<b>Trumbull</b>	SirsiDynix Horizon
<b>Westport</b>	Polaris
<b>Glastonbury - Welles-T.</b>	Library Connection
<b>Hamden</b>	LION
<b>Southington</b>	Library Connection
<b>Cheshire</b>	Library Connection
<b>Ridgefield</b>	Bibliomation
<b>Avon</b>	Library Connection
<b>Guilford</b>	LION
<b>New Canaan</b>	III Encore
<b>Milford</b>	Bibliomation
<b>Stratford</b>	aha with ByWater Solution
<b>Bristol</b>	Library Connection
<b>Norwalk - Norwalk Public</b>	III Sierra
<b>Wethersfield</b>	Library Connection
<b>New Britain</b>	Library Connection
<b>Middletown - Russell</b>	Library Connection

The above shows the most recent data from the top 25 public libraries in the state for circulation (circulation indicates how busy a library is and how often items are being borrowed). You will notice 11 out of the 25 are Library Connection (LCI) libraries. Only 3 out of 25 are LION libraries and there are only 2 Bibliomation libraries. The other ILS mentioned are standalones which would not be a suitable option for Ledyard.

Right now we are in the larger half of the libraries in LION, but in LCI, we would be one of the smallest – i.e. we would have a large group of big busy libraries to borrow from in the consortium delivery system which would provide Ledyard patrons with great borrowing options.
