quarry here in Gales Ferry.

I was raised here and have lived here the better part of my 63 years. The negative health impact, the major increase in heavy traffic in populated an area that is home to two local schools, our fire department, places of worship and private homes, along with the long term damage it will to the river. are but a few of the concerns I have. Any "benefits" that have been presented by the applicant to date do not come anywhere near offsetting the negative impact allowing this project will have on our community.

Please protect our Gales Ferry residents by barring a quarry operation here.

Thank you.

Mary Hooper
