Actual award amounts will be made based on the number of approved applications and the available funds in the Neglected Cemetery Account.

In no event shall a municipality receive a grant unless and until the secretary determines, in the secretary's sole discretion, that the municipality has fully utilized or has plans to fully utilize any other funds previously granted to such municipality.

MUNICIPALITY ELIGIBILITY:

Municipality means any town, city or borough, consolidated town and city or consolidated town and borough.

Pursuant to [C.G.S. Sec. 19a-308\(a\)](#) a "neglected cemetery" is:

- a burial ground or cemetery containing more than six places of interment; and
- a burial ground or cemetery which has been neglected and allowed to grow up to weeds, briars and bushes, or about which the fences have become broken, decayed or dilapidated.

Subsection (b) of [C.G.S. Sec. 19a-308](#) relieves municipalities, municipal employees, and agents and officers of municipalities from criminal or civil liability for undertaking the care and maintenance of a neglected cemetery.

[C.G.S. Sec. 8-23](#) requires each municipality to prepare or amend and adopt a plan of conservation and development (POCD) at least once every ten years. In accordance with [Public Act 24-132](#), any municipality that fails to adopt a POCD every ten years shall be ineligible for discretionary state funding in excess of \$25,000 unless such prohibition is expressly waived by the OPM Secretary.

CONTRACT:

Grants will be awarded as a one-year (1) contract.

Municipalities selected to receive a grant will be notified and a listing of selected municipalities will be posted at [Neglected Cemetery Account Grant Program](#).

Those municipalities selected to receive a grant will be required to submit additional paperwork and will be required to enter into a contract which will have a start date and end date. The start date will be the date on which the contract has been fully executed (signed by both the municipality and the state, of which the latest signature date shall be deemed the start date). Only those allowable expenditures incurred between the contract start and end dates will be reimbursable. No reimbursement will be made for expenditures incurred prior to the start date or after the end date of the contract.

These protections cover any tract of land within a municipality that has been used as a burial ground for more than 100 years, which is defined as an ancient burial ground. See: [Historic Cemeteries and Gravestone Protection](#).

If you're planning any restoration, improvements or changes to an ancient burial ground, you must:

- notify the State Historic Preservation Office ([SHPO](#));
- inform any direct descendants of the people buried there; and
- contact the appropriate probate court.

Depending on the nature of the project to be funded with this grant, certain projects may require additional reviews, evaluations, permits, approvals and or certifications, including but not limited to: Connecticut Commission on Human Rights and Opportunities ([CHRO](#)), Connecticut Environmental Policy Act ([CEPA](#)) evaluation, Flood Management Certification ([FMC](#)); State Historic and Preservation Office ([SHPO](#)) review. Such reviews, evaluations, permits and or certifications could significantly impact project costs and timelines. The grantee should only submit applications for such projects when it is able to continue with the proposed project and spend down the grant within the terms of the contract period despite these added costs and extended project timelines.
