Councilor Parad provided some background, noting at the Town Council's September 10, 2025 meeting Dr. Fine gave a presentation on *Primary Care for All*. She stated that Dr. Fine was one of the founders of the Scituate Health Alliance, which was an initiative that made Scituate, Rhode Island—population just 10,000—the first place in the United States where every resident was guaranteed access to primary care. She stated that *Primary Care for All* would provide actual care such as: annual physicals, sick visits, screenings, and preventive services, all available for just \$10 per visit. She stated Scituate, Rhode Island was built on local leadership, and the belief that healthcare should be a public good.

Councilor Parad went on to state after seeing Dr. Fine's Presentation that Mr. Drew Chappell attended the Community Relations Committee for DEI October 15, 2025

meeting to express his interest and willingness to help with the initiative locally here in Ledyard. She stated that Mr. Chappell was a Ledyard resident and that he had some medical background noting that he worked in prehospital care as a paramedic (EMT) for fifteen years working with American Ambulance (now Hartford Healthcare); and that he also worked in the emergency departments of Backus Hospital and Plainfield Emergency Care Center.

Councilor Parad stated that Mr. Chappell has taken over the process to launch the *Ledyard Primary Care for All Americans PILOT Program*. She stated that the *Ledyard Primary Care for All Americans Committee* has met once in-person and were in the information gathering process to find out how much access does Ledyard Residents have to Primary Care, were they using it, etc. She stated with this information the Committee would work to try to figure out how to save money for healthcare expenditures. She stated that it looked like Ledyard would be a subgroup of the National Organization; “Primary Care for All Americans” which has a 501(c) non-profit status. She stated the *Ledyard Primary Care for All Americans Committee* has been vibrant on-line with social media, etc.

Councilor Lamb stated that reviewed Dr. Fine’s PowerPoint Presentation and that he thought *Primary Care for All Americans* was a great initiative, noting that the healthcare system in America had to be fixed. He stated that he would like to see their local leaders work with their State Representatives to reform health insurance.

Councilor Parad suggested Councilor Lamb watch the video from the Town Council’s September 10, 2025 meeting, at which Dr. Fine gave an informative presentation.

2. Protocol to develop a relationship with the Mashantucket Pequot Tribal Council to help foster communication and mutual points of interest.

Councilor Brunelle provided some background noting that the Community Relations Committee for Diversity, Equity & Inclusion has had this item on their agenda, noting that former Town Council Chairman Naomi Rodriguez had been communicating with some members of the Mashantucket Pequot Tribal Council. She asked whether Councilor Parad or Councilor Lamb would like to volunteer to be their spokesperson, noting that she did not have a problem with taking on that role, if they were not interested.

Councilor Lamb stated that he believed it was important to have a relationship with the Mashantucket Pequot Tribal Nation. He stated that he thought the town should have a relationship with all of the Indian Tribes in their area including the Eastern Pequot Tribe, and the Mohegan Tribe. He stated that he was 1,000% behind communicating with all of the Tribes in their area and to find win-win opportunities with them.

Councilor Lamb stated that the Board of Education had to have a relationship with the Mashantucket Pequot Tribe for legal purposes. Therefore, he questioned the town’s goal to develop a relationship with the Tribe. Councilor Brunelle explained that the

Community Relations Committee for Diversity, Equity & Inclusion goal was to serve as an Ambassador to foster communication.

Councilor Lamb stated the Historic District Commission has been communicating with the Mashantucket Pequot Tribe; and he questioned whether the Commission could continue to do that. Councilor Brunelle stated that the Historic District Commission could continue to communicate with the Mashantucket Pequot Tribe.

Mr. Jeff Eilenberger, 2 Village Drive, Ledyard, noted that the Town was currently in Federal Court with the Mashantucket Pequot Tribal Nation (MPTN) because they were looking to Annex up-to 5,000-acres in the Town of Ledyard. Therefore, he questioned whether the Mayor was aware that the Community Relations Committee for Diversity, Equity, & Inclusion was communicating with the Tribe.

Councilor Brunelle noted that Mayor Allyn, III knew that the Committee has had this item on their Agenda for a long time; and that former Town Council Chairman Rodriguez was communicating with the Tribe and Chairman St. Vil attended a couple of meetings as well. She stated regardless of whether they were in litigation that she thought that they should still reach out to the Mashantucket Pequot Tribal Nation (MPTN).

