Subject: Cashman property

To Ledyard town planner.

I was advised to write to you concerning the Cashman property.

I live on Pinelock Drive. I can hear blasting from the property and feel shaking in my home.

I am completely against there being a quarry (or dredging operation) in our town. There would be no benefit to the tax paying residents. Our property values would go down by a lot. The taxes paid by the home owners on my street alone far exceed what the Cashman Co. would pay in taxes to this town.

There already is a stipulation on the books that has been there for decades that specifically prohibits a quarry in this town.

I don't think that this should be allowed, and I know that the majority of Ledyard residents are also against it.

This is our town. We are here because we like it as it is and don't want the charm and quiet of our homes to be destroyed, and for what? Who benefits from this going forward? Certainly not the people who live in this town.

Thank

you.

Kim Autencio.
