RE: Avery Brook Homes, LLC  
94, 96, 98 and 100 Stoddards Wharf Road, Ledyard, Connecticut

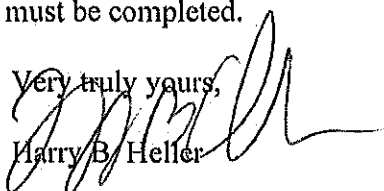

Dear Commissioners:

On behalf of the above referenced applicant, request is hereby made that the continued public hearing scheduled for Tuesday, February 7, 2023, be continued to Tuesday, March 7, 2023. The applicant is in the process of completing the pollutant renovation analysis requested by Dr. Maugle and other Commission members. The pollution renovation analysis is complex and should be studied by Commissioners prior to discussion at a public hearing. In addition, the City of Groton has intervened in this proceeding and has requested the ability to review this study and its conclusions in advance of any substantive discussion in the public hearing process.

We intend to submit this study into the record well in advance of the proposed continued public hearing date of March 7, 2023. The applicant hereby grants the Town of Ledyard Inland Wetlands and Watercourses Commission a thirty-day extension of the statutory time period within which the public hearing on this application must be completed.

Very truly yours,

Harry B. Heller
