Subject: Support for an Ethics Commission

9 April 2025

Ledyard Town Council
Ledyard, CT

Dear Councilors,

We are writing to express our support for the establishment of a Ledyard Ethics Commission, with a written code of ethics.

We understand that Council was approached in May 2024 regarding the creation of an ethics code and commission, and that although time and discussion has ensued, no commission or code has been established.

As you know, several proposed projects recently have raised questions about potential conflicts of interest. Having an Ethics Code and an Ethics Commission would have made these issues clearer and less potentially contentious.

We urge the Council to move ahead quickly to establish an Ethics Commission and written ethics code.
