Subject: LCC Administrative Control

Gary,

I thank you for thinking of the LCC and asking our input. I received a list of the parcels both via e-mail and the hard copies. On both of these

lists, they only cover the properties up to Spout Run. I know there are at least 23 additional properties, looking at the list of Town properties

from 2017. I have no questions concerning these properties with the exception of 81 Vinegar Hill Rd. I would like to see it assigned to the

LCC so we can construct trails within it connected the the Atkinson- Dirlam Property.

I have also noticed that 538R Colonel Ledyard Hwy. is not on the lists. This parcel has a property card listing it as owned by the Town. There

seems to be some confusion over this parcel. I spoke with Juliet, the Town Planner and she also agrees that the parcel is town owned.

Avalonia has just received title to the Pike-Marshall Preserve and both they and the LCC would like to move forward to connect it with a

trail to the Burton property.

I'll be discussing the list with the Commission at our next meeting. I do not believe there will be any concerns with the assignments. I also

plan to attend your meeting next month to assist you in finalizing the list.

Mike