Councilor Parad questioned Mr. Eilenberger's concern with the Community Relations Committee for Diversity, Equity, & Inclusion's interest in fostering communication with the Mashantucket Pequot Tribal Nation (MPTN). Mr. Eilenberger questioned how long Councilor Parad has been a Ledyard Resident. Councilor Parad stated that she has lived in Ledyard about 12 – 13 years. Mr. Eilenberger explained that there was a lot of history regarding between the Town and the Tribe. He stated urged caution in working to be community oriented because that without realizing it, things may come-up or be discussed during a conversation. He stated because they were in litigation he wanted to make sure the Town's Executive Officer was aware of the Community Relations Committee for Diversity, Equity & Inclusion's intentions.

Councilor Parad stated at the Community Relations Committee for Diversity, Equity & Inclusion's October 15, 2025 meeting that she had reported that she reached out to the Mashantucket Pequot Tribe's Chief Medical Officer Dr. Vora about partnering with Ledyard regarding *Primary Care for All*. She stated that Dr. Vora replied stating that he was interested in helping Ledyard with their *Primary Care for All* initiative. However, she noted that this week she read in the Norwich Bulletin Newspaper an article about Hartford Healthcare and the Mashantucket Pequot Tribal Nation has formed a partnership to build a brand new Healthcare Facility, that appeared to be the first of its kind. She stated there would be some overlap between traditional medicine and the Tribe's traditional medicine as well, noting there would be a room for Drum Circles, etc. She stated because she had not heard anything further from Dr. Vora that it may have been because of this Healthcare Facility.

Councilor Lamb stated while there was history on both sides that he believed that it was important to reach out and to build trust that may lead to some joint ventures, such as grant opportunities. He stated that there should be ways for their communities to come together and find win-win opportunities. Therefore, he stated that the Community

Relations Committee for Diversity, Equity, & Inclusion should continue to work to foster communications with the Mashantucket Pequot Tribal Nation.

Councilor Brunelle explained that former Community Relations Committee for Diversity, Equity & Inclusion Member Councilor Barnes suggested the Town plan an event to Commemorate the town's namesake Colonel William Ledyard and the Battle of Groton Heights. She stated that the actual sword that Colonel William Ledyard was killed by was on display at the Bill Library in Groton, which was adjacent to the museum. She noted that Councilor Barnes spoke with Groton Library Director Ms. Wendy Connell about loaning Colonel Ledyard's Sword to Ledyard for a Ceremony. However, Ms. Connell stated that she did not believe that she could just relinquish this piece of historic artifact; but if Ledyard was doing some type of Ceremony that she thought that she may be able to bring the Sword in its case to the event. Councilor Brunelle stated because of the timing the Committee was not able to recognize Colonel William Ledyard at the 2025 Memorial Day Parade; however, they noting in the coming year that there would be a series of events for the Celebration of the 250th Anniversary of their Country's Independence, and that there may be a way to tie this into those events.

Councilor Lamb stated that he attended the America 250 Planning Committee's December 9, 2025 meeting, noting that they requested the Lamb Family provide a Tractor and Wagon for the 2026 Memorial Day Parade. He suggested they use the Wagon for a display to Commemorate the town's namesake Colonel William Ledyard. He stated that he would reach out the Groton Bill Library to see if they could borrow Colonel Ledyard's Sword for the Wagon Display. He stated that perhaps they could also recognize Colonel Ledyard with some type of small ceremony on his birthday or during the 250 Celebration. He stated that he would try to reach out to decedents of Colonel William Ledyard that may be living in the area.

It was noted that Colonel Ledyard was born in Groton on December 6, 1738; and died at the age of 42 on September 6, 1781.

He stated that this would be another opportunity for the two bodies to work together.

Councilor Parad stated in past years there were some cash prizes that were paid by members of the Town Council. Councilor Brunelle stated that former Chairman Rodriguez and Chairman St. Vil paid for the cash prizes. Therefore, she stated the Committee was going to have to talk about how they wanted to handle the prizes. She suggested getting some sponsors from some of the local businesses to provide donations to support the prizes. Councilor Lamb stated if they were soliciting donations that anyone could donate toward the prizes, noting that if some members of the Town Council wanted to donate they could.
