

Addendum to Engineered Control Operation and Maintenance Plan

Gales Ferry Intermodal
Gales Ferry, Connecticut
September 25, 2024
LEA Comm. No. 45JC206

Section 3.2 shall be amended to state:

3.2 Inspection Personnel

A Professional Engineer will conduct inspections of the Protective Surface and the EC barrier elements and produce associated reporting to ensure structural integrity, function, and effectiveness are maintained (Section 22a-133k-2(f)(2)(C)(ii)). Inspection records may include field notes in a bound logbook, an inspection checklist, and photo-documentation of the surfaces from pre-designated photo stations such that change may be tracked year to year. In addition, inspection personnel will be responsible for identifying immediate maintenance/minor repair needs following inspections and anticipating and planning for longer term requirements (e.g., repaving).

Section 3.3 shall be amended to state:

3.3 Documentation and Reporting

Documentation of all inspections shall be maintained on-site and available for review by DEEP or the Town of Ledyard staff as required. EC documentation shall be submitted to the town within 7-calendar days and will be submitted to DEEP as well as required in accordance with Section 22a-133k-2(f)(2)(C)(ii)(III).
