Ledyard Planning and Zoning Commissioners
Liz Burdick, Ledyard Director Land Use & Planning
Ledyard, CT

Dear Commissioner and Ms. Burdick,

I am respectfully writing in strong opposition to the Cashman (GFI) proposed implementation of a quarry in the middle of our town, Gales Ferry.

My specific concerns are cited in exhibit #311 24-8SUP-9CAM; Douglas Schwartz's document and his public comment 121924. This exhibit clearly identifies why this application should be denied and hope the commission takes the time to review this. The health and wellbeing of our town is of the utmost importance and for multiple reasons outlined in the above exhibit, the application must be denied.

Thank you for your time!!

Joel Finnegan
