I am Elizabeth Blau. I have been a Gales Ferry resident for 30 years and 5 month.

I love this area. I love the beauty and the peacefulness of this area.

I'd like to go on record as a tax paying resident whom vehemently opposes the Cashman rock quarry coming to fruition!!!!!!

I don't want the potential health ramifications.

I don't want the noise.

I don't want traffic and it WILL affect traffic. I remember what it was like with the Dow Chemical trucks. It definitely bogged down traffic. To say it won't is seriously being in denile.

Last but not least, my home is my primary nest egg in life. I can't afford my property value to go down because of a industrial site in operation where it has no business being.

I have been attending the public hearings. Im FRUSTRATED that the time is taken up predominantly by the oppositions experts. We the people need an equal opportunity to have our voices heard.

May Thursday November 21st public hearing allow us that.

Thank you.

Elizabeth Blau
